## PREFATORY.

**Y**OU have neither the time nor the inclination, possibly, to keep a full diary. Suppose, however, out of the multitude of matters that crowd each day, you jot down in a line or two those most worthy of remembrance. Such a book will be of the greatest value in after years. What a record of events, incidents, joys, sorrows, successes, failures, things accomplished, things attempted. This book is designed for just such a record. It can be commenced on any day of the year, and is so printed that it is good for any five years.

To illustrate how it should be used, suppose that it is begun on January 1. Under that day, in the first space, add the proper figures for the year to the date as printed. On the next day, January 2, do likewise, and so on through the year. When the year is ended begin again under January 1 for the second year, adding the appropriate figures in each of the second spaces, and so right through the remaining years.

Happy New Year!  
JANUARY 1 18

19 Up too late to go to the train for Phil, but he didn't come on at any way, nor did he come on many trains that followed. And

19 so it went all day while we waited, waited. In the afternoon Mr. Mallory took a picture of the tree and myself.

19 Aunt L. & I were in it. Then I fell asleep still waiting. It's a rainy, horrid day and the first of 1919! At last Ellwood,

19 & I went to the station & met him. He's looking well & all that - but, Miss Dace! remember your second resolutions! In the evening

19 we just listened to Phil talk. Oh, I guess for all its bad beginnings 1919 won't be so bad - huh? I'm feeling almost sure!

18

JANUARY 2

19 Late for breakfast as usual. Phil & I went over to the Rays. We asked me if I meant what I said in my letter - I said yes, but I'd resolved to be amiable this year. Then a coal oil store exploded somewhere & every one rushed - such is Bellefonte. Then we got Aunt & went down town. He asked me to wear his big navy cape, so I did. In the afternoon Mary came down and we sat in the big chair in the bay window and talked about men - in general & in particular. Then Minnie came in. Walked home with them. In the evening Tom, Mary, Jack, Gordon, Phil & I went to the movies - W. Karam in 19 "True Blue". We went - all of us - in Gordon's car, & afterward to the drug-store of course. We picked up letters & wit abounded! It's snowing!

JANUARY 3

19 got up quite late & looked around until later when I went down town with Phil in the motor-car. In the afternoon I swept over a letter from Fred telling of Miss Laurie's work in France. I had wanted to help so much! Then I helped Phil hang up a few (?) pictures in his room. And 19 then -! Phil took me for the loveliest motor ride - the country was very beautiful in its blanket of snow. And, oh, he talked just beautifully - the more he talks the more perfect I think he is! (He'd better keep quiet - eh?) But I never believe him when he says he loves me - I told him so & it seemed to 19 worry him a bit - but still, how could he be such a poor idiot? Joe & Scottie came for dinner. Tom & Mary dined in & later we walked home with the

JANUARY 4

19 Stayed in bed because I wasn't "feeling well" + also because I didn't want to go on a sleigh ride with a bunch of girls. About eleven Phil strolled in + suggested

19 I get up + take a walk with him - as I did! (I'd do anything he said) It was a clear cold day + walking was fine. He told me of a dream he had that

19 we weren't conscious and took that trip around the world. Gawie! I wish it could come true. In the afternoon Phil took Aunt L., Scottie + me for a ride, left

19 Aunt L. + took us to see little Mary Carter. It was bitter cold. I turned the car once while Phil's hands were + mine froze absolutely. In the evening

19 sat with Aunt L. listened to some of Fred's letters, + read "Our admirable Betty" - I feel kind of sick at heart and very useless. Wake up!

JANUARY 5

19 Phil dropped in my room before he went + paid me a visit! Went to church - communion - my first this year + I prayed to keep my resolutions - about

19 Phil and about the flag. Then walked down town with Mary + Tom + Jack. They came in afterward. In the afternoon Phil took me + Mary + Tom + Jack

for a ride out Spring Creek. It was very beautiful. Jack certainly kept us all warm with his perfectly ripping remarks. Then we left them at their doors and spent out the state road for a lovely, fast, no-slip drive - alone. Oh it was heavenly!

Phil told me how a girl should be 19 + about M. Swift, + how much he loves me! He agrees with me too, that death is not awful. He certainly is a good brother. Wrote to my big brother + mother. Sent to Mother on "Life"!!!

JANUARY 6

19 Unusually beautiful curls when I awoke but they did not last long for soon after breakfast Phil - in order to wake me up - and I had a snow fight! gawie!

19 got just drenched. He came up in my room to help me dry. Went downtown with Henri - and came home & talked to her until luncheon which Phil & I had

19 over at Cousin Henri's and a hummer at that! Came home in time to dress for a tea, but first he gave me a little gold bug from France that he

19 never given me! The tea was lovely: Cassia, Henri, Mabel, Gordon, Lattie, Jack, Tom & Freddie Baggett. Afterward Scottie & Phil & I took a ride & Scottie stayed for

19 supper. Went to church & society play with Aunt - sweet, but no comparison with N.C.S. - Packed - with Agnes & finished book in bed last night!!

JANUARY 7

19 Up at daybreak it seemed. Said goodbye to dear Aunt L. & Uncle F. Phil & I got on the train and departed. It was lovely, riding with Phil, because he is so

19 adorable. We talked & talked of everything from M. Swift to moulage in fiction. Aunt L. gave us a delicious lunch which we ate with a relish. About six we

19 got to Washington and took a taxi to the Willard. That was a new kind of a ride for us together. At the Willard we had a perfectly scrumptious meal

19 ending with meringue glace! We listened to the music & then walked the streets until time to see "The Royal Vagabond," a new musical

19 comedy. It was splendid. We both enjoyed it. Then we got a taxi & came back here at almost 12. Oh, how I hated to leave Phil, dear, perfect Phil!

JANUARY 8

19 Wake! Awakened by a bell at 6.30.  
just managed to get thru my  
classes without rolling off my  
chair, asleep. In the afternoon we  
19 had no exercise, so I wrote to  
Aunt L, a bread & butter letter and  
then to Phil - to thank him. Oh, I  
simply love my brother Phil so  
19 much! And I just can't help  
telling him how I love him. I wonder  
how long he will love me - or if  
he still does? Study hall - which  
19 I had to keep - just couldn't  
study. Oh, yes, just before study hall  
Mary + I carried my trunk upstairs!  
I unpacked it in 15 minutes!  
19 In the evening I straightened  
out my room. Visited Mary -  
which I'd like to do more often  
but I have so little time. Poor me!

JANUARY 9

19 still "inclined" to be sleepy! Had  
ecories. Miss McD. is sick again.  
In the afternoon we had gym,  
after which I went out with  
19 Edith + Fanny. Study hall and  
church. I just can't get religious  
for Sunday afternoon church.  
Wrote to the family. In the  
19 evening I put the books  
away in the library and later  
read "Lays in Action". It is a  
dreadful book that Miss Van  
19 Gundy told us. I read. It is  
about the terrible sins of the  
poor people in the slums - still  
I hardly blame them under the  
19 conditions in which they live.  
Still wear my little gold bug  
"cogtie" that Phil gave me. He is  
darling & every one likes him.

JANUARY 10

19 I am continuing to curl my hair, to the disgust of a few & the delight of a number. Had lessons. In the afternoon we had sketch class and did Mary Harrington dressed up as a Chinese - darling! Then I got a letter from Mother telling me of Galbraith Ward's death. Oh, God, how sorry I am. He was such a fine, splendid big boy. I pity dear Judge Ward losing both his boys.

19 Studied. Ethel had a Latinian officer calling & she brought him to the door that we might all see him. Got our reports - none is better than last & no better, but three girls are ahead of me now. Oh God, please help me to work hard. I will!

JANUARY 11

19 Helped to distribute the mail after breakfast. Miss Mc D. is back & full of plans for our pleasure!! One is a mandarin club for which I have headed in my name and the other is social evening once a week for the seniors. Then I wrote three letters. In the afternoon wrote three more and mended my clothes. Dyes doing the latter when Martha yelled "Special for Elvira!" It was from Phil and a wonderful letter - oh, I hope I can win the flag - for his sake. In the evening we changed tables - I am at the French again, with a great bunch - Polly Klotz, G.logg, C. Lye, etc. Dancing school later. We are not going to have many ladies.

JANUARY 12

19 Slept beautifully long. Wrote to mother + helped Edith with her curtains before church. Went to long service with E. Miller. etc.

19 Candy in Edith's room before + after dinner until I was just sick. Whole bunch of us did likewise - poor Edith's candy.

19 Once I went to my room, the door closed, I knocked! - no answer, I knocked again - then realized it was my own room.

19 + I walked in! Was cold? Have been thinking of ?? During quiet hours wrote two letters and studied Burns. After

19 supper I went up to Mayb's room. Miss Fay's Barbour spoke to us about her nursing at the Walter Reid hospital.

JANUARY 13

19 Went out with Edith + Sarah, violently learning poetry for an English test on Burns. We also had a French new test, which

19 I did not know! In the afternoon I got another letter from Phil! Jim wearing his insignia today and up the morning let

19 my brother's. Would it weren't! attended to the children's library. Went to games. We have a new teacher. Miss Jones, who is ten

19 years + younger than Miss Wallace, who left on account of her father's illness. We were quite gay + giggly at the French table.

19 Read "Baltimore Occident," a comical story of a sailor's life. Class meeting over in Whitley during our period.

JANUARY 14

19 Went out with Edith + Mayorie  
after making our beds. Had lessons  
halfway. I did not know over-  
well. Dick is doing a picture of

19 me in art, so went up to the  
studio quite often. Like Dick.  
In the afternoon we had

gym. Then, as it was raining

19 Doro + Phil instead of  
going out. It was a birthday  
party. Study hall. The girls  
all kind of make time about

19 my special + the naval incision  
but I don't enlighten them + let  
them go their thundering way.

Worked in library. Study hall. got

19 out of 12 marks which brought  
my report average up to 91. Rep  
it up, Nora! Bunch of us in  
Edith's room tried to compose a song

JANUARY 15

9 Went out with the girls  
and had lessons + did not  
do over well. Dorothy and I  
tried to write a class

9 song but without success.  
In the afternoon I wrote  
home, and went on walk  
with Rock + E. Miller. They

9 talked a lot, ignoring me,  
but I like to get their  
ideas, unnoticed. Then  
Sarah + I went around the

9 grounds to make up our  
time + get 5.00, 7.00. Study hall.

In the evening after study hall  
we seniors had a social

9 evening over in the Whitney  
library with a fire. Miss  
Whitney came + talked + after  
she left we talked until ten.

JANUARY 16

19 Made beds etc and went out with family. Had lessons and a second failure in English! Oh, how I hate English.

19 This year! But later, I made up a pretty little tale to flatter Miss Van Gundy - as I have hopes for a better lesson

19 tomorrow! In the afternoon I got a letter from Phil - today is his birthday. Martha told me at little lunch that I had a

19 letter from the same person as the 'special' - inquisitive! Well, I was feeling bad like after the letter, that when I walked

19 around with M. Dales. I told her all about this cousin business. Study hall - church - at which I learned my part for Act of Ep!

JANUARY 17

19 Made bed - studied spelling and raining. Had lessons - got along very well in Art. In the afternoon I dressed in my black velvet

19 immediately after luncheon then went to school class. We did H. Chamberlain in an evening dress. Mine was one of those

19 impressionistic ones and instead of blowing me up as usual, she praised my technique! Dear, Eclypsis, Mrs.

19 Sleets. Then so called study hall - for we had tea - with sandwiches! and not much studying afterward the mandarin club met. I

19 Caspar to organize. Then Dick, E. Wren and I had some music for ourselves. Class meeting to hear our new song & discuss food & our

JANUARY 18

19 At mail call I got the firstest  
letter from Jack Montgomery!  
Studied a bit and then  
washed my hair at the same  
19 time. Then washed ears and  
proceeded to spend the rest  
of the morning with her,  
manicuring, etc. In the  
19 afternoon I studied, went  
out for an hour with Betty  
Jackson. I don't know her  
very well, but we got along  
19 beautifully. Then I studied  
again. In the evening Mrs.  
Truitt came out to play  
with us. Some of the girls just  
19 couldn't see it and left,  
but those that had imagination  
stayed. Altho I wasn't exactly  
inspired, I had a good time.

JANUARY 19

19 My alarm clock went off at  
daybreak it seemed! No reason  
for it at all! Went to school  
dressed with Amelia - and tried  
19 to ward off Mr. Brown. After-  
ward I wrote four letters. In  
the afternoon, after a rather  
hilarious dinner, for Phil is  
19 away, I read and wrote  
extracts from Mrs. Bradley's  
letters from France. That done,  
I wrote a nice long letter to  
19 Phil - not overlong. Then  
I read "Les Marges". Mr. Bates  
came back and said her Pete  
kisses Phil very well! Nice!  
19 In the evening I went up to  
Maggie's room until chapel  
when I read my paper to the school  
& we elected Miss Hunter <sup>contrary to</sup> school custom.

JANUARY 20

19 up with my little compass  
feeling that comes some mornings.  
Went out with Helen B. Read  
lessons. Wrote thing in English

19 on "Individualism". Then!

In the afternoon I attended the  
children's library after getting  
a letter from Paul. It was full

19 and not at all nice. I  
must find out what's wrong.  
Went to games - did not feel  
over strenuous. During

19 study hall I read "The Pretty  
Lady", a book which Mrs. Van  
told up not to read. It is very  
neurotic & disgusting. Paul &

19 I worked in library. The girls  
will asked me to sit at head  
of table in her absence. Miss  
practised conversation at Whittier.

JANUARY 21

19 Finished "Pretty Lady" at head-  
neck speed. Had very day  
of lessons. In the afternoon  
I read and spent, sat with

19 Edith and Helen. Then went  
to gym. We are learning a  
folk dance - E. Miller is  
our partner. Dressed

19 before study hall and  
afterward, read "The Un-  
pardonable Sin". Have a  
bad headache for several

19 books - drops getting & think  
too much of myself. Library  
and study hall as usual.  
Last night Mrs. Lockman

19 called me up - I was  
awfully glad to hear a voice  
not connected with U.C.S.  
She told me about her son, W. H. W.

JANUARY 22

19 Went out with Edith much against my wishes as it's windy and out come my curls! Had lessons in the afternoon.

19 Swrote to Dad for money and went on walk with Mrs. It was one of Miss Handy's very waddy walks.

19 Altho it was, awfully muddy, I imagine it would be awfully nice in the spring. I resolved some time to take

19 That same walk, alone with Phil. At four Miss Blawvelt gave us a splendid lecture on Alsace Lorraine. Read Polly

19 I worked in the library after dinner. Polly is a dear. Louis had fire in Whitty library. Miss Blawvelt & Whitty teachers came.

JANUARY 23

19 Raining - read. Had lessons, including German Botany. Only got 94 on Psych. experiments due to a very foolish mistake - damn! Got the

19 killingest letter from Maggie. Read until gym time. No church on account of rain - blips! Read and read and read - The Un-

19 pardonable lie is really a very well-worded story of the confusion of the war - not the kind I generally prefer to read but a good one to

19 wakes me up! From six till six thirty E. Winsky and I practiced on piano & mandolite; she is awfully good to teach me this

19 new music - During study hall I copied some of it in a little book. Got a white voice dress from Mother for Sunday dinner. Girls like it.

JANUARY 24

19

After bed making, Sarah & I walked outdoors (under a porch) to learn poetry for English. Had early day of classes. Was during

19

last period of Math, thanking her for the pretty dress. In the afternoon I showed my paper, in case Mrs. Lockwood should

19

come and want to sketch. She made me very happy. Lots in her riding, happy and delightful! We all did good

19

work - especially me! - I mean I. During study, had I finished my paper. After that we had a grand meeting of the orchestra;

19

we all played together marvelously - especially for the first time! Library work and studies for exam first with Eliza then Dorothy

JANUARY 25

19

No mail for me at mail call - too late. Kept M. Bates to get off to Annapolis - even they are almost forgot her gold clippers! Went

19

for a long walk with Miss Bayne & M. Taylor and three others, the worst-looking mess in the school. N & I walked together

19

not because we were pigs but because we wanted to keep our religion! In the afternoon I read & played in Edith's

19

room. Lida has moved over to Wally, later she came in & so on too and kept us gay with her antics. She is absolutely

19

adorable. In the evening I went to the little sanctuary with Polly to hear one of Mrs. Spaulding's talks. I had been told that I should stay at home, I had

JANUARY 26

19 Nice long sleep \* \* \* Helen, Edith and I had a long talk + argument about good + bad going to church, cheating, etc. 19 Then we went to church + heard a sermon on the very same subject!! Strange coincidence, I should say.

19 It was long service - prayed for success in exams. Went with M. Brown. In the afternoon I drew a picture of Edith while she read Wordsworth to me.

19 Wrote letters during quiet hours + slept a bit. I'm feeling very restless, unloved and unambitious

19 tonight. Really shouldn't care if I died! Miss Belauwell translated very clearly the "Beatitudes," but she is so crippled, it's painful.

JANUARY 27

19 At about six M. Bates came in my room for me to turn off the alarm I loaned her! I was as indignant at her presumption

19 that I pretended to sleep. Later I walked up + down the close learning French verbs for an exam. Had two during the course

19 of the morning. In the afternoon I got a card from Beau Lurral, "he's still safe! Thanks you, God. Went on walk - found "Bryans,"

19 a head off a little girl's bonnie muff - I tried to make him a pet. But lost in Dottie's room. Miss Belauwell gave a last lecture - on

19 Russia, making the situation there very clear. Studied, had senior song practice etc, etc. I wish I'd get a letter from Phil.

JANUARY 28

19 Walked around with Edith learning poetry. Had easy day of lessons. Started the girl from Albee. At little lunch I got a German helmet from Beau. It is a beauty - all camouflaged and bloody. Beau is an angel - brother all night. In the afternoon I got a check from Dad - oh, what a blessed family I have. Also a letter from Phil but I didn't like it and decided to say "good-bye" to him! But I changed my letter - tore them up. Father & Mother got a German helmet too, only a true Beau officer's one - mine is the real thing. I routed out my little German helmet trunk - it just fits Bruno - The Beast of Berlin.

JANUARY 29

19 "Oh how I hate to get up in the morning." Got excused from exercise + chapel line. Had. Lessons + exams - I'm getting callous to them! Got 98 in Plays? In the afternoon I attended to the children's library + got excused from games + study hall + stayed in my room writing letters. I wrote a long one, saying good-bye to Phil - I hope he takes it in the right way + doesn't think me silly. Please! After dinner Miss Mc D. asked to see all seniors who had read "Pretty Lady" or "Unpardonable Sin", which I had heard about thru that damn Jean's plans of secret meetings. The whole class went + she spoke wonderfully. <sup>all the time I'm glad I read them</sup> I guess Jean's kind letter thing.

JANUARY 30

19

got exposed again and got  
among the teachers in chapel. Had  
exams - especially a paper. Very  
just before lunch on 'dear old  
skinny-bumps' came! Bless

19

his darling heart - I was up &  
the only one glad to see her. Gosh,  
how popular she is! In the

19

afternoon I got exposed from  
- everything. Visited gym  
class with Skin. Then I went  
to my room to write but Skin

19

came in and I thought I'd  
play the class song for her - but  
Mrs Mc D. didn't think the same!  
Read + slept! While returning to

19

chapel. After study hall at  
night we had our "social" in  
clubby + passed marshmallows  
in the big fire + sang to my mandolin.

JANUARY 31

19

after bed-making, I went  
out with M. Bates learning  
spelling for our class. Skinny  
went up on the platform with  
us at chapel. Had lessons. In  
the afternoon I dropped my  
velvet, went to sketch class, but  
couldn't work very whole-hearted.

19

Later Mrs. Lodenwood dropped  
in to see me. I was awfully  
glad to see her - she is the only  
one I know in Washington. Tried

19

to study a bit. Went to the  
orchestra meeting - it gets more  
& more interesting. After dinner  
we practised our song in the  
dining-room and after study  
hall, had a class meeting. After  
light bell, Skin "smile" in and slept  
with me all night! How we talked  
+ how I love her!

## MEMORANDA

Jan. 30.

- 19 Oh, God, you know how I  
could sleep, sleep, sleep until  
my very life was swept out of  
me! But I must not do anything  
19 so selfish as that, instead I  
shall write it down, each word  
or burning tear: Not feeling well,  
was excused from study hall  
19 and in my room. During dinner  
visiting from Vacca's came in and  
brought out my mandolins, dear  
dear beloved instrument of joy  
19 and was playing our class  
songs to her mother - Miss M.D.  
opened the door & demanded what  
I was doing. I told her and she said  
19 that wasn't a very noble way of  
spending my time when I was ill.  
Oh, God, you know how I love her  
& want to please her! Why can't I?

## FEBRUARY 1

- 19 Skip and I slept beautifully together.  
She left soon after bell. After mail  
call at police. Got my hair cut. I  
settled down and studied for 2 hrs.  
19 Then I manicured my. Soon after  
lunch on a special carload of us  
went to see "Going Up". Dined  
with some friends & Skip. It  
19 was awfully good & I ache from  
laughing. Then, home, we lapsed  
with trembling fingers to dress for  
our dinner - the Lewis Diner. It was  
19 delicious, our song went off well &  
every one like her verse - mine was  
"Elizabeth's baby looks, but who is from  
us, she gets third the books". Which vacas  
19 say, I? Had on my new white dress  
& looked really pretty!! Afterward we  
seniors talked in Whitley library & sang to  
lick on piano & me, with mand. Happy

groundhog's day - clear!

FEBRUARY 2

19 Beautified myself in haste before breakfast. Afterward I had hardly time to say good-bye to dearest Jimmy before we went

19 to church - short service - I, with Edith. After that I mended my father's suit-up my room & did everything I had to do

19 generally. In the afternoon May & Edith came in & talked until quiet hour when I wrote a letter and settled down on

19 the bed to finish my work.

After supper I went up to May's room. At chapel Miss Mc D. spoke wonderfully to us of General Wilson's

19 life. He died last night. was member of board of trustees besides our faithful friend. Dear little Fie's grave was at chapel. Dear little and <sup>how glad we</sup> <sub>all were to see her</sub>

FEBRUARY 3

19 Another Monday! Went out with Edith. Had lessons. Started zoology. In the afternoon I got up letter from Phil - he

19 at least is obeying me and I am glad. Attended children's library and went to games. They really didn't seem so

19 bad today. I suppose because I tried to put my heart in it. Then I ate up the last of Maudie's cake and

19 wrote to Mrs. Hartman. Mr. Vincent gave a splendid lecture on Stevenson. Immediately I got the "Inland Voyage" to read!

19 At chapel Miss Mc D. spoke of work. I put my hair up in the disappearing knot way and it really looked very pretty. Really!

FEBRUARY 4

- 19 Rain! Had lessons, in the afternoon. I got another letter from Jack - this time he's my "admirer"! They thinking to get this with my duties early, I went over to the bank, but, alas, Mrs McD came by and questioned my being there. Such is the life of Miss Nora, indeed, she was almost home-sick today, but she played us to relieve her. Gym. But my hair up high again. Couldn't study today, sleepy. At six the Drs. had a joint meeting to discuss having men at the dance. Made to my great relief, we decided not to have them - if Miss McD agrees - I pray she does, for I couldn't get a man by the skin of my teeth - unless he might have a beard.

FEBRUARY 5

- 19 Made bed, went out with Mr. Moore. Had lessons. Miss McD. came to study, dining-room once more for luncheon - I sat near her. In the afternoon I attended the children's library and had more fun than usual because several of the older ones stopped and talked to me. Then I went by walk with darling Muriel. She is absolutely the most adorable and at the same time most entertaining and attractive young girl I know. At four Mr. Vincent gave a second lecture, on Thomas Hardy - good but not so excellent as Stevenson. Betany lab. - drew heads of grasshoppers - ugh - fun! Wrote three or four. Senior sociable <sup>inasmuch as</sup> mandolins.

FEBRUARY 6

19 Went out with M. Little studying French poetry. Had lessons. In the afternoon I got some news clippings from Mrs. Lockwood and

19 - a letter from Phil - at first I was afraid to open it, but as soon as I did I found he had not yet received my last one. Then I met

19 and with Edith + Dora, etc. Before going to gym I wrote to "ma Chère famille." Read "Sentimental Journey" and went to church;

19 tho it did me no good, dumb, dream, as I planned, new decorations for the parlour room there it all. In the evening I attended library +

19 laughed with the rest of them at Maxine's short dress until she was sent to Mrs. McD. Wrote a long paper then in the evening. Pray for it!

FEBRUARY 7

19 Made beds fresh, went out with Edith + Fannie. Had easy lessons, and studied some for Monday. In the afternoon I

19 hurriedly dressed in my coat with my hair, à la mode. Then I went to an athletic meeting, after which the sketchers did business

19 Beebe - I did well. Then we went to tea - the sisters having the sandwiches + cake from Mrs. McD's tea. After that I got my report

19 I was quite disappointed with it but every one is - with, here. I must work, tho. Then the orchestra practice came off very well in the

19 evening I attended library, helping Mrs. Gay. To find last books! At study hall I sat there, as now I have no lessons to do tomorrow!

FEBRUARY 8

19 Whistling breakfast bell rang 15-  
minutes too early! Soon after  
mail call a group of us - a ruckus  
this time - took a walk with

19 Miss Bagewell - we went to the  
gas and had a great time  
there. Oh, yes, it's springing and  
the world is beautifully white.

19 Then Edith Adams came over  
and she + Edith de B. + I har-  
monized with my m. In the afternoon  
I wrote some letters, mended

19 clothes, shined shoes etc while  
Edith + I gossiped. Then we  
sang some more + I began to  
try to play m. In the evening we

19 had the last dancing class  
and really enjoyed it. After  
that Edith and I sat under the  
stars, producing startling effects

FEBRUARY 9

19 Oh sleep, beautiful sleep! At  
breakfast, we ate double because  
just half of us were there! Then I  
cleaned up my room etc and

19 started a letter to mother. Short  
visit with E. Miller. Bishop  
Reicher preached that material  
things don't count - just suited

19 me after mid-years! In the  
afternoon Polly Kats came over to see  
me. We sang with Edith for a  
while then talked - she wants

19 to be an actress. Wrote to Beans  
and then settled myself on my  
bed and softly played my  
m. to Phil. I wonder if he

19 heard it? Hope so. In the evening  
I dyed Polly's + Marcello's hair.  
At chapel Mr. Warton spoke of the  
great parish of little St. Albans.

FEBRUARY 10

19 It snowed low late Monday.  
After bedmaking I went out along  
studying pencil verbs. Had lessons  
in chapel we had a R.C. meeting.

19 In the afternoon I got no mail.  
rather dreary day, indeed. Attend-  
ed children's library and went to  
games, actually on time - only

19 instead of games we had a  
walk thru Camp Leach, I went with  
Kath & Liz. Then visited Edith.  
At Mrs. Vincent gave a

19 splendid lecture on J. M. Barrie.  
Read some of his works. In  
dressing period wrote to Grandma  
instead. At evening chapel the girls

19 of my scarf caught in Liz's button  
and there we were - chained - with  
Miss W. coming down the aisle towards us!  
Her presence found brought us to my side.

FEBRUARY 11

19 Went outdoors with Edith & Sam.  
Had easy morning of classes  
during which I started "The  
Love of an Unknown Soldier."

19 Mrs. Webster came for luncheon  
with us instead of Miss M. D.  
In the afternoon I went with  
Edith & Edith and then had a

19 feast in the former's room.  
We had games, after which I  
dressed for dinner so that after  
study hall I wrote my theme

19 on Barrie. In the evening after  
dinner Miss M. D. spoke to us  
very convincingly on "How shall  
they expect us to behave when

19 away from N.C.S.?" Then she got  
horribly mad because when  
asked, no one got up & spoke their  
opinion. We are treated like babies.

Lincoln's & Gramma's Birthday!

FEBRUARY 12

19 Walked around with Kerr and studied a bit. At chapel Miss Mc D. read about Lincoln. Had lessons. In the afternoon I went

19 to the children's library and to games. Then I slept and wrote to my Valentines. At four Mr. Vincent gave his last lecture - on Swift,

19 Johnson, and Burns, but I did not enjoy it for just before I got a letter from Phil which made me miserable - he took my last letter

19 all the wrong way and called me ungrateful, etc. etc. I simply had to answer it and explain - and apologize. Oh, Phil, please love me,

19 In the evening we changed tables. The Fayins and I are still at the French - with a very nice bunch. After study hall, still sociable.

FEBRUARY 13

19 Bad night after yesterday's mail headache, etc. now. Went out with Kerr. Had lessons. In the afternoon it began to rain so I mended my

19 clothes, etc. until gym time.

Dressed for dinner. No church to interrupt study hall - studied Monday's lessons, too?

19 The lights went out causing excitement. Any little thing causes excitement around here - positively the more so of

19 the place gets almost unbearable - especially during the winter term. In the evening I borrowed Moses's razor

19 and shaved me under my arms! It was the first time and like it immensely - I don't know if Ma would, but then, in growing up

7 valentines.

FEBRUARY 14

19 Went out and had lessons. In the afternoon among my valentines I got #3 from Dad. We, sketch classes, hastily got ready to go in to the art

19 Gallery with Mrs. Ketch to see an exhibition of American Paintings, such splendid exhibitions make us, amateurs, want to do so much

19 and get some way far ahead it is. When we got back I went to my room & dressed and went to the "orchestra" at five thirty. I wore my

19 evening dress from Aunt May. Just before supper I managed to get all of a 2 lb box of candy from John out of the office. After a delicious Valentine's dinner,

19 the Mrs. & Mrs. went to the gym to a splendid dance. I went with J. Gilbert, but got along splendidly. Good food, favors (and paper weight for me) peppy music. <sup>especially</sup> liked to dance!

FEBRUARY 15

19 Soon after mail call I was informed of a call! It turned out to be Weedia Nichols! - with 2 little day pupils. We chatted and had a pleasant visit. As they

19 left I encountered a darling officer, Lieut. Cupland, in the street! Soon, Mrs. Rogers took Steb & me & some others for a walk, we got lost & went miles - my

19 poor feet! In the afternoon I went to the theatre with the school to see Cyril Maude in "The Saving Grace" - it was perfect - I haven't enjoyed anything

19 as much for a long time - I think the "S. G." is love. When I got home my feet were so sore that I went to Miss Meyer & have them fixed - huge blisters. So,

19 after dinner I was rescued from dancing & wrote a letter to Mr. Severely in answer to a splendid one I just got. Later, Edith and I played & sang.

It's so glad when I'm so much more  
where I'm really is at last!!!

FEBRUARY 16

19 Nothing about our very poor lamp  
foot. I got up from church.  
Wrote to the family and cut out  
at me jokes etc while Edith came

19 in it helped. We both partook  
generously of John's candy. Then we  
sang, + sang. In the afternoon I  
wrote to Beau, played for

19 family and then slept! In  
the evening at chapel the girls  
also studied India, spoke they and  
the alumnae with us spoke too

19 about this work - E. Linton, R.  
Bailey and F. Campbell. Later Martha  
told me she had seen Phil's Mrs.  
Swift in New York - I hope Phil's

19 safe! after taking a bath on  
one foot, I wrote in Edith's  
room + found her crying, but why??  
Miss S. told me to stop my music - as I

FEBRUARY 17

19 Still lame - it's really lots of fun!  
Studied while others went into  
chapel. Had lessons, the 'Martha'

19 almost wrecked them all by  
telling me of a letter from Phil.  
When I did get the letter in the  
afternoon I found it to be  
very nice but not like the

19 kind he once wrote - I don't  
know what the matter, but  
I do know if I criticize him  
he won't love me - therefore

19 I love him simply. Wrote  
a small letter during recreation  
period. Study hall. At the table  
we got to telling disgusting

19 jokes, also later with the  
Oates bunch - would Phil  
like that? Oh, I guess I still  
love Phil very much, dear brother

FEBRUARY 18

19 Last night after light bell Margaret  
came in my bed and we talked +  
talked about Pete + Phil. In the  
morning I got up and read

19 before lessons. In the afternoon  
I got a letter from Kate, mentioning  
a "for sale" sign on our house! What  
does it mean? I wrote a letter +

19 visited gym class. Studied. (?)  
In the evening I put my hair up  
extremely high. We had  
early study hall and after it, Arch-

19 deacon of Worcester, Eng. spoke  
to us about England's praying in  
time of war. He said there is the  
prayer that wants God to come

19 to his side and the other that  
wants to be on God's side. He  
explained it beautifully in his  
wonderful, English English!

FEBRUARY 19

19 Went out again after my vacation.  
Had lessons - got only 85 on my  
psych. paper, a very low mark in  
comparison - why is it? In the

19 afternoon I got up and  
wrote to mother, then I manicured  
in Edie's room and dressed. Had  
Botany lab - Miss W. in a bad

19 humor, but enjoyed it never-  
theless. After dinner we had a Playin'  
club meeting in which we were given  
our parts for the Easter play. It is

19 to be scenes from Shakespeare -  
from Ome Balleu. After study hall  
we had our senior sociable with  
marginal laws + music - the latter

19 by light me on our marionettes,  
the former from money for us Sam,  
Mae's fiance. Great old party  
stopping at ten. I'm happy!!

FEBRUARY 20

19 Made bed etc and went out with Edie & Dorothy. Had lessons. In the afternoon I put away my laundry and having failed

19 to get excused again because of my bell, I had to go out with Nora & Edie. Then we had gym with Miss Jones as Miss B. B.

19 away and we really had fun. After which I slept. After study hall, church, where I learned my poetry for tomorrow! Then E.

19 Wins kindly practices with me on my mandolite - but I am so stupid! After dinner we in turn read our parts to the rest

19 of the Players' Club. Determining and M. Moore is a great partner. Edie comes in a little, too. At night I practiced & practiced on dear M.

FEBRUARY 21

19 Snow! After making bed I went out in the "storm" with Nora. Had lessons. We have now assigned for Monday on account

19 of Washington's birthday. In the afternoon I dressed in my velvet and practiced with the club until tea time. Then I served

19 tea with Jessie & F. Barnes. It was great fun and we were indeed very dignified visitors! Because so many visitors were

19 away on week-end, it was very informal. In the evening the orchestra made its debut successfully. We played for a

19 moving picture Mrs. Callen got, called "The Volunteers". Everything was lovely and lasted all 10.45! We really outdid ourselves!

FEBRUARY 22

19

We were allowed to sleep 10 minutes longer, but Whitty bell rang at the usual time - "a-ran!" After mail call I worked in the

19

Library forgetting time until had to run home + wash my hair. In the afternoon I helped the girls decorate the dining room

19

and then read "The Rough Road" in solitary bliss. Oh, joy! All afternoon I remained thus.

19

In the evening we had fairs at the table of Washington's hatchets with colonial period names on them - mine was Sigurd Carton. In the gym later the

19

girls of Miss Van Gundy's southern mts. mission class gave a funny little play, but I was glad at last to get back to my book.

FEBRUARY 23

19

Slept until 8:45!! Oh, joy! Oh, by the way, I forgot to mention that yesterday while I washed my hair Phil called me up!! "Just my luck!"

19

I wonder why I forgot to put it in here yesterday? Well, I wrote the family scrip weekly and to Weber's store before going to long service

19

with - M. Mundsville. In the afternoon I contemplated reading the "Rough Road," but had to write a speech for tonight and then go

19

to a Victory Service in the chapel for all the girls' schools in D.C. I suppose it was a wonderful service but I'm getting called up to

19

them. In the evening we had a memorial service for the girls who have died. I spoke of Wendell Marshall, but did not do her justice.

FEBRUARY 24

19 Last night I put my light in the closet & sat in there & read! Great life! Bishop Snowden spoke to us at chapel; he is very charming.

19 Had unprepared lessons, but even then it was a blue Monday. Got a letter from May Curtis! The first since last spring! This

19 to be married! Attended children's library & went to games. Then ate cake in Sarah's room. At 4:30, the seniors met Mrs. Joseph Daniels at tea,

19 after which she spoke to us most beautifully about the women's part toward the men - decent dresses, etc - to live for the men. I must live purely

19 for Dean, Fred & Phil until I find the man for whom I must live forever. I finished "The Rough Road" - it was a lovely story & I was sorry to have it end.

FEBRUARY 25

19 After I made my bed, I went out with Fannie, endeavoring to learn French verbs, but I seem to grow stupider every day. Had lessons.

19 At luncheon I sat beside Miss Wood, but like a little fool, I didn't have anything to say. In the afternoon as it was raining

19 no exercise I wrote a long letter to May Curtis. Went to gym class. Study hall. Read some representations about

19 stories by Poe, etc, etc. After dinner there was a P. C. meeting. Today is dreary & raining and I got no letters

19 and altogether I'm feeling very lonely & cheerless. Played to myself on the mandolin. I love that dear instrument.

\*

FEBRUARY 26

19 Oh, how soft & comfy was bed  
"le matras"! Got excused from going  
out and had lessons including  
two exams. Hummed flat. I

19 suppose as I feel like Lazarus's  
ghost. In the afternoon I got a  
letter from Mother but no ex-  
planation about the "for sale"

19 sign on our house. Went to the  
clubhouse's library - quite flourishing  
there today. Got excused & wrote  
to Mother and - slept! Oh,

19 blissful sleep! In Zoology  
laboratory we cut up a quack-  
trapper's face. Soak apart! In  
the evening I practiced for P.C.

19 with Marian Moore, attended to  
the library and then crammed Psych.  
with Liz! We had our fire & many  
marshmallows & I played. Tired.

FEBRUARY 27

19 I think I have gripped! Pleasant  
thoughts! Especially with a paper.  
Here. Got! That I am nearly  
finished me - I am sure I finished

19 it. We had up senior luncheon  
on account of the vacancies made  
by the people who was to see the  
parade in boys of Illinois. Here

19 at school we could see  
more than a dozen gas planes  
flying around. Got excused  
and after visiting again, I settled

19 down for a "long winter's  
nap" and got a blissful one,  
not waking until 6:15 when  
the girls returned from church.

19 In the evening I was studying  
spelling, when they made me go  
and recite my part for the P.C. -  
I was mad - for I felt so much like

FEBRUARY 28

19 I won the first period - Art-  
 was called to the telephone - Phil!  
 ges! it was wonderful to hear not  
 only a man's voice, and a brother's  
 19 voice, again - but Phil's voice. He  
 is en route for N. Y. but will stop  
 & see me on the way back. He is a  
 lieutenant now! Bless him. My whole  
 19 day was happy after that and  
 when at sketch. Later, we painted  
 for the first time in oils! mine was  
 actually almost good! We did  
 19 Charley Caldwell! Then, marvel of  
 marvel, we had tea! At the end  
 the seniors had sandwiches & lots of  
 fun. Oh, yes, I forgot to say I got the  
 19 highest mark 99, in Psych! And  
 I was sure I had flunked it!!!  
 During evening study hall I  
 corrected spelling papers for Miss Van.

## MEMORANDA

19

19

19

19

19

MARCH 1

19

Oh! after my happy day I had such an awful night - I guess I have the flu and certainly feel bad. Slept all morning when I should be darning & mending. In the afternoon I went to Miss Meyer and got a dose of oil in a most barbarous way. Then lay on Kate's bed and she amused me by taking all the dresses out of her closet & cleaning up! Slept awhile on my own bed and then Edith & her darling sister who is spending the week-end here with her, came in and I managed to play a little on my re. In the evening - dinner - awful bore - M. Oates came in and read mystery stories to me, then we talked & talked about Pete & Phil.

MARCH 2

19 al-most late for breakfast.  
Miss Meyer excused me from  
church with little to say, but a  
lot of pills - or Pills, as I wrote

19 in Mother's letter!! wrote a  
few letters and slept. In the  
afternoon I met a little blind  
girl visiting papers took her  
around to feel the statues, etc.

19 was pathetically wonderful, es-  
pecially when she played the piano.  
Then I mended my clothes  
and straightened my room a  
bit - read much letters too very  
coarse. Read poetry & slept.  
Sleeping seems to be my main

19 trick lately. In the evening  
after a short chapel service  
I played my mandolins in  
Fannie's room. She liked me tonight.

MARCH 3

19 Monday morning - intended  
to write a theme on that  
subject in English and believe  
me! my heart was in it!

19 Lessons actually were over.  
In the afternoon I attended  
children's library and then  
got excused from exercise - my  
cold this time!!! and wrote  
a birthday letter to old Beasley.  
Slept and woke up with a  
fever in time to dress in case

19 Phil might come - but  
instead I got a darling letter  
from him saying he couldn't  
just now. Studied a little &

19 read much. Attended big  
library before study hall and  
after it went into Dottie's  
room for some cake. Yerrine.

MARCH 4

19 Went out with Edith. Actually stopped work on the list of sick in art class. In the afternoon I got accused and wrote quite a plausible letter to Phil, then visited gym class and afterwards dropped in my black velvet + put my hair up "disappearingly" study hall - finished "Sentimental Tommy" and started "Tommy + Grace". At dinner we had the big Mardi Gras pancakes and I, poor in love me, got the "thumble". Isn't that awful? However, many of the girls told me not to worry! After that we went to the gym and danced! to real music - no study hall! I danced + danced and had really a wonderful time! <sup>went with P. & L.</sup>

Ask Wednesday.

MARCH 5

19 Went out with Edith - led her to, think, Jim engaged - do you! Had first three classes then we went to church - the canon spoke to us like babies + I had a raging headache, but I prayed for success with flag - oh, God help me! Then Miss Mc D. spoke to us about our tests etc. Rain - no exercise wrote + read. Rotary Club, after which came grutch, 19 w. of Serbian ambassador told us Serbia's story in wonderfully melodious English. In the evening practiced F.C. After study hall we had a sup. meeting at Whitty - I am on the "wild" committee for commencement. Toasted marshmallows + talked

MARCH 6

19 Went out before I made my bed, with Fannie. Had lessons in the afternoon I had expected to get a letter from F. but because

19 I love him so much today! But no letter - no matter! He's busy. I resolved to tell Mother all about it soon! I read "F-

19 9" and visited gym class. Then I went to Miss May's for a dose of salts - ugh. Studied frantically on English.

19 Went to church, but as usual it was merely a church service to me - I tried to get the Lutheran feeling, but could not. At

19 the dinner table, I kept making the most inane remarks that nearly made me blush - guess it was the effect of the salts!!

MARCH 7

19 Went out with Edith + Pers. Had lessons. In the afternoon at sketch class we tried a new style - old Dutch - and did

19 D. Cunningham in a dark room before a window. We used a plumed new paper. A little bit of study hall.

19 I dressed in a jiffy and went to the recital by the girls - piano + singing. Quite good. Then I read, read, read

19 "F + 9" until I finished it. I was much affected by it - I see what makes it a popular work. Would I could

19 do that! Feeling rather hapless, tonight - Edith said it was the blues, but I had called it something more artistic!

MARCH 8

19 goodly breakfast of hot cakes - kept  
give out the mail. Then Mrs Peck  
spoke to those who went to Brown's  
after the theatre some time ago -

19 was one, but did not know it  
was wrong. Worked in my room,  
patching clothes. In the afternoon  
polished shoes, nails etc and fixt

19 my memory book until time for  
the first senior tea for the faculty.  
It turned out to be very pleasant.  
I told Miss Mc D. of Miss Mason,

19 a common friend of hers and  
mother. Then, Peck & I left for rock-  
stra practice. After dinner, a delight-  
ful young French officer, Capt. C. Bui-

19 Elier, talked to us of his dear  
devastated France and showed  
us pictures of his home & others.  
He gave some charming tributes to his

MARCH 9

19 after breakfast Jean Mac Bain  
tempted me into getting secured  
from church on account of my  
"cold." I did - and cleaned up my  
room generally, all morning &  
wrote to the family. In the  
afternoon, I kept Edie finish up  
some cake. We talked and I

19 found she is a rather poor human  
soul who thinks "no one under-  
stands her" etc. Then I wrote to  
Fred. and read "John Halifax,"

19 Gutzmer. The clouds behind  
the Cathedral, lit up by the sun, were  
glorious and I sat watching  
them, fascinated. In the evening  
dear Deaconess Goodwin spoke  
to us about "Christ for the World."  
She is a wonderful example of  
pure womanhood. God bless her to  
follow

MARCH 10

19 Went out with Edith and my dear friends verbs. Had lessons. Since some of the girls called me childish etc because I don't use

19 my bracelet saved off - to play basket ball! In the afternoon I attended children's library and went walking with Dotie - reminiscing

19 of Cuba and the south, Oles them, I wish I were there now! Study hall. I got a sparkling letter from Beaurey. She is not coming home

19 very soon. In the evening I went to the library, nothing much doing. In study hall, however, the excitement began - Jean was missed &

19 found asleep in his room since six o'clock, and they could hardly wake him. There is an epidemic of sleeping sickness near here. So this it - we'll see tomorrow!

MARCH 11

19 Left my pen in the other building so I wrote tonight with the old, old gold pencil Gramma gave me. Went out with Fanny. Had

19 lessons. In the afternoon I went to the bank, walked around with "Liz" and went to gym.

I got a letter from Phil - a nice one but I think I am kidding. I only actually love him now. Brothers. I am no longer so excited about his letter as I was.

19 Wrote to Beaurey after study hall. In the evening I attended the library and studied psychology with "Liz". Later Edith tried to

19 hunt me by not asking me to her room, but we made up before many minutes. Washed out some hairpins - my cold was bad!

MARCH 12

19 Went out with Herr carrying  
our "bags" for geology. Had lessons.  
In the afternoon we went to  
games at two and at three  
19 assembled in study hall to  
hear Mr. John Galsworthy. He  
read three of his short stories  
to us in his wonderful voice  
19 with English accent. He is  
very fascinating and has the  
youngest face for a man over  
fifty. He twinkled solemnly.  
19 At Botany lab we continued  
to dissect pine locusts. In the  
evening we changed tables. Dined  
at Miss Foster's - poor stuttering  
19 dear - with a semi-good, bad.  
In the evening I read and later, by  
the fireplace we had a class  
meeting to discuss senior duties.

MARCH 13

19 Went out with Dorothy had  
lessons, but didn't finish one  
of them - studied and yet!  
In the afternoon I went out  
19 with E. Miller - walked  
right across the grass under  
Miss Mc D's & W's very eyes!  
Congratulations, Nora! Then  
19 we had gym, after which  
I dusted. D. writing study hall  
I read a lot and studied a  
little. Went to church and I  
19 got a little into the church  
spirit, more, however, into the  
spirit of the basket sweeper's  
route next year! Attended  
19 library. After study hall  
with came in for a mandarin  
lesson. Tried to help Fannie Belle  
write a theme, but was not over 900.

MARCH 14

19 Discovered I'm cutting a wisdom tooth!! Went out with Dorothy after bedmaking. Had lessons. In the afternoon I slept for awhile! - then went to sketch class - we did Saltie in the manner of the modern Dutch. Mrs. Fleet liked mine until she thought I'd done something she said not to do - and really, she did it herself! of such is an artist.

19 Then I actually studied so I won't have to work tomorrow. Collected library fines. After evening study hall Margie Gammack asked me to come to her room - I did - she had a whole trunkful of cake, jam, candy, etc! Bliss, perfect bliss!

MARCH 15

19 got a very full letter from Mother, dear. Says I'm to go to Aunt L. &? for Easter. Then I went to the library & helped Miss Gundy straighten up the books all morning.

19 In the afternoon Mrs. Fleet took Lick, Jack & me to the Corcoran to see some splendid water-colors and then to the Arts Club to a reception. There we met lots of artists and saw two of the most attractive men I've ever seen - artists, Baker & Seefeld. The latter short & Spanish-looking, the other tall, meanly and devil-looking. We had tea there. Lick & I went mad over those two! In the evening Lou Mc. Devine sang to us - her voice is most glorious. I am feeling most artistic tonight and very sentimental. I love, love! I must be an artist!

MARCH 16

19 Steb and I ate and out-ate each other on rolls. Went to church with Edith - uninteresting short service. Then I patched

19 some more clothes in Edie's room while Dottie played my in. Wrote the family semi-weekly. In the afternoon I played in, wrote up

19 my psychology paper and wrote to Aunt Anne and then a very long birthday letter to Mother telling her about dear Dr. Phil and everything.

19 I'm not sure if I'll send it or not. I should like to - but what will she think? I went to the store to buy her some candy for me.

19 In the evening Miss Gibbs gave us St. Patrick's history, quite uninterestingly. Then I had some delicious cake in Edie's room.

MARCH 17

19 Went out with Kerr + Steb. Had lessons. In the afternoon I attended the children's library - one little girl gave me some candy. Then I

19 went on walk and learned my Play's Club part during it. It is a marvellously springy day. Then I dressed for after

19 study hall, we had a Play's Club meeting - our play is to be in two weeks & we are petrified! After

19 dinner Mr. Conant played while many of us knitted for the Red Cross. All evening I read "John Halifax" - it is

19 intensely interesting and horribly thrilling - why do people read dime novels when they can get the same, written well?

MARCH 18

19 Went out with Edith after breakfast, at which I made a list of an apple with, etc. that she would get three letters today - and later it proved that she did! Coincidence! Had lessons finished my book and got 93 out of the library. In the afternoon 19 I went out with Fannie & Edith and had gym. Fannie showed me a Yankee's naval uniform and about a coquette! Dear 19 Fannie! Study hall as usual. In the evening after dinner the Play's Club came over to the gym for a rehearsal. My scene was lost and rotten - absolutely. I am so discouraged I don't know how to think - still no one has practiced with us much.

MARCH 19

19 Went out with Steb. Then Maria, Edith and I practiced our d-scene. Had lessons including zoology exam and got back our psych. 19 papers. I got 92 highest - 93. In the afternoon I attended the children's library and went to games where we played base-ball. 19 We were allowed to come in early because it's cold, so I wrote the family and sent off, also, that letter I wrote to Mother. 19 At 3:00 P.M. we cut out the digestive system of the locust! Studied. After dinner our scene rehearsed with Mrs. Pennington - she is quite 19 discouraged still, but we are improving. Afterwards, at our study sociable over time we had real chocolate layer cake! Fannie!

MARCH 20

19 Happy birthday Beau across the sea! Went out with Mayne + Salt. I hardly ever see them anymore + I am sorry. Had lessons. In the

19 afternoon I went out with Edith during which time she told me I was conceited! I wonder if I am! Then we had gym.

19 In the gym class just before one of the girls put her knee out and fainted. Study hall and lunch. I no longer enjoy these

19 afternoon services. Even this today remembered Beau's birthday after dinner - and sat beside Mrs. Foster and found Intermediate

19 Jacqueline was a better talker than I! - we practiced our scene, which we can't do and I hate! I hope we make it a success, tho.

MARCH 21

19 Spring! We are allowed to go without spats! Went out with Marion and our scene! Had lessons. In the afternoon I

19 hastened around getting material together for the class to make cards for our picnic tomorrow. Then I went to sketch

19 class, we painted M. Coupland in oils - I like oils, but not as much as pastels. After study hall, there was the orchestra

19 practice. I did not have time to dress for dinner! Today is Edith's birth day and she got some candy and when I asked her

19 if she'd give me some, she got very mean and made me ugly. Perhaps I asked too often - well, I shall never ask her again, even if

after the dance Jean MacBain came in my room  
\* MARCH 22 <sup>we talked & talked.</sup>

19 Happy birthday, Walter darling!  
you got my letter today - how do  
you like it? After mail call, I  
debated long as to whether to report

19 my illness today, or wait - I  
waited and went on a walk to the  
gas! Then I came home and practiced  
player's club. In the afternoon Mrs.

19 Pennington was coming to help  
us with a rehearsal, but she got  
very sick - she has consumption - & has  
to leave. Poor dear! So we practiced  
a little alone. Then I went to Fannie's  
room and polished silver & my nails.  
At five we all had tea for the girls.

19 We had delicious maple icing cake  
& a good time. In the evening the  
Drs. were the court of hearts at a  
masquerade. That is we had a king & queen  
& the rest of us heart cards, and we ran the dance.

MARCH 23

19 Perfect sleep! Gosh! how I love  
sleep. Wrote the family semi-weekly  
before going to church. Went with F.  
Barnes and sat with Mayme - I  
19 forgot to say she wanted me to  
go in town with her yesterday, but I  
couldn't. It was communion service  
which I felt I needed very much.

19 Then I wrote to Beah. In the  
afternoon Lizzie and I studied for  
our psych. exam - horrors! Then  
I wrote another letter, after which

19 I settled on my bed and softly  
played my mandolin until I  
fell asleep. At chapel Miss Lowell  
spoke to us of the types she dears  
19 wrote in the Prisoners' Aid. She  
spoke well, and short - so during  
the long corridor period I played  
for Fannie. I love to play now!

MARCH 24

19 got excused and studied for a  
psych exam which we had today  
and which I am sure I flunked.  
I have at last given up trying  
19 for the flag - Dottie got 93  
last month and I'd have to work  
like an ant to beat that. I can  
not do it. In the afternoon I was  
19 excused & stayed in my room,  
writing letters. I went into Steph's room  
for a while to hear her spelling. In  
the evening a group of us went to  
19 the Naval Observatory to look at  
the stars. I was going in the motor, as  
I'm sick, but they weren't roomy & this  
morn'g. was very disagreeable to me.  
19 So I walked and it was well  
worth it. We saw Orion, Jupiter,  
Saturn, <sup>Neptune</sup> and Sirius. Each was more  
wonderful than the last. Praise God!

MARCH 25

19 Got excused again. Had lessons.  
Our psych. papers were returned  
and I got 95! I don't see why  
I'm always so sure I flunked  
19 when I get good marks! In  
the afternoon I got excused. I  
sat in Edith's room until time  
to visit gym class. Then I  
19 studied a bit and then  
went to clean my closet and  
desk - every thing is in approp-  
riate order. Wrote a letter. In the  
19 evening I attended library  
and studied. I got rid of some  
old school books - I don't  
want them piling up at home  
19 again. In the evening I went  
into Edith's room and played.  
We sang. I discovered a new song.  
I am connected with Phil. A. the thespian

MARCH 26

19 Went out with Marlow. Had lessons. In the afternoon I got no letter from Martha - the answer to that letter of mine ought to come!

19 But I did get one from Aunt Louise asking to come to her for Easter - joy, bliss! I sat down & answered it immediately. I

19 wrote to Lavin, and to Mother. At zoology lab. we drew the nervous system of a locust - hard on our nervous systems. In

19 the evening at study hall I wrote a theme on "David & Saul," after which we toasted marsh-mallows, we dined. Miss And

19 came to visit. Martha & Ed. wrote the will the other day with-out me, which rather hurt but they were awfully nice about it tonight.

MARCH 27

19 As usual my pen is in the other building. Rain - so I read instead of going out. In the afternoon I got the most wonder-

19 ful letter from Martha - she liked mine tremendously & it kept her a lot! Got excused and wrote to John and to Maggie.

19 All my letters are answered! Visited gym class. When study hall was half over we came over to the gym to a play

19 practiced - my scene is not good. It is raining and blowing terribly - a regular hurricane. When we came over to bed it was

19 even raining a little! During evening study hall I read Mrs. Browning, trying to find subject for a theme. Bored.

MARCH 28

19 We are having the most awful cold windy weather. Went out, both Edith, endeavoring to stay on the face of the earth. Had lessons. In

19 the afternoon I went to sketch class. We did N. Chamberlain in a spring dress with lots of flowers in the background. It was very

19 charming and fascinating to do. Mine turned out really very well. Mrs. Hattie praised it highly!

Then Mauder practiced her piece with us. At last I went to the

19 orchestra practice. After dinner we went over to the gym for a dress rehearsal with Miss McD.

19 Mrs. Linnin, who is going to take up the play since Mrs. Reynolds got sick. It went fairly well but I think our scene is the very worst.

MARCH 29

19 After mail call I endeavored to study a bit, but got so interested in the looking up of the words Mrs. Linnin told me to cut in my part,

19 that I gave it up and came over to Whitty to sew & stuff the candy basket until time for Edith & I to go out and trace the

19 worst wind, still blowing. In the afternoon my hat came! It is really quite pretty, considering I designed it. I washed my

19 hair & put it up in curls so that when time for our tea to the C class came, I had lovely curls! I stuffed & stuffed sandwiches.

19 In the evening some of the French classes gave a French play. It was very pretty & I enjoyed it. Our "orchestra" played between acts.

MARCH 30

19 Up an hour earlier because they have changed the time again to save daylight. Went to church at two with Edith - this being the

19 fifth Sunday we had our choice. Afterward Margaret came in and talked to me about Pete. Then I wrote some letters. In the afternoon

19 I wrote a letter. Then Dick came in to turn my mandarin while I put another hem in a dress to make it longer. Then I wrote

19 to Phil. In the evening at chapel Louise Roudoff & Margaret Conant, graduates, spoke to us of their colleges. Margaret was very good

19 but I was miserable & we were all so glad because they. Miss McDipst. In the evening I was taking my bath when Fannier poured cold water over my

MARCH 31

19 George forgot to ring the bell. Leaving us only 10 minutes to dress in. I was not late too. After breakfast I went out with Edith. Had lessons.

19 In the afternoon I attended library & read & games. I got a letter from Aunt V. about my cape and one from Mother about my dress.

19 Telling me to order what ever I wanted from Mrs. Eyster - which I did. I felt quite important. Study hall. After dinner we

19 had a play rehearsal tho my scene was not called up & I just had to sit there all night. Consequently I was very happy

19 to find my bed turned down! Fannie, dear girl, had done it. I went in to thank her but she was asleep, so I left a basket biscuit on my pillow.

MEMORANDA

19

19

19

19

19

Not once an April Fool!

APRIL 1

19

Went out with Lick. Had lessons. In the afternoon I went out with Dorothy, and then she came in my room

19

for a "music lesson". Had gym. After study hall I finished that awful book "93" and started "Green Mansions".

19

It is a interesting story of South America - just where Phil went on his trips thru the ship. I heard that, and they

19

decided to read the book - why? There was a young war widow, victim at Wellesley, as our guest for dinner. Poor, dear woman. In

19

the evening we had our fire, etc and Miss Mc Donald brought in to tell us about adapting Mrs. Davis, (Roman to Eng.) in our class.

APRIL 2

19 Went out with Edith and played with a lovely big airdate running around the close. Had lessons. In the afternoon I

19 attended children's library and wrote a letter to Mother + Dad before going out to games.

At games we had a frolicking game of base-ball - I captain.

19 Then I dressed. At Zoology lab we drew cray fishes - almost as much fun as catching them!

19 Studied until dinner time. After dinner we had a play rehearsal. They started with us and kept us at it all evening - I ars! We

19 needed it very badly and at last I think have a foundation to build upon. Oh God, God! help me! How tired I am!

APRIL 3

19 Went out with Steb after eating delicious hot rolls. Had lessons. In the afternoon I looked up train times in search of one

19 in one for me - at Miss Peck's suggestion! She's a dear. Went out with Dorothy. Had gym. Study hall and church.

19 Afterward Marion & I practiced a bit - it is hard. In the evening I read, finishing my book - it was splendid! - marvelous

19 by written and a stirring story. It was very sentimental and sad, so that tonight I feel very cheerless and long

19 for my little Billy dog! I played my mandolin all to myself and to Mother. Dear Mother, did you hear my love?

APRIL 4

19 Went out with Marian, practicing  
Bad, lessons. In the afternoon I  
got a picture of Phil, for himself.  
Then I saw the man about my

19 train, but alas! There to take  
the early morning one. Went to  
sketch glass and made quite a  
good drawing of R. de la Fie at

19 a tea table. Went to study hall  
for a while then Mrs. Boardman  
head of the R. C. came up to talk  
to us about her work in France.

19 Then music practice and  
while I was there Phil called up!  
He was coming out! Dressed around  
getting dressed and after dinner he

19 came! We talked for an hour &  
a half, dear brother, it was fine  
to see him. But Miss McD., showed  
kind of spoiled things, when he telephoned.

APRIL 5

19 After mail call I tried to speak to  
Miss McD. to thank her for Phil's taxi, but  
she evaded me so much about it. I am  
beginning to hate that woman! We had

19 a play practice but not my scene  
however. I am to be in another scene  
too, and have a few words to say - not  
bad. In the afternoon I sat in Mrs.

19 room, sewing and talking  
earnestly with her. Then we dined  
in at our tea for the B's! At five  
we had a spelling contest for the

19 cup - I was in that room and  
won - or coincidence. You won it  
Lynza for seniors! Then we went  
back to Mrs. Boardman's & played a game

19 or Edith with the cake she was  
saving for the "twins". Dorothy brought  
a mandolite! Miss Antonia Lamb  
lectured awfully on needlework. I like

APRIL 6

19 Straightened out my accounts. Went to Church with Edith - she is a funny girl and hurts me feelings and often without realizing it. After church

19 wrote to the family & Lucy & Kay. After dinner I copied three letters for the Serbian Relief - Mine.

19 Grandma asked us to help her and sent these pleading letters. I read "Waterweeds" and day - dream a lot about

19 Beau. After supper we were allowed to go out for a while! At chapel some of the girls spoke of Alaska and then C. Hughes

19 talked to us very well of the spirit that is Wellesley. Then, over here, Dick portrayed Dottie's m. + we had quite a raggy concert.

APRIL 7

19 Went out with Marian - practicing as usual. Had lessons. In the afternoon Marian coached Dorothy, Marian and me in

19 our school - out of doors as we did not have to go to games. Then Dorothy and I worked a while, dress and

19 played our mandolins. It is very warm - I think it must rain. Studied and wrote a letter to Beau. After study

19 hall I walked around the grounds a while with J. L. - she is a dear girl who done with me especially. After

19 dinner we had play practice. First half I tickled Barbara's back - second - I cuffed, but Mrs. Linn was not there - it didn't

APRIL 8

19 Went out with Dorothy & May.  
During first period. Art - Margaret  
& I went into the linen room and  
looked at our mail - Ruby let us each  
19 have one - mine was from Fred  
with his picture and a lace collar!  
Perfect! The other letters were from  
Jack, and a check from Dad! Also, I  
19 got 2 packages, my cape - quite  
good-looking and a dress just the  
made-darling. In the afternoon  
I went out with Dorothy & Edith, then  
19 put a tick in my new dress  
before gym class and wore it  
lastward. Study hall. Went to  
+ P.A. After dinner we seniors came  
19 over to Whittier with Miss Tan  
Gundy who read Browning to  
us. After that we had some jam  
& crackers of Kerri's - her birthday.

APRIL 9

19 Went out with Nancy Taylor who  
then came in with me while I sewed  
Fred's collar on my dress. Had  
lessons. In the afternoon I  
19 started a birthday letter to Dad  
and went in the big school bus  
down the speed way to see the  
cherry blossoms. They were too  
19 ly! and it was great to be  
out. Then at 3:00 P.M. I put up  
a crawfish! Oogles! Study hall  
after dinner quite a number  
19 of the Players club went to  
see Robert Mantell in "Merchant  
of Venice". He was splendid and  
the whole was quite good. The  
19 girls in the senior room that  
day were much excited! Came  
home to find my bed turned down &  
a huge piece of cake waiting for me!

Florence walked in suddenly!  
(see below)

APRIL 10

19 Oh! so sleepy! Went out with Jean and Lizzie. Had lessons. In the afternoon I wrote a letter to Dad like I wrote to Mamma, only

19 not as good and therefore it now seems too ridiculous. But it's gone. Went out with Daffy & Lizzie - we sat by the drive and watched Edna's

19 Harold go by! Went to gym. After short study hall we went to church, where there was a beautiful service, confirmation of 17

19 of our girls. Sent off a hurried post card to Aunt Louise. After supper we had play practice - a dress rehearsal. I do not like my

19 costume very well to begin with - but we did! very well. Most of the costumes were darling. I was all naked in my room when (see below)

APRIL 11

19 Raining, but Sarah & I went out for a short time - became extremely interested in a fight of two flickers. Had lessons, French exam. In the afternoon

19 I wrote to Aunt Louise asking if she could meet the train on Tuesday, that Miss Peck said I could take? and dress and went to sketch class, where I

19 did Jack Salafert very well indeed - The Old Fashioned Girl. We were measured for our caps + gowns! Oh, Lordy! Managed

19 to do all my lessons during study hour! Afterward instead of going to mandolin practice I came over + packed. I had

19 just a whole lot of things to get in my trunk + I did, too! Got into bed, with a nice settled sort of feeling - will I tomorrow night?

APRIL 12

19 after mail call we had a last play practice - in costumes - all morning. In the afternoon Martha and I finished up the claps with - in both cups. Then I put my hair up in curls and did numerous errands about my room. I got a telegram which came to Miss McD. from Aunt Laurie, saying she'll meet the Sunday train! Hurrah! Edith came in my room and later I told her all about Paul! I felt that the more I tell the less I love! Go on, house. Then the Players Club had dinner early and we dressed for the play. 19 I looked very well with my curls etc, but did not do as well as some others - who were inspired! The whole play was a flaring success!

Happy Birthday, Daddy!

APRIL 13

19 Woke up with such a contented feeling after the play! Fixed my memory books before going to church with Fannie! It was a beautiful Communion service. Crowds of people there. We got palms afterward. In the afternoon I played Dorothy's mandolate for a while (mine's packet) then wrote to Mother & to Fred. At 6:15 Miss McD. met the Players Club & thanked us for the flowers and offered some suggestions about P. G. alumnae. After dinner I went out with Rev. Frost before chapel. Phil called me up again. He is going to N. Y. & will try to go to B. M. At chapel we discussed "Voice & its Eradicator" at Whittier, lights are burnt out because of girls' irons! Quite exciting!

APRIL 14

19 Yesterday we changed tables - I went to the long one - so did Steb - went out with her after breakfast had lessons, including phys. exam.

19 Mrs. Hurst founder of U.C.S. died last night. In the afternoon I played Bottie's mandolins, put some books in the library and

19 got my ticket to go home. Put away some of the things in my room. Study hall. At dinner we had the April Birthday

19 party with all kinds of games. I writing during study hours, page gale and Laila B. and worked on our scene for part of it. F

19 B. is rather hapless but will work if she would. Edith came in while I put the finishing touches to my room.

APRIL 15

19 After breakfast I packed and repacked my bag until it would close. Had lessons - or rather French, for that was all I had before

19 Miss Baggins and I started off for the train at eleven. We had a very pleasant trip, even this in the day coaches and on a

19 slow train. We traveled, read, chatted and ate the lunch Miss Moore had given us. She got off at six and at 8 I met Nick Fred

19 at Lock Haven. We had a rather damp (it's raining) ride home, but a nice one. In this dear old house Aunt Louie and Agnes were wait-

19 ing to welcome me. Aunt L. & I talked and talked until time to turn into our snug little beds. Oh, it's nice to be home again!

APRIL 16

19 Lovely late sleep. Helped Aunt L  
to make her bed and fiddled around  
until time for church. After church  
I unpacked my trunk and talked to

19 Aunt L, who sat in my room  
with me. Played my mandolone  
for her, too. In the afternoon I  
wrote an Easter letter to Mother &

19 Dad and started "The Red  
Planet." Soon we went over to  
the Hosp with our knitting. Later  
I drew a very sketchy sketch of

19 Cousin Mary. We left in  
time for church. At dinner  
wore my hair up with the  
disappearing knot, but don't

19 believe Aunt L. likes it much.  
I read and talked to her all  
evening. Perhaps Phil is on the  
ocean, we don't know & don't care.

APRIL 17

19 Wrote in my diary and did other  
odds and ends. Read until time  
to go to church - went alone. Soon  
after church Aunt Louise & I

19 went shopping, but un-  
successfully. When we got  
back we heard that Phil is  
coming tomorrow - I wasn't

19 a bit thrilled!! In the after-  
noon Mabel Sheffer came to see  
me. We knitted a while then  
went for a ride with Aunt L. - Cousin

19 Mary went along. Forely ride.  
In the evening Hugh Tringle  
called. He is very good-looking,  
but horribly nervous and

19 kiddish. He took me down  
town for some ice-cream. Wild  
yaffles, one eh? Telegram from  
Phil saying he won't come till Monday.

APRIL 18

19 Finished my book "The Red Planet" and loafed around until church time at twelve. Aunt L. & I went to the three-hour

19 service, which was perfectly beautiful. We prayed, sang and Mr. Maynard spoke successively on the seven words of the Cross.

19 He certainly must be inspired. At three when we came out, Aunt L. and I went down town, then over to Cousin Mary's, where I

19 got another book to read "Dawn" which I proceeded to do all the rest of the afternoon and all evening, too. I am beginning to

19 have the queerest feelings of hate toward Phil!! I can't imagine why! I guess I'm in need of a change! Well see!

APRIL 19

19 Soon after breakfast I washed my pink wrappies! You wouldn't believe it now, it's so clean!

Then I helped Aunt Louise dust & clean the downstairs rooms because Margaret is sick in bed. It seemed quite like home to do it!! Then I finished my book.

19 In the afternoon I went for a long, lovely, silent drive with Uncle Fred. It was a heavenly day for driving. Came back

19 to find that my new dress had come - it is a beautiful dress, but oh! the price! In the evening Mabel came. First we took

19 a walk - met Tom Rags - then we came back & I played on my xy - the music she had brought after that we copied some of it in my book.

Happy Easter morning!

APRIL 20

19 up at daybreak to go to church with Aunt Fannie & Buck Fred. Holy Communion, wonderful service! Then I went to the schoolmaker and spent to church again - another lovely service. Mr. Maynard, delightful man, came to dinner. In the afternoon first Jack, then Mabel, then Lou came and we took a long roving walk and sat by the spring for a long time. Then the others went home & Jack & I sat on the porch and talked. He likes me pretty much, I guess, for he wants my picture - isn't it too bad I don't care for him especially? In the evening I wrote to the family and again went to a beautiful service at church. After which Jack came to see me again. We played the victrol & talked.

APRIL 21

19 At breakfast we heard that Phil was coming. So, I helped Emma make some luncheon and went down town with Elwood to buy trimmings for an old hat and nearly fell out of the car. Then Mabel, Fred, Aunt A. & I had a marvelous ride over the rats to meet Phil. It was a heavenly day and we ate our luncheon in the woods on the way home - oh, Yummie! It is a constant wonder to me however why I don't love him but I don't I hate him! I pressed my dress, then went for a ride with Phil and Buddy Morris - who's a dear. In the evening the "aunts" came - I played my m. and read and wished Jack would come to see me - but he didn't! I feel very wild tonight!

APRIL 22

19 Played my mandolins after breakfast until Phil drowned me out with his drums. Then sat with Aunt Louise and mended all my clothes and talked to dear her. In the afternoon wrote to Beau and went driving with the aunts and Phil - I sat in back with the aunts. It was a lovely drive but driving makes me too dreamy lately! In the evening Bud and Hugh came for dinner.

19 I was all dressed up in my very best and enjoyed the meal. Soon after it, the Mabel & I went to the movies to see *Orchestra Wives* in

19 "The Shuttle". Very good. Ice cream. On our way home we met Lou and stood outside waiting for a ride, but - in vain! Talked till bedtime.

APRIL 23

19 Soon after breakfast I began to pack. Mabel came in before I finished. Then we went outside & watched the man wash rugs.

19 Then Phil came out and took us downtown in the car. We picked up Bud and Hugh & took a ride. Stopped in to say good-bye

19 to Mrs. Dingley. After an early luncheon Phil and Hugh and Bud took me over to Lock Haven to get my train. It was a fine ride. Bud

says he's coming to D.C. soon to see me. Well see! Wiedie Nichols was on my train and Marian Jutte. Fine old journey - the last time

19 I go back to school! It is nice trip, to see every one again - but oh, no lessons tomorrow! Typ room & retired.

APRIL 24

19 Never heard the bell this morning!  
Had lessons - got back ~~pages~~ <sup>pages</sup> ~~pages~~  
I got 93 - second highest. In the  
afternoon, I got excuses and un-  
19 packed my trunk and left my  
room. Wrote to dear Aunt Louisa.  
Then sat down to finish my book  
"Waterweed." I was excused from  
19 study hall and had nothing  
to study so I had a great old  
time. Just before dinner I  
played jacks with little Lili-  
19 she beat me, of course, but it  
was fun. At dinner, I found  
myself changed from the long  
table to Miss V's. Quite nice.  
19 Barbara is there. Helped Miss Van  
G. with the books. Study hall.  
I played my new tunes on my 24.  
I feel happy without Phil!!!

APRIL 25

19 Bell wouldn't ring at Whitty today -  
great calamity! Had very day of  
lessons because most of it was  
hanging up our pictures in the  
19 studio for the studio tea! In  
the afternoon I went ~~teaching~~  
in my new dress and went up to  
sketch class for a while to hang  
19 pictures. Miss Mc D. got a tele-  
gram from Aunt L. enquiring of  
my safety!!! I got the best of Miss  
Mc D. in explaining it. Then I  
19 went to tea - senior Friday tea  
again, and served part of the time.  
Got another gingham & an or-  
gandie from darling mother which  
19 I tried on at night, & which  
the girls like. Orchestra practice  
and library work as usual.  
Actually a quiet study hall!

APRIL 26

<sup>19</sup> At roll call I was sitting near the door on the edge of my chair, when Mrs. Mc D. most anxiously told me to sit in my chair! Oh, yes, Nora! Then the directors met Mrs. Tinsley to discuss the senior play and select the parts. It is to be the Princess + the Swineherd. I wanted to be the princess but I'm only one of her ladies in waiting - as usual, Nora! In the afternoon Edith + Kerr + I were in my room sewing and having a raffish party. <sup>19</sup> Edith left + Kerr + I went to her room and slept! - she on her bed and I on the floor - until 6:10!!! In the evening a French woman, Mme. Patterson played the piano for us and then came down to the audience to get acquainted with Mrs. Mc D. told her to go! Rude! Fannie + I played m. + sang.

APRIL 27

<sup>19</sup> after breakfast I made several lists of books I read etc and manufactured in Edith's room. Went to church with Polly Klotz. It was a long service, with the beautiful Easter music of the young ladies. In the afternoon I wrote several letters and <sup>19</sup> read "Less of the D'Urbervilles". She came home from her wedding - I mean, the one at which she was maid of honor. <sup>19</sup> After supper I went out with Edith + Kerr + Midge Ervine, a girl of fact years ago, who was sick + is going to graduate this year. At chapel C. Kefauver spoke of the Y. W. C. A. After chapel Edith + I played m. + sang + rubbed heads twice in our heads.

APRIL 28

19 Went out with Jean Mac Bain  
mostly. Had lessons. In the  
afternoon I got a huge package  
from Maggie with my dresses  
in it. The seniors met Mrs.  
Simin again for play practice  
and worked hard for two  
hours in the gym. Then accord-  
19 ing to the new scheduling arrange-  
ment we went out for two  
hours more, active exercise!!  
I was just about dead when  
19 it was all over. After  
dinner a Player's Club meeting  
- more money and at chapel  
Miss McS. spoke to us about  
19 cruelly about coming home  
from vacations on time. Check  
gasdules, did! Margaret had some  
conscious cases of which I really pestered

APRIL 29

19 Went out after breakfast with  
Harriet Scales. we talked about  
May Curtin. I gave my Communion  
dresses to Francis, the maid to wash  
19 for I shall sell it!! Had  
lessons. In the afternoon I  
got no mail! At noon the  
seniors again met Mrs. Simin  
19 for practice - the play is  
getting along quite well - but  
we worked till we were nearly  
dead - then! - had to go out of  
19 doors to practice the Field  
Day drill with Miss Bogerich.  
Five weeks of this strenuous  
life and then vacation forever!  
19 To bring study hall - very  
short time - I endeavored to  
study for two years - when  
do they expect us to study?

APRIL 30

19 Went out with Sarah. Studied a little bit more for my exams - geology & Psychology. Just before I took the latter Mother &

19 Dad called me up! "God!" it was great to hear them. In the afternoon, went to go. lab and then to play practice - I am

19 not even first lady of the class! but I don't seem to care! They at 4 Mother & Dad came out. Much rejoicing! I showed them the

19 study work, etc and dressed & went in town with the dears. We caught a bit, talked a bit &

then met Cousin Hubby & Charlotte

19 later at Café St. Mark's - a charming restaurant. We had a marvelous meal & all after which Ma & Pa brought me home.

May 15

MEMORANDA

19 Before getting into bed, I looked out the window, there I beheld a marvelous vision. The cathedral stood tall among

19 the dark trees, with the sunlight thrown upon it as as to show the beauty of each arch and pinnacle. And to one

19 side beyond it shone the moon, a disk of radiance. Long silvery clouds almost veiled past the shining face.

19 And as I looked I prayed that I might win the prize. And a voice within me told me that I wouldn't - but that I was not

19 to be discouraged for this was a test to see if I could overcome disappointment & work toward my ultimate Prize.   
 God helps me!

MAY 1

19 A nasty rainy May day.  
Had lessons and again  
mother called me up - only  
this time to say good-bye. I

19 saw very little of her this time,  
but school will soon be over-  
forever! In the afternoon we  
had play practice and then

19 Mr. and Edith and some  
others came in to taste my  
candy. Polly Blots came in to  
get Flayers Club data. I

19 wrote to Ma & Pa. Then  
we had gym. Barbara brought  
+ I saw pictures and we  
went down to dinner together.

19 Like Barbara very much.  
as Phil would say she's a nice,  
doggone girl. I made up some  
stories later about Phil for Margaret.

MAY 2

19 Went out with Jean Mac Bain.  
Had easy day of lessons. In  
the afternoon we all practiced  
marching for field day and

19 then the sketch classes  
rushed to the studio to help  
to decorate. Godfrey, we worked.  
- till we were ready to drop.

19 We were interrupted for a  
half an hour when Mr. MacFarlane  
spoke on the 5th Liberty Loan.

Later we dressed and had  
dinner before dinner (11) became  
afterward Mrs. Walcott of the  
Smithsonian Museum, showed  
us some marvelous pictures

19 of the views, flowers & animals  
of the Canadian Provinces. They  
were beautiful, and so were the  
searchlights playing on the Cathedral.

MAY 3

19 after mail-call some of us went  
up stairs to help Mrs. Fleeth run  
the studio. Then we had to go to  
play practice, which was mostly  
19 a discussion about its being  
German. Narrow minded, say!  
After that I picked flowers and  
read Seneca by the grass with  
19 the. In the afternoon I washed  
my hair & bedded myself for the  
studio tea, which was lovely -  
ate and ate - as did we all else.  
19 Franklin was there - I hadn't  
seen him for so long! There were  
many people there, as the day  
was perfect. In the evening I  
19 met a friend of Phil's & Fred's Mrs.  
Wolf a darling niece of Miss Voss.  
We had music in the gym &  
danced & danced, till we were dead.

MAY 4

19 Went to church with Kerr  
and then Sarah came in my room  
while I manicured and wrote  
to Beaurey. At one Mr. & Mrs.  
19 Lockwood came for me in  
their car, and spent the  
lovely hour for a delicious  
dinner. Their little Perkins,  
19 Buhda is a darling - made me  
homesick for Billy. Mrs. L. gave  
me a lovely pair of white kid  
gloves from Paris. She is awfully  
19 nice. Then they took me for a  
ride along the speed way and  
brought me home - lovely visit.  
I wrote to the family all about  
19 the tea and dinner. Read  
the Idylls, and became wit-witted.  
Walked out after dinner with Sam.  
Broke glass in bathtub, trying to hit M. G.

MAY 5

19 Yaww! it is hot, suffo-  
cating. Went out with Ido  
Luci who bought my old com-  
mencement dress. Had lessons,

19 with trench "run to town". In  
the afternoon we went to the  
gym for play practice but  
Alvin Simpson couldn't stay, as

19 we actually had some  
study time! After that we went  
out to go to practice the drill  
but before long a heavy storm

19 came up if we went in the  
gym - that? waiting! after it  
I took a bath and lay on the  
bed's not cool, up and down "yes,"

19) Betty's library - Oh, I got to say that at morning chapel, very young Miss Rubert, on the Victory loan committee, spoke of her <sup>experiences</sup> in Belgium.

MAY 6

19 Went out with Sarah - it is quite cold once more. Had dinner. In the afternoon I got a letter from Aunt Sarah saying that

19 Fred is home. 'Kubrick' wrote  
to her. Seniors met Mrs. Timmin  
for play practice. The play de-  
velops more & more. Practised  
19 for field day and of doors.

19 My full day out of doors.  
Got a package of wardrobe  
from mother and in it was a  
letter from Mrs. Shepherd who

19 knew me 15 yrs. ago in California.  
She has a son Tom who used to  
play with me! Isn't it exciting?  
After dinner we had an auction

19 sale of the things in the  
pound - I got + sick auctioneers.  
studied - M. Moses' saw cent  
was a lot of pralines - she gave to her

MAY 7

19 after breakfast - rain - I read  
 "Inheritance" until I was morbid.  
 Had lessons, including a lesson  
 of heredity in zoology. In the  
 19 afternoon I wrote to Mother and  
 went to lab. Stove lab and  
 shall try it on my own work  
 next year. Then went to the  
 19 gym with Mrs. Linn  
 and afterward with Miss Boggs.  
 We got out early from gym  
 and wrote a birthday letter  
 19 to Lucie. At dinner the  
 seniors sat in the middle of the  
 room with only Miss Frances  
 Wepster, pres. alumnae assoc. She  
 19 told us afterward what is ex-  
 pected of us. During evening  
 study hall we had a quiz on  
 Greek myths, by spelling what she wanted.

MAY 8

19 Went out with Kerr after I  
 found her getting very much ex-  
 cited over the newspapers - of  
 Dec 10! Had lessons. In the  
 19 afternoon we met Mrs.  
 Linn for a very successful  
 practice and then Miss Boggs  
 for a less satisfactory  
 19 one, because it is raining  
 and was indoors. After it  
 I settled myself on to bed  
 to finish "Plea" It is really the  
 19 most stirring story I have  
 ever read - it leaves one very  
 morbid, tho. After dinner we  
 had another auction of the pound  
 19 and completed a sum of  
 over \$113. The way money flies  
 around here scares me! Played  
 in for Edith, who is a dear idiot.

Swain's birthday!

MAY 9

19 Still raining! No field day!  
Had lessons, including three  
art periods because I've sudden-  
ly become interested in my best  
19 of Dick. In the afternoon we  
had sketch class and while Mrs.  
Luth was away we posed Ruth  
Gordon half nude and had a  
19 plan of a time! Mrs. Luth  
liked it, too! Then we had  
tea with the seniors and later  
dressed. There was a last auction  
19 to complete the 13th library  
bond. After dinner there was an  
P.C. meeting at which we elected  
C. Caldwell president to take Ma-  
19 der's place. Marder, dear girl  
is going away giving partly to  
her mother's health + partly to Miss  
McDoo's tapes. Love Marder.

MAY 10

19 after mail call I tried to get  
up enough nerve to ask Miss Mc-  
D. to write in my memory book,  
but she was "busy." I lay practice  
19 with Mrs. Turpin - she said I  
was cute with my feet!! I've  
captured M. Moxes as my courtier.  
Then I sat with Fannie and  
19 solved. In the afternoon  
pricked sewing then went into  
Kate's room and we talked +  
talked about love and adultery  
19 and "everything". Dr. Rich, she  
didn't influence me that way.  
After dinner an Italian from the  
embassy told us Italy's part in  
19 the war and showed us some  
marvelous moving pictures. After  
it read the whole book. She needs  
of a change to Edith. Quite late!!

Mother's Day.

MAY 11

19 Wrote to the family and actually  
cleaned house before church. Went  
with Fannie. It was bugle with  
with a sermon on Resurrection - I

19 certainly hope we meet our friends  
in death. In the afternoon I visited  
Mrs. and Mr. Mader, to whom I  
said good bye - dear heart I

19 hope, I see her again. Then  
I finished my socks in Edith's  
room - Nephew - started them  
in December! Read "When a Man's

19 a man" during quiet time. At  
evening chapel Mrs. Bell, nee Mary  
Chen, told us of her cauteer ex-  
periences in France. She is very

19 attractive, so unaffected and  
straight-forward. She is an N. L. S. &  
so we seniors took her in charge &  
showed her Whittier. She's fine!

MAY 12

19 After going out, I started for  
Mrs. Mc D. with my memory  
book, but met Jean Gregory  
who's got hers and Josephine

19 we viewed it and asked  
her to write in them. Had  
lessons. In the afternoon  
I got two tickets for the

19 Garden Party was given  
from Mrs. Lokenwood. Promptly  
asked Fannie to go with  
me. Mother sent me some

19 pictures of 1910, when I was  
sick - killing! I used study  
hall I wrote a 6 page theme  
for English - thank Godfrey,

19 for it has been "hanging over".  
In the evening after study  
hours, I gave her her first  
lesson on her mandolin. <sup>Some</sup> teacher!

MAY 13

19 Went out with Edith & Dottie. Had  
treasures, including one in English  
IV!! That is, Jean & Dottie & I  
visited Miss Garrison's class.

19 In the afternoon we played  
play practice in gym and then  
I was informed that I had a  
visitor. Thought it was Mrs. Lock-

19 wood & I went in a hurry to meet  
her to find Miss Massie, a class-  
mate of Miss McD's and a friend  
of mother's in Miami this winter.

19 She was very darling. They took  
luncheon in the garden & party for the  
benefit of the House of Mercy. It was  
on our grounds. Mrs. Lockwood

19 was there & invited us for supper,  
but at the last minute Miss McD.  
wouldn't let us go. Cousin Carolla  
& other was there, too. <sup>walked to Mt. Airy</sup>  
Dinner with Mrs. P. & Mr.

MAY 14

19 Wrote to Mrs. Shepherd - my  
friend of fifteen years ago and sent  
it off this morning. Wrote to  
Mrs. Lockwood before chapel. Also,

19 when Sarah & I were out we dis-  
covered a tree thick with 17-year  
locusts and we got Miss Wilson  
& collected specimens. Had lessons.

19 In the afternoon I went to gym  
lab and then tried to study. We  
were going to have Field Day  
but it began to rain! so we

19 met in the gym for practice.  
We have the worst luck with  
the weather. Wrote to Mr. & Mrs. Sarah  
& kept chapel because we

19 were out gathering the cicadas  
as the locusts are rightly called.  
Spent two of them in a pen and  
have them in my room - the pupae.

MAY 15

19 Wake up at daybreak to find that my cicada had molted + had wings! later, drest, drest around for Miss Welles + her

19 poison box. Had lessons in the afternoon we practiced with Mrs. Linn and then wrote for the Hyde Prize. The title

19 given to us was "I, myself, am the United States." I wrote a fairly good thing, but not unusual and not prize-winning

19 because that's not in me. I wish it were! Oh, God, I'd give anything to be able to tell my family that I won that prize!!

19 Field day practice. In the evening I finished "When a Man's a Man" and nearly kept my eyes out. Oh, it's wonderful!

MAY 16

19 We went to the Cathedral for chapel service - keeping step for Commencement practice.

Had lessons. Immediately

19 after the first period we voted on the winners of the Hyde Prize - C. French, J. Hopkins, M. (N) and and D. Walker were up -

19 D. O. H. won! We were all so very glad. Immediately after lunch I wrote to Mother + ad telling her how sorry

19 I was I couldn't win it for her. At sketch class only three of us present. Count of open we did a charming picture of

19 Polly + lots as an old fashioned girl. In the evening I read "Echoes of the East" and later visited Dean Mac Bain. Nice girl.

MAY 17

19 After mail call I attached several girls to write my memory books. I think I shall die trying to fill such a book. We

19 had play practice with Mrs. Lanning. In the afternoon I pestered the life out of Edith looking at her pictures and

19 fixing my books in her room. We talked and she told me things that she'd never tell any one else - as they all say.

19 Later I said good-bye to Jean Mac Bain - who is going home to have her tonsils removed. On the evening a woman from the

19 Pa. horticultural school showed us rather uninteresting slides. Then I served some coffee before retiring. I saw the French table, and

MAY 18

19 Went to church supposedly with Kerr, but really with Margaret Campbell. Then I ambled around with Kerr

19 while she took pictures. Wrote my invitations after I had gotten a lovely special from Maudie! She

19 is a dear. Then Jean & I went over to see Miss Garrison, but she was dressing. In the afternoon I wrote letters

19 & slept! After dinner the seniors took Dr. Mc Kim around the close-at chapel he preached - and they took Christ

with them on the ship. Christ is the Captain of our life. Later when Edith & I bathed, we had to come out in bath towels, as girls <sup>took</sup> our robes

MAY 19

19 Went out with Kerr & Steb. I didn't study a lesson for today! but I got home all night - think I'll try it again!! In the afternoon

I got an adorable letter from Beau! He is sending me a graduation present of a

19 French lace chemise top. After study hall we had Field Day - at last! It was a beautiful day for it and everything went off splendidly. wrote a long letter to Beau. During the evening I read "The Four Horse-

19 men of the Apocalypse" the ruins gave the school two very good-looking silver and bronze today I remember us by

MAY 20

19 Went out with M. Moore. There were vicadas in all stages of development every where! We went over to the

19 Cathedral for practice. Had lessons - French exam. In art of exp. Kerr & I recited very well! In the afternoon we

19 had play practice - during which, I saw Tulasius, the Italian, about casting my hand of Tich. I called him up in the morning. Later I played tennis with Dorothy and beat her 10-4. Then took a bath & manicured! In the

19 evening we got the rest of our programs - I made invitation which I got ready to send. I am sending thirty-three

MAY 21

19 got three invitations from some of the girls & sent them off - all gone. Had lessons - got long lecture in geology for saying "what's it all about?" - Egotistical man.

19 In the afternoon I went to gas. lab and started on a clam. Then went to play

19 practice but Mrs. Simpson was out there - we did well without her. Wrote to mother in haste.

I sat in geology for Dickie's

19 tea to which we went the whole class in the big hall at 4:00. It was very nice with delicious food - almost forgot my card!! In the evening, I studied indirectly - Dottie and I even skipped chapel. Got a letter from John, writing me that he & M. were

MAY 22

19 Went out with Fannie & Edith, studying for a French exam which we didn't have. We did however have a

19 psych. and a phys. exam which just about finished my poor brains. In the afternoon we went down

19 to the woodland theatre for play practice. It was lots of fun doing there and made the whole thing seem new

19 again. Then we dressed for tea with Barbara Rowff, who spoke informally to the seniors and teachers of her experience in Finland. She was delightful after dinner. I attended library and after study hall during which I read, we practiced class

MAY 23

19 got excused from going over to chapel and read. I seemed to read all morning as I had only two classes. In the afternoon I slept with horrible cramps until study hall time. Then I dressed in my freshest puffs for tea at five with Mrs. Kennedy, otherwise Edith Wynne Hutchinson, the actress. She is perfectly charming. Kerr had Betty Caldwell put for dinner sat beside her. Then I went to the gym with Edith to hear Mrs. Kennedy read parts from Shakespeare's histories. The gym was crowded and rang with applause for the lovely woman. Afterward, we actually had refreshments. I did eat!

MAY 24

19 after mail call I went next door to ask Jack for his dog, which he let me have for our mascot for field day. The Drs. weren't allowed to go in because of no time to practice but we cheered in our colors and cheered for the A's. I left room with the dog - took him home - and lay on my bed to read. My best of Vick came & is very good. In the afternoon I washed my hair & Vig brushed it dry, then I slicked her back. Just before dinner I got a marvelous bracelet with 3 sapphires & 2 diamonds in it from Cousin Maury Ben Potter!!! it's lovely. 19 In the evening we had chapel & a missionary meeting at which I read a letter from Bp. Houlden, Edith & a Quinack cousin to play sing & laugh.

MAY 25

19 Wrote to thank Cousin Mary  
& Ber. Went to church with  
Edith & got mad because par.  
called me "childish" about where  
I wanted to sit. got over it before  
Communion however. After church  
I wrote more letters, answering  
all I owe. But Miss Garrison  
at the door, and she says she  
loves me!! In the afternoon  
I put memory books etc. and  
studied English! In the evening  
19 at chapel Mr. Atkinson spoke  
to us of his experience in France.  
at first he was slangy and very  
funny & we all roared, but then  
he told us some very beautiful  
heroic things and we all  
wept truly! What those people  
have been thru! and I so selfish!!

MAY 26

19 Went out with Ross. Had  
lessons, including two plays.  
In the afternoon I got a  
package from Beau, with a  
lace nightgown & some lovely  
mercerie! To say, dear brother!  
then we went down to the  
woodland theatre to practice  
19 but we did not do at  
all well - everyone was  
sleepy & cross. Then I read  
until time to go out & watch  
the basket ball game - the  
lrs. beat the jrs. After dinner  
we again practiced in the  
woods, and this time with  
great success. It was great  
fun doing it in the twilight.  
Florence & I practiced the mae &  
Zizi behind scenes, too. Tired!!

MAY 27

19 Supervised Edith's taking snapshots of class. Then Rex + I practiced "Mumme + like" which we gave very well in class.

19 Went over to chapel for service + the practice. Had lessons. In the afternoon Miss McD. told us who was to carry the

19 Cross etc and that we were to make our own honor roll. Later we made it, by voting and Edith, the twins + I were

19 agreed upon. I protested but to no avail - What will you say? We practiced in the Woodland theatre quite suc-

19 cessfully and later read the class prophecy - I am to be a great entertainer over 17 years hence, making them cheer, etc - + famous, which last is all I hope.

MAY 28

19 We went over to the Cathedral, all wearing our motor-boards. Had lessons with three classes, which I heard later I passed

19 beautifully. The last I passed for me forever!!! Oh, oh, oh! In the afternoon I got my costume with the vest, and I

19 like mine best. Then I made a musical box for the play and fixed nearly the whole corridor's

19 hair! I got for me money from Dad and another present! - a darling gold + sapphire brooch from Joe +

19 Gloringer!!! We practiced singing our class songs. In the evening there was the birthday dinner. Then we had a rather successful dress rehearsal and after that a feast set out by Miss Moore. Oh, Food!

MAY 29

19 Went out and to chapel as usual - but then! Edith and I went in town with her dear little mother. I went to the hair dresser and got a marcel!! Look almost like Beau!! It's my first & I like it. Then we went to shops Edith buying lots of clothes. We got a good light luncheon and had to go back in time for an athletic meeting. After that we loafed around until church time. Every one is getting presents but mine don't come so fast!! In the evening we sang our class songs, practicing. Then I undressed & played in Jane's room & tickled her to sleep. We all have been eating so much candy!!

MAY 30

19 Went over to the Cathedral with the school to practice & then the seniors went down to the theatre to decorate & have our pictures taken. At two we were at last there - and wow out. So we ate a little and then slept in Whittier. I slept nearly all afternoon and was wakened to go to the telephone & speak to Mother & Dad!! My! It was nice to hear them!! Soon I dressed for dinner - lots of alumnus! all returning. I rest for play. It went off extremely well, although of course we noticed lots of little mistakes. Dad & Mother, Mrs. + Mr. Lockwood - & Chester - and Cousin Wade & Carlotta were all on the second row. Presents!! Later seniors had food!

MAY 31

19 Went down to the theatre right after breakfast to collect costumes. Then went to practice in the Cathe-dra. After the affair left there.

19 we practiced with Miss McD. getting our diplomas! After that Sarah & Barb & I went to the theatre again - to entertain. In the afternoon

19 I fused about in my room & in every one's room - spinning packages & straightening out my accounts! Then quite late Mother came, I showed her

19 my presents & later we met Dad. We strolled around the grounds and met all the senior families. Those latter circled around and there partook of the picnic.

Dad & Ma ate ice-cream cones! Soon we went over to the gym where we read our history, will & prophecy. & Miss McD. announced the honor girls, including

# Commencement presents.

JUNE 1

19 Went to early Communion with Sarah - & every one. After breakfast Miss McD. read Miss Henderson's honor roll. I was among the "perfect"! Then she told our class how well we are! Not long afterward Dad and Cousin Kelly came out for me and took me into Cousin's house, which is very attractive. There we found Mother, Cousin Carlotta, Betty & Bill. Those two are rather noisy children. After a delicious dinner we took a lovely motor ride.

19 In the evening Mother & Dad came out here for the valedictory service. We wore our caps & gowns, etc and marched beautifully. It was a very

19 impressive service. The Bishop preached - on marriage & brotherhood. Then I walked around with my beloved parents a while, then, later, went to bed.

JUNE 2

19 Practiced in the cathedral and around the flagpole. Went to a tireless old alumnae meeting. In the afternoon we seniors practiced singing - then

19 I packed two trunks in an hour! But one was just for late to go! I went in a hurry for Flag Day, at which Mother & Dad caused admiration, of course - but so did this daughter on honor roll and among the girls with lovely bunches of yellow iris on steps. Then we sang our songs on the steps & the

19 pros. and afterward they sang theirs. Everything was perfect. Dad & Mother enjoyed it. I went in another rush for the alumnae buffet - supper, at Rausch's. It was lovely - delicious food. The alumnae have some awful nice girls. Home in Texas all alone!

JUNE 3

19 Presents still flowing in?  
At ten we dropped our robes again  
and went to the Cathedral to grasp  
our diplomas - oh, bliss! Bishop  
19 Stearns of N. J. spoke to us  
marvelously about Windsor.  
Afterward we got our flowers  
got a lovely bunches, Dad, Pottus  
19 and Mayme. Then we went down  
to the old dining room for the last time.  
Bus, too. - That's an indication  
how I felt when I said good  
19 bye to everyone - Miss Mc Donald  
especially! We went into the  
Pottus to wait till train time.  
Betty and I went to see where the  
19 anarchists' bomb exploded  
last night. Good bye, dear  
Washington D.C. It was a  
not, welcome journey home but happy.

JUNE 4

19 Spent wonderfully long. Un-  
packed and unpacked & get  
some order out of the chaos. In  
the afternoon I went down  
19 town with Dad in the  
car. He dropped me at the  
dressmaker's and there I met  
Betty, her mother and Miss  
19 Abbot. We motored around  
doing errands, picked up  
Tony and took a ride. After  
supper I manicured and  
19 then dressed with great  
pains to go to the Academy  
dance with John. It was  
an awfully fine dance, but  
19 it seemed queer to be dancing  
with John & his friends instead  
of my friends, D. Birney, Bill H.,  
etc who were there. I did go with Sue Hager  
tip.

JUNE 5

19 Slept rather late and  
cleaned my room in the  
morning, putting away all my  
books, tracing some of it

19 up to the old old  
room which I'm repairing &  
rehabilitating - always. In the  
afternoon I went out with

19 Kate in her automobile. Miss  
Society was there too. So  
certainly is a place. In  
the evening we were

19 going to Mrs. Hartman's,  
but I was pretty tired and  
Mother went alone. I did  
accomplish a lot, too, at

19 home for I wrote some  
of "Thank you" letters - each  
one different, which fact  
would please the Eng. teachers.

JUNE 6

19 Went down town with Kate &  
skipped up a play to find out  
what she'd forgotten to say. Then  
I went up to the big room  
19 which is now to be called  
"the Studio" and I cleaned!!

In the afternoon I dressed in a  
hurry to go to the Shipper

19 on my movement - at which  
Dean Allen, Left spoke - and I  
turned the music for Miss C.

19 met all my old friends at the  
reception afterwards. Max  
walked out the street with  
me to get my old pal, Bill.

19 He is getting old, but now the best  
dear. In the evening he  
and I played up, wrote a  
letter and had, all by our long-  
some and went to bed early.

JUNE 7

19 made beds etc and went  
out to the farm with Daddy  
and Billie. I saw the car, just  
out and found I hadn't forgotten  
19 as much as I thought I had.  
In the afternoon I took Billy  
and Miss Fobley for a ride.  
We went to Eperata for a  
19 soda and came back, the  
roads were good & the morning  
fine - consequently we had  
a good time. In the evening  
19 I wanted to go to the movies  
but had to go over to the others.  
I played cards with the  
little girls first and then  
19 played pool with John in  
this new pool room. Came  
home to talk to Mai on the steps  
and later had a soda with Mother.

JUNE 8

19 Went to church with Mother  
- Dad has leaves - There was a  
very good sermon by Mr. Asbury  
on the "boy who does not  
19 win the prize. In the end he  
wins - just like I felt May 15.  
It was my case exactly and I  
hope a good one. Walked  
19 out to see Mai's new apartment  
with Mother & Mrs. Gounger. In  
the afternoon I read some of the  
old books in my library and  
19 lounged around with that  
disappointed feeling in me. Later  
Mother & I made some judge-  
ment, mine is was good!  
19 Well I played my mounds  
up for the family. I must  
get some new games else I'll  
become old fashioned again!

JUNE 9

19 after fixing my room I went down town with Kate and then over to the teachers' house to help Mrs. Coburn pack!

19 In the afternoon Kate came down and we went up to the pool - studio, I mean. There she wrote a few pages on

19 her so-called book and I started things in my memory book. Then we stuffed candy and tablet & chocolate - from there generalizing into deeper subjects of life! In the evening

19 I was going to the movies with Mrs. Russell & Kate, but Mrs.

19 I got sick so later I went to the Colonial with Ma & Pa - it was just overcast. Afternoon codes, Dad had castor oil in his

JUNE 10

19 Went up to Stannis to get the register, & of course stopped at Kate's - but only to find that she is going to T. Lila today. Then

19 I went down town with Mother to buy me some dresses.

In the afternoon I went down town again - alone - in

19 search of palm leaf paper (to paint) but the village doesn't carry them! Then I slept on the porch for

19 quite a while - much to the amusement of the little ones. Wrote a few letters. In the evening Dad took Mother

19 & me to the movies to see "Long Fairbanks in 'Knickerbocker Buckaroo'" it was one of his best and we enjoyed it

JUNE 11

19 After "housework" I framed  
my dear old diploma! Miss Abbott  
& Kitty slept for me to go  
down town. And from a  
19 habit we had a good  
then made a resolution not  
to take so many in the future.  
In the afternoon I drove the  
19 car out of the garage all  
by myself and took Kitty  
out to Long's Park where  
we tried to play golf. It is  
19 lots of fun & we're crazy  
about it. Then we took a  
little ride & slept to get ice-  
cream cones. In the evening  
19 I went up to Kate's - nurse  
to the disgust of the family.  
We talked & read & some  
came too and we had ice-cream.

JUNE 12

19 After bedmaking Kate and  
I went down town as usual,  
but not as usual Kate got a  
tummy pain and had to be  
19 fairly carried home. In the  
afternoon I went down town  
with Billie and did carry  
him home - it is the weather,  
19 rotten! Then I began to  
sew and soon Mother began  
to sew on some darling little  
lacey frames I am making  
19 to send to the Appeals. In  
the evening I went up to  
Kate's - she's in bed now - old  
Charlotte and my friend from  
19 school, Eveline Feinberg were  
there too. My, it's good to see  
Charly! Mary Ellen came up too  
and we had ice cream & juice!

JUNE 13

19 Shortly after the bedmaking process I took Daddy out to the farm. There I picked strawberries under the bright

19 eyes sun - such is the life of a farmer's daughter! When I came home I finished work on the little silk frames. In the

19 afternoon I took Kate & Tony out to the Country Club - nothing doing & Tony had to go home. So we got the Wagers & M. Miller & went to Mt. Jay for a soda! It was a nice gay old ride - but just before I reached my door I had a puncture!!!

19 After supper I went to the hospital to see Jolimpie took him a book & a birthday cake. Afterwards Grandma & I loved.

JUNE 14

19 got up with the determination to do things to be done - that is, I washed Billie, answered long owed letters and went down town by myself. In the afternoon I was sitting down to write more letters when Kate came & took me out in her car. I

19 bought materials with which I trimmed a hat which I came home. The hat turned out to be a beautiful success. I had wrote to Mrs. Shepherd.

19 In the evening I went up to Kate's and we sat on her balcony and read "Life" & talked about every thing in general. She is a dear & most of the time! Mrs. Atter called her.

JUNE 15

19 Brushed Billee so long that I  
had to rush to get to church.  
Afterward I walked down to  
Charlotte's church with Billee  
19 but she wasn't there. So  
I came home to read "Life".  
In the afternoon Mai came  
for dinner and after it,  
19 Charlotte and her friend  
came. We sat on the porch  
& talked. Later went up to  
the post room to see my  
19 "artistry". They left before  
a rain storm and I started  
to read "Sad: A Dog". It  
passed to be such a won-  
19 derful book that I could  
hardly stop it. I did stop  
long enough, however, to  
write a letter to old Beana.

JUNE 16

19 Spent night with awful  
pains - stayed in bed all  
morning, sleeping mostly.  
Had my lunches in  
19 bed and read in bed  
for a little while. Then  
I got up & lay down  
on the parlor couch.  
19 The girls, Charles, her friend  
& Kate stopped in to see  
me. After they left I  
read near dinner time  
19 I got up & dressed and  
went down stairs. In  
the evening I soaked my  
into telling me go to the  
19 movies with Gramma.  
It was a splendid picture  
Anita Stewart in "Mid-  
night Romance". Bed early.

JUNE 17

19 Cut some material for Mother while she cleaned my room! Later I went down town, alone, and did quite a little shopping including a little enamel-top interval which I had sent to Ruth. Then I read. In the afternoon I wrote to dear old Sammi-bumps, maimed and saw ribbons in my underclothes. After supper I walked out to 19 Tony's. She met me half-way and we walked on out in the country. We sat down for a while by the road and talked - of course I told her some pretty stories about Phil. I felt afterward almost as if I could breathe again.

JUNE 18

19 After "house-cleaning" I went up to Kate's. We got in her car and did the many errands our mother put for us. We 19 stopped in at the hospital to see John. Then we picked up Searey and went out to her house. She gave us fudge 19+ cherry wine - delightful mixture for casto visits!!! In the afternoon I read a bit of French and slept. 19 Later I started on the little silk frame which I took up to Kate's after supper to finish. She had 19 written a dime novel story which I corrected. Suddenly I got an inspiration and wrote one, too. We're going to send them in!

JUNE 19

19 Kind of continued to clean up all morning - had the ple in my house - put the book case "in everything" went to the

19 bank, too, but not on my own account - ahem! In the afternoon I got the car out of the garage by myself! Got

19 Charlotte & Ernie and Lou, and went on some errands, then took a ride out the Hupperville road. We got some ice-cream

19 which we took to Loup and there ate it. Then over a chicken too! In the evening I went up to Charlotte's & got

19 of a dance. There were about ten couples and we had lot of fun! Hil Loup, the college man was there. Came home with a bunch

JUNE 20

19 Cleaned my room and ript a dress for Mother, then went up to Kate's - go on the phone she sounded in yell of a

19 cheering up. As we got out her car and took a look out to John - you will be home today! Then we threw

19 our selves upon up couch to rest. In the afternoon I took Mother & grandmother to the Hopkins'. Jane & Mary

19 and I had a cherry eating contest, holding about 6 15 stones in our mouths! Then we took a ride. A storm came

19 We came home when it was over - gawie! but it was wet! After supper I saw E. Clayton in "Mickey Van" with Aunt Mary & Mary

JUNE 21

19 Even before I finished my  
work Kate came to take me  
with her to market, then  
we rode around other

19 places as well and I finished  
my room just before dinner.  
In the afternoon I was sitting  
by the window when she

19 came along again and  
waited me. We went  
out to the Womley's. Cab  
was there and I saw

19 him for the first time  
for a year. We took Tony  
a ride in search of a  
snydar. Then I was brought  
up and I slept! Well

19 + sleep are the best things I  
do these days. After supper  
I wrote letters & played m.

JUNE 22

19 Went to church and wrote to  
Beau. Then Kate came for  
dinner. It is her birthday  
and we had a cake with a  
19 large candle in it for her.

afterward we got out the  
car and went for a ride.  
We know not where I kept

19 that we were on a very  
good state road and had a  
time getting alone by account  
of the toll roads and our

19 pennies on chiton. As  
it was we skirted a gate!  
+ kept at Tony's and kept  
there a long time until the

19 subject seems to be rather  
"deep" - so we went out on  
a road to finish it. George  
saw on the step - later played m.

JUNE 23

19 Housework and went  
out with Kate in her car.  
It's becoming a habit. We  
told up at her house &  
19 had "Life". In the  
afternoon, May & I were  
going for a ride, when  
all of a sudden it occurred  
19 to us to go canoeing at  
Rickey Springs! We did! Gee,  
it was nice - gliding  
silently along the creek,  
19 stuffing popcorn. It  
was a real treat and we  
had the big smooth creek  
to ourselves. Motored home  
19 in time for supper. That evening  
Mrs. Russell took Kate & me to  
see Mary Pickford in "Daddy-  
Long-Legs". Splendid, best yet.

JUNE 24

19 Mother went away to a  
wedding so I had all the  
housework to do and really  
had fun doing it! Then I  
19 washed Billa, manicured  
and laced up Mother's  
plants, & the studies to  
paint the pots. In the  
19 afternoon, I was, & making  
Billa when Kate came.  
She had, and I kept on  
repairing the poor poodle.  
19 After we put down  
down in her car, and got  
some books. Then we  
made ourselves some lemon-  
19 ade. In the evening I  
read stories in a maga-  
zine and went to night  
market with Ma & Billa.

JUNE 25

19 Work as usual - then I read until time to make fudge for mother's reading class. The fudge was delicious. I served

19 the tea & cakes for her and enjoyed the "old ladies" talk. In the afternoon I at last satisfied my desire

19 & played violin - I put my doll things away together for "my children" and got rid of superfluous billiard room

19 track. Then I went up to Kate - made more fudge!! and read "Life" and Dickens books with Jane. In the

19 evening I read a bit of the "Virginians" then I read "Dreamer's Tale" which are marvelous & make me happy

JUNE 26

19 After my "wifely duties" I started on my "artistic duties" that is I made a stand on which to support busts.

19 In some little carpenter work this the stand is a bit wobbly. Then I painted some what of my mother's pots. In

19 the afternoon I tried on dress which mother is making - until I thought my legs would break. Then Kate

19 came up to the studio & started a bust of her. She wants to learn to dress! In the evening Kate took me

19 & I Carey & Tony for a ride & a sundae - my eye, Billy went along. We went out to Long's Park & masonized on the

JUNE 27

19 Didn't clean my room  
because it has rained so  
much that there is no dust.  
I went to the store for Maggie  
19 then worked up in the  
studio - pasting things in  
my memory books. In the  
afternoon I was up there  
19 again when Max came  
and enjoyed looking over  
some old Kodak pictures  
with me. Kate came too,  
19 after a terrible shower  
had somewhat subsided  
and she painted my pots.  
At length Max left - I am  
19 satisfied and they're  
worked in place. In the evening  
Kate returned & we played in  
then finished the pots & read.

JUNE 28

19 Arrived to finish my work &  
be on time for Kate - waited  
one hour & she didn't come!  
So I started off to market  
19 with Mother, met Kate &  
then went with her. We  
watched the aeroplanes  
doing stunts over Lancaster.  
19 They are the first to deliver  
mail in this country and the  
whistle began to blow! The  
Peace Treaty is signed! I  
19 five years ago the duck was  
killed, that started all this.  
In the afternoon Betty &  
sewed in the studio! I am  
19 making a dress & also a pair  
of pajamas. In the evening  
we continued our work and  
quizzes & puzzles. Stopped for a Sunday

JUNE 29

19 Went to church - very good  
sermon of Mr. Doubleday about  
"they came to a broken drink &  
lifted up their heads." Walked

19 out to Tony's. In the after-  
noon I took Tony out to the  
farm in the car. We sat  
under the trees in the woods

19 and read - I slept most  
of the time however! Then when  
we came home we had a  
puncture just outside Lancaster!

19 We fixed it but there was  
no air in the spare tire!!! So  
we walked in & got a man  
to fix it! Some little champagne!

19 In the evening Bill &  
I were home all alone - much  
to mother's despair. We ate  
and I read dear Dunsany.

JUNE 30

19 Made beds etc in a  
hurry to get to work  
on my dress. It is really  
hot & fine. In the

19 afternoon I went  
swimming with Tony  
and actually tried to  
dive! I am not very

19 graceful as it put her  
top. Then I mailed down  
Tony to find the stores  
all closed! Gee I was

19 mad. Mother is away  
so I had to call about  
supplies. Then I sat on the step  
and I sat on the step

19 entertained Dad till he  
went to his room - then  
we went over to see  
Aunt Bertha & her niece

MEMORANDA

19

19

19

19

19

JULY 1

19 Cleaned room and dog!

The latter the longer  
process! Went out with  
Kate for a last ride

19 in the dear old red car  
of Mrs. Pops. Thinking it is  
going to the place where  
it belongs! They are

19 actually getting a new  
one too! In the afternoon  
I stayed at home and  
sewed & sewed on my

19 dress - I would like to  
finish it soon. In the  
evening I took an object  
to remodel to match the

19 dress & put it as I sat  
in the parlor with Dad.  
And the story is one of  
my pictures of home-life!

JULY 2

19 hurried housework in order to go out with Kate in her new car. It is a beauty and rides splendidly - it is a Chrysler.

19 In the afternoon I served in my dress and then practically undressed and went into that hot

oven of a garage & cleaned the chocolate drop. The darlingest Canadian officer

19 next by the alley - he has a new car in a garage back there. He's perfect! In the evening I went to

19 the movie with Dad! We saw "Famine Ward" in "Common Clay". Very good but rather startling with Dad

Washed my hair, too, this morning  
JULY 3

19 Made beds etc and served for dear life by my dress. Kate & I went down town and out to

19 maid - Kate is very sick. In the afternoon Kate & Tony & I went swimming. On the water pipes

19 fell! I did not enjoy diving, however. As many people there. After we dressed I walked out

19 with Tony and we had our proposal. Kate on "deep" suspects. In the evening I wrote to Miss Mc St.

19 and went sailing around in Kate's car. One was almost kicked into a good natured man. Saw one little Canadian

JULY 4

19 Heat! Made bed etc. as well as I could and slowly trudged up to Kate's. She + her mother + I sat still

19 and talked. I sewed at my button on my dress. Later Recall walked in! He is home for a short time! He

19 is very good-looking now and much improved. He brought us some - little side fruit in the afternoon

19 wore my new self-made dress to see Willie. Dined with June + Kate - that is Willie was in "your fire". Sunday

19 off. In the evening the whole family - much as they went out to Mrs. Bleasie's to watch the fire works. Fine

JULY 5

19 Soon after I had finished my work Kate came down and we climbed up to the pool room in fall the

19 last - while she painted pots. I sorted books for the home. In the afternoon we went to the farm

19 for the eggs + then back again. Wait in the meadow. We covered some gingerale with the spring up, over

19 shirt + trousers, but it didn't cool sufficiently. We played our cards until some sleep caused by tired

19 it. Then we talked of love! In the Tony came down. We continued the subject of Kate + mine this afternoon + got a Sunday

JULY 6

19 Went to church all by myself. Dr. Foley preached Holy Communion, too. Then I took a can of soap up  
 19 & maid - people started! In the afternoon I went up to Victor and sat with her on her back porch. We read & played our m. and talked about that deep, almighty subject, love. We wish we could  
 19 understand it - I'd be content with a taste of it. June came later & only added to our perplexity of the subject. We indulged ourselves in feast but had just cut down to it when another came for us! Uh!

JULY 7

19 Woke up with the realization that I am nineteen! Awful thought! I went down town with Sony and  
 19 tried to buy her a couple of things. In the afternoon I took Kate & Charley who is home for a few minutes, on an errand  
 19 then got Sony & Grandma and took them all out to the Kap-kisses for a picnic - met Aunt & cousins. We rode  
 19 old Nell and took motor rides & ate! I mean! Kate ran my car a few miles & made me act furious, but on the whole the picnic was a success - including the perfect sunset on the way home. Got some presents, too.

JULY 8

19 Kate and I went to the station to see Charlotte off. Then we took a ride and ended up at Tony's house. 19 of course, we stayed and talked for quite a while on our usual subject. In the afternoon I was all cozy and comfy in the living room when Kate asked me to come up there to sit in the living room while she cleaned her car. I discovered later that I was a nice long letter to Aunt A. In the evening, 19 Kate made up for her bad treatment in the afternoon by taking me for a ride. Later, I read "The Circular Staircase".

JULY 9

Washed Billie

19 After I did my housework I settled down for a good morning's work. I thought, but I found that mopping 19 ruffles was some little job. In the afternoon I went down town with Kate. We did some play clothes of wraps for our families. Then we went to the movies to see Eric Fegerson in "Eyes of the Soul". It was splendid and Kate & I clutched each other at the thrilling kisses. In the evening 19 after I had eaten supper alone with my book, I read and served a little and dreamed a great deal.

JULY 10

19 Mother & Dad each went  
to Plaza, so grandma & I were  
left in charge. Boy & I were  
sitting up in the  
19 front room and read &  
knitted respectively. I got  
absolutely callous, reading!  
In the afternoon we  
19 resumed our positions,  
only I began to color a  
hat fringe. I went down &  
the dentist, as per supply  
19 he wasn't home. After  
supper I wrote to Beau in  
answer to one I got today.  
It was a splendid letter &  
19 and described what his  
future wife must be like.  
Played au. & entertained  
grandma till Mother came home.

JULY 11

19 After housework I went up to  
Halls and from there spent  
out with her & her mother on  
numerous errands. In the  
19 afternoon Mr. Lutz took  
Kate, June, Dalby & me to  
York in the car. Then  
(while he attended to his  
19 business we four went  
to the movies - Gladys Brock  
well in "The Squeak." Dad had  
sundae. The ride home  
19 was even more beautiful  
than going over - and it told  
me to have to talk to Dalby  
when I ought have been  
19 dreaming of - things! In  
the evening Mother & I went  
up to see Cal - he has a  
"hard!" Dad came down later.

JULY 12

19 after housework I trimmed  
my hat - or rather made the  
hat - it's all ruffled. Then Kate  
came and we started off to  
market in the car, but it  
broke down or something &  
we walked. In the afternoon  
I started to get my car out &  
19 found a flat tire. So  
after an hour I actually got  
off. Took Kate & Tony out  
of the farm. They read my  
19 French book, which Beau  
just sent to me - it is very  
ab- good! Then we suddenly  
took a notion to stay for supper  
& 19 Tony & I went to the little store  
at Edin & informed our friends  
there & bought food. Some good  
time. Played croquet with Dad later.

JULY 13

19 Went to church with  
Mother. Then I walked out  
to Tony's. While she ate  
her dinner I came home to  
19 get a squat for Cal. Then  
I met her again & she was  
going with me to go it to  
him - but she got cold  
19 feet! So I went alone to see  
the Bearded Gentleman! In  
the afternoon I spent most  
of the time! Then I wrote  
19 up all fresh, to write  
letters. I finished the huge  
pile of letters owed considerably.  
Later we had a pick-up  
19 supper. I wish the apples  
were here for the pick-up  
supper we used to have there.  
For that reason, only I wish it.

JULY 14

19 I thought I never finished my work, but I did, in plenty of time to go down town on errands - and I actually went alone & walked! I delivered Miss Roberts my hat & got the ribbons to finish it. Fine! says she (& me!) I also bought material for another! So in the afternoon I worked hard on a little "Norma Talley" turban. When it was finished I wore it up to Kate. Then I had some of her magazines. Grandma & I were alone for supper & we saw the movies after ward. Saw Marie Davies in "Getting Mary Married". It's a darling picture. Then I read in my new French book.

JULY 15

19 I didn't do much work as I'm feeling funny. Started to make a wiglet with Beau's lace, but got dizzy & dizzy and had to lie down. In the afternoon I went up to the studio to fool around and ended by finishing up my school memory book - it is a complete record of those three happy years. Kate dropped in for a minute & gave me her belated birthday present - her picture frame. In the evening Mother made me take calomel. To keep my mind off of it I wrote two long letters - to Susie & Edith. Then I went to bed with buzzing ears & a headache!

JULY 16

19 If I felt bad last night I  
certainly felt worse this  
morning - and then castor  
oil in whiskey! Yuck! it  
19 makes me ill to think  
of it. I stayed in bed - as  
much as I could! - all  
morning and part of the  
19 afternoon, with Bill at  
the side. Kate dropped in to  
see me. When I got up I  
tried to read, but even "9  
19 D. Warner's Tales" couldn't  
hold me. And then Dad came  
with the news that the house is  
sold! Sold! Oh, it seems awful,  
19 but I guess it's better. The  
house is pretty old & out of repair.  
Wrote to Skim & searched for  
a book - started "Slaves that Pass in the Night."

JULY 17

19 got up, exceedingly hungry! Ma  
would not let me clean my  
room, so I read until Kate  
came to take me with her on  
19 errands. We dropped out to take  
Sue Hager "around the block" &  
then went up to see Tony. In  
the afternoon I finished my  
19 book & shed a few tears  
over it. Then took a nap! and  
spent the remainder of the  
afternoon - making linings  
19 for my hats. After supper  
Gramma and I went to the  
movies to see "Miss Dulcie from  
Dixie" - Gladys Trelis - it was  
19 very good - only the south-  
ern songs in it aroused Gram-  
ma's sentimentalism and she  
poured out sad tales to me.

JULY 18

19 Hurried home to go to the station to say good-bye to Kate. It is raining cats & dogs - mostly cats. The man is measuring our house to make it into apartments. Poor house. Wrote two letters in French to Beau's friends, one of whom sent me some lovely art cards. In the afternoon I walked out to Loup and talked & hummed my rights out there. After supper mother & I went over to Mrs. Glominger's and so corrected my French letters - quite a lot. It is certainly a nice girl and I'm very sorry the man she is engaged to is not my brother. Wish her happiness.

JULY 19

19 Copied the two French letters and wrote one to E. Robertson. Ran ribbons in my clothes, etc polished shoes & did many chores in general. In the afternoon I fooled around up in the studio, cleaning out papers. Dad came up and thought the room pretty nice - 'Now that it's sold!' Boo-boo. Really shall miss that room more than any thing else. In the evening I read some foreign short stories which mother found - and some plays & some to myself. I forgot to say that I got a French letter today from the sender of the picture.

JULY 20

19 Went to church - with the whole family! Came right home and read short stories. In the afternoon

19 I had - rushed off to a fire with Dad, but nothing could be seen, and returned to my reading. Later when

19 Mai called up, I got the car out of the garage with great effort & anxiety and took Mai out some street for a maid. Before I got home, however, it rained torrents - sheets - masses! I certainly got a few quarts(?)

19 words from Dad on returning - but was it my fault? I ask you! Read all evening except when I played.

JULY 21

19 After housework I cleaned mother's & my jewelry - some job, too. Then I got the habit of cleaning up my old trunks in general. In the afternoon

19 I went down town between thunder showers - it has been raining for a week!!

19 I went to the dentist and also bought material for mother's shoes for me & make! When I got home

19 my package came - at last! Immediately I did a very good portrait of mother - everyone likes it. Singled?

19 After supper Dad took me to the Colonial - it was not over good. I retired with an aching tooth & a throbbing head.

JULY 22

19 Still doth it rain! Skipt  
housework and commenced  
work on quattu dresses. Ma  
I are doing it in partner-  
19 ship. In the afternoon  
I went to the dentist - auck!  
and then slept continu-  
ously on the dres - I'm  
19 asking the mention  
Beau sent to me. Luckily  
I dressed up for supper  
and even wore mother's  
19 earrings which she  
says I may have - for  
Mrs. G. & her came  
and stayed late - an  
19 enjoyable evening. Mr.  
Merkus dropped in too, but  
didn't give much praise  
to my picture to be nice.

JULY 23

19 After cleaning room Mother &  
I worked on my dres. Oh  
how we worked! because  
we want to finish it before  
19 Beau comes home. But when  
is he coming home? That  
is what we are all  
wondering, and for that  
19 reason we have again  
postponed our trip to B. It.  
Aunt May came to spend  
the day. In the afternoon  
19 I continued to sew. After  
supper I played croquet with  
Dad and went to the  
movies with Mother, Aunt  
19 May & Grandma. It was  
the first time in the  
lunch. It was very good  
but had me weeping every

JULY 24

19 Made bed, etc and went  
down town. Had Mr. Sou Der-  
smith's frame Mother's & I took  
then Dad took Mother's & we  
19 Billie out to the farm.  
He left us there while he  
attended to some business.  
It really was perfect - so  
19 quiet and lovely. In the  
afternoon I washed  
Billie and was quite over-  
come by the exertions in  
the heat - so I slept for  
an hour or so. Then I went  
down town to buy supper,  
Maggie is up. In the  
19 evening I caught a magpie  
and set it at large all  
alone with Billie & read.  
Gee! I'm tired today. Why?

JULY 25

19 First room and went down  
town & all about a hat  
frame - also looked at cor-  
ring, but we wanted my  
19 fancy! Then I tried to  
improve my hat by starching  
it but succeeded in ruining  
it - but Maggie came to  
19 the rescue. In the afternoon  
I covered the hat & made  
"Beau's dress" and later I went  
to the dentist & have 3 teeth  
19 filled - poor icky mouth.  
In the evening I played  
croquet with Dad & sewed  
and edged on my hat  
19 with the yarn left over  
from knitting Beau's socks.  
So, my costume will surely  
be one I can call "Beau's."

JULY 26

19 cleaned, etc. and went to  
market with Mother - some  
little trip! Then we went  
shopping. In the afternoon  
19 finished my hat - lining  
and all and pressed some  
dresses all by myself - with  
Maggie's help. After that I  
sat for his portrait. It  
got quite good but I  
don't like it because it  
hasn't much "technique".  
19 Mrs. Malone dropped in to  
see Mother's & saw Dad too  
and all those in the studio.  
She was agreeably surprised  
and made me long to do  
better work. Mai came down  
for the evening and visited  
Mother & me to a round.

JULY 27

\*

19 got awake at six with the  
cure! And immediately got  
such awful cramps that I  
had to sneak down to the  
19 kitchen & make some tea.  
All morning I spent in  
mortal agony - even after  
I got up after church time.  
19 I was sorry to miss  
church - but God understood.  
I read the papers & some  
magazines. Mrs. Goring  
19 came for dinner. I slept.  
Mother & Dad went away, &  
I got so lonesome I grew  
melancholy & morbid. Walked  
19 thru the yard which is soon  
to go to new owners - and  
nearly killed myself with  
memories! Wrote letters to cure  
pain.

JULY 28

<sup>19</sup> Didn't do much housework but sat on the porch and mended my clothes, even darned Dad's sock. In the afternoon I read Stevenson's "The Wrong Box" until Tony came and related to me all his flirtations & gauds for the past week. He is some funnier, all right but a dear girl. In the evening I walked down the street to get some candy "pour ma mère" and then played m. for a while and then read until late.

<sup>19</sup> I massaged my hair with sage tea - if I don't get beautiful it won't be my fault! gee, it's hot!

Great Day.

JULY 29

<sup>19</sup> Housework - wrote to Aunt A. & Charlotte. Washed a whole rainbow of stockings and then read a new magazine. In the afternoon I read and later made two very good brassieres - I tell you I can make anything!!

<sup>19</sup> Muck Fred called up wanting to know when we are coming. Too impatient Bete! After supper Grandma and I went to a very good show at the Colonial - magicians & acrobats, etc. When we got home we found Dad returned from Tula with carriages for us - and also! that we had gotten a telegram from Beau, just arrived in U. S. A.!!

JULY 30

19 Worked & read. Went out to the Farm with Dad & Billie. Billie is such a dork that I don't know what I'll do without him this winter.

In the afternoon I read, sewed and went down town in search of cheap

19 hats - in vain. I saw some darling earrings too, but they're blue & I have two pairs of blue. After supper

19 I played croquet with Dad. Uncle Fred telegraphed that he would meet me tomorrow but - Beau called up and

19 said he'd be home on Fri. I announced that I wasn't going - much to Dad's surprise. Mrs. G. & her son were

JULY 31

19 Worked in room then wrote to Aunt Louisa. I had a letter from Olivia saying they were riding up there, so

19 tried on one of Dad's habits to be prepared. But, slack, alas, I did not know Dad was so much bigger

19 than I! In the afternoon I read, and printed some wooden heads and then tinkered on the m.

19 In the evening they made me play - actually on my up so I gave them a dose of operas. Then Mother

19 I went to the movies to see Bill Hart in "Square Deal Sanders." Very good so was the Christie Comedy

19

Cleaned "boxes" etc and washed Belle - then I made bags for his feet to keep clean. It succeeded but he

19

was so funny!! Went down town. In the afternoon I cleaned the billiard room and manicured and cleaned

19

up generally. Then I read to calm my mind for Beau's coming. After supper I took Grandma and Mother out

19

to the farm for eggs. When we got home Ma was sitting on our steps! we joined her and before very long much to

19

our surprise Beau walked up. all hands earlier than expected. Gosh! It was fun to see him and he certainly is good-looking!

AUGUST 2

19 Fixed my room + Beau's.  
Went to market with  
mother - on the way home  
we bought some beads,  
19 which I proceeded to  
string. Mrs. Grommer  
dropt in to see Beau and  
kissed him - as everyone  
19 does! In the afternoon  
Friend Cal called and after  
he drew himself finally away  
I took Beau for a short  
19 ride before supper. We  
took mother + Gramma  
+ me for a pretty ride  
after supper. He's a dear!  
19 and he brought some beauti-  
ful lace covers for mother + me  
+ brought us some gay tankies  
+ all kind of trinkets + nice things.

AUGUST 3

19 Dad watched 30 minutes  
too early!! Went to church  
with the family including  
Beau in his uniform. It  
19 was Communion service.  
Beau + I went up to all this  
apartment. Mrs. Grommer  
came for dinner and we  
19 had some of the wine.  
Beau brought from France!  
Dad not like them much.  
Thus Beau got out his  
19 pictures to show us. A  
great many are of French girls  
but there are also a number  
of pictures of guns + dead  
19 Germans. Then Beau took  
Gramma + me out to the Rappin  
for a pleasant long visit  
stopping at Miss Reader's <sup>on the</sup> way home.

AUGUST 4

19 Fixed my room and wrote  
in my diary - which was some  
task because I'd forgotten it since  
Beau came! Then I washed  
19 my hair and while drying  
it tried to string the beads  
I wanted - to their summation.  
In the afternoon I pressed  
19 several dresses and  
went down town in the  
car. Met Roy who intro-  
duced me to some of his  
19 friends - and embarrassed  
me in my dirty dress & underwear.  
I bought up some beads  
she has longed for - with  
19 Dad's money. Then I came  
home & helped Mother pack.  
In the evening Mary, the old  
cook, visited us. I made a veil.

AUGUST 5

19 Rein' and we are going  
to Bellefonte today! Neverthe-  
less we put on sunny smiles  
to chase the clouds. Finished  
19 packing and got every thing  
ready to leave 1 1/2 hr. later  
than we expected. Beau  
drove and except for the  
19 rain it wasn't bad. After  
Harrisburg it kept raining  
but the road was so  
muddy we had to put  
19 chains on. We stopped in  
a cozy road to eat - sun-  
shine coming. Pop & I we  
had a blowout & fixed it.  
19 Just as we got to Lewisburg  
got another! Had supper  
of ice cream there. Awful detour  
just before Potts. Jolly glad to  
see Beau.

AUGUST 6

19 Late for breakfast! Found Fred + Phil home from their trip last night. Fred looks just as usual. He is a dear boy. He took Bean +

19 Phil + me to State College and Grand. Had delicious ice cream over there. Phil is coming and he + Bean have us

19 laughing continuously. In the afternoon Phil + Bean + Bud Morris + I went to Lock Haven to see a girl of

19 Phil(?) We slept at the Club for orangeade. Bud + I had a lovely time on the back seat after dinner - &

19 we were late - Henri + her cousin Dorothy + I saw Owen Moore in "Grimson Gardenia". Then we sat in the most delightful

AUGUST 7

19 Olive came in to see me for a few minutes. She is as pretty as ever and certainly a dear girl. Then Phil took

19 Mary Ling, Dot Burdman, June Dale + me out to see the aeroplanes come + go. On the way home we stopped to see

19 May Linton - Lockman. She is very pretty - not so much as this' as Clara heard. In the afternoon the three boys + May

19 I went to Lock Haven for a swim - it was great!! Then we had a jollicking, jollicking ride to Fishing Creek for supper.

19 We ran over two chickens and caught a snake. Carried home 20 eggs for a good fast-food reception at the Redders.

AUGUST 8

19 Read until Fred took Beau + me over to Boalsburg for Ollie. I mean Derry. Beau + she spoke French but Fred + I didn't speak

19 much at all - like to ride with quiet Fred. In the afternoon we watched Fred drill two boyscouts - & we walked on a

19 perspective. Then we dressed & took Walter, Aunt L. + Ollie to a very nice tea at Curtis in house of "Mrs. Cochran". Two of Phil's folks

19 seven girls came for dinner after which we all dressed + went to the Bush Arcade to a most wonderful dance. Fred took Ollie + me and managed us both beautifully. I danced + danced + didn't get tired or even bored.

I would dance the rest of my life with Fred.  
Home at 4.15 - 11.1

AUGUST 9

19 Ollie + I actually got up at half past eight!! We went out to look for our horseage which had brought us such

19 much good luck & happiness of the dance - but it was gone! Then we took a long swift ride and found the rest of the

19 dancers just getting up when we got home. Then Fred took us for another ride!! In the afternoon Beau took us

19 for a short ride - Fred + I sat on the back seat & he told me about someone who "takes too much for granted". Then we watched

the 19 tennis + love lane etc. Family out - dinner alone and again a most marvelous ride + the moonlight over mts. Fred, quiet.

AUGUST 10

19 "We have to get up" - and immediately Dery & Samugghed closer. However we did get there in time for church.

19 sat alone with Uncle Fred. We walked up the hill with D. Merriam - my one else has gone to camp.

19 In the afternoon Fred took us for a long ride up Fishing Creek. Out in back with Phil & Beau, and made up "snappy stories" when I got tired listening to their war talk. It was a lovely ride - and when we got home we

19 found some supper & a fire. Later we went over to see Cousin Nannie - in a round - about way. Oh! & I was in bed.

AUGUST 11

19 According to a bet we made yesterday Dery & I got up at seven and found Beau & Fred waiting for us. I took Fred a drive while the others played tennis. It was very foggy, but that only made the drive more interesting (!?)

19 at the volleyball field we saw two planes land after much indecision in the fog - one crashed. Later Fred took

19 Mother, Aunt G. Dery & me to Oran. In the afternoon Ruth & her friend drove over to see us! they saw the whole family and liked Phil especially - worse luck! They were here for some time and then we got ready to go to Brookburg. (see index)

AUGUST 12

<sup>19</sup> I wrote up this poor deserted diary and then walked up that hill to see May. She was just going up town

<sup>19</sup> so I went with her. We walked up again — I'm losing weight, I hear. Saw pictures of our wedding. In the afternoon

<sup>19</sup> I read and talked to Fred about getting married! — not that I intended to! Then

I took May for a beautiful

<sup>19</sup> ride — we got lost & did all kinds of tricks. She came for dinner with us and afterward we four went

<sup>19</sup> to the movies — I forgot to say that Phil left this morning. A. Brady in "Her Better Half". Poor Fred is so worried about his love.

AUGUST 13

<sup>19</sup> Fred decided to give up his trip to his love(?) — After I decided to stay here for some time after the family leave. I read "Dude"

<sup>19</sup> until Fred dragged me out for a ride with him & Joe Leady & Beau. In the afternoon I again settled down to read

<sup>19</sup> but later on Dad said I "could go with him if I wanted to" and I did — of course — We ended up at the tennis

<sup>19</sup> courts where the boys were playing — badly, to Dad's disgust. After supper Fred took his Morris, then

<sup>19</sup> got Brackshaft and Beau & me for a peachy long drive. Dad is awfully funny and a peach of a girl likes her.

AUGUST 14

19 Mother & Dad & Beau are leaving today without me!! I watched them go off in the old chocolate Drop and then I went driving with Fred & Aunt K. & cousin Mary. In the afternoon I walked up the hill in search of May. 19 She is sick - and came back to copy our class prophecy until Aunt K. took me for a short drive with her. She made a call on Elwood & I had one of our friendly chats! After dinner Fred & Phil & Bud & Bob & I went to Lou's home for a splendid dance at the Country Club. I danced & danced & fully enjoyed it. The ride home was the quietest as I pretended to sleep.

AUGUST 15

19 Slept wonderfully late and had breakfast alone with a book. Bliss! Soon Fred took Phil & Bud & John, Love & me on a lovely long trip to Huntington for a new trip, etc. We had a picnic luncheon and bottles of fun. We put in a funny hotel over there - I drew pictures & tried to amuse myself - then just as the car was ready we discovered some friends of Phil's - very attractive girls - and accepted their hospitality for a while. Phil drove home but we got here safely. 19 At a late dinner in the maid's dining room - all five of us. Then Bud & Phil & I had an animated conversation on "heart-beat".

AUGUST 16

19 Jamie Hickok & Bio came over  
to see me - quite early it  
seemed as I slept late. Jamie  
I walked up & call on May  
19 and stayed there all morning  
in the afternoon I stood  
around with the boys and  
then went over to James.  
19 "We" made arrangements  
for a dinner party which is  
going to have and went  
down town in search of tennis  
balls for Fred. Bought a box of ice  
cream. Then we read aloud.  
after dinner May, Jamie & I  
went to the movies which  
19 were rather - Madeline  
Traverse in "The Love that Dances".  
got home to find that Jack Montgomery  
had called to see me. - & I like Jack.

Happy Birthday, Fred!

AUGUST 17

19 Fred & Phil & I at breakfast, alone  
had no intention of going to church,  
but "some one" changed our minds.  
We went. The Hay cousins came  
19 for a very good birthday dinner.  
and not long afterwards we "kids"  
packed up and got Jamie &  
Bud & Jack Dale and went to  
19 Boalsburg. There we had a  
picnic - Mr. Johnson & I roasted corn  
in the fire and altogether had a  
good time. Then we came back to the  
19 house and danced. Phil danced  
with me quite a lot and was awfully  
nice. Major Boal & I had a chase thru  
everywhere for cake. Bud & I sat  
19 together in the sun parlor for a  
long time & talked - quite seriously.  
Later we went with the boys to the  
Tavern & then came home & bed.

movies - D. girls, in "I'll get them yet"

AUGUST 18

19 Ray woke us up terribly early, and of course the bus was late for breakfast. I sat beside Mr. Johnson. He reminds me of a large bear - sometimes ungainly sometimes writhing. When the paper came we went for a ride. To State where we got a good. I sat with Jack Dale but he is kind of quiet because he has just returned from France. At luncheon we had some awfully good wine! Soon

19 Mr. Johnson brought us all to Rte. I had to sit with him in front but Bud sat on my other side. It rained terribly when we got here so we all fooled around and I hit Bud + wrestled with Phil + had a gay time generally. Johnson had to stay to dinner. Jane + I <sup>went to movie</sup> quite late.

AUGUST 19

19 Went almost everywhere in the car with Phil. He is so funny about trying to evade poor Ray, but really I don't blame him.

19 In the afternoon I lounged on the porch with the book and listened to the minutes fly by. At last I found

19 enough energy to press my dress and then I went for a lovely drive with Robert + the Japanese boy. Fred + I

19 went for Ray's trunk later when we found Phil had forgotten it. We all went to a very nice dinner at James. It lagged a bit afterward. Jack Dale + I played tricks + others parched or poker. Sat between Jack M. + Bud. Bud, Phil, Fred + I took a drive afterward.

AUGUST 20

19 The Johnsons & Annie came  
over bright & early. Oh! I had  
a little argument with Fred  
as to whether the Manassas  
"19 necklace" was pearl or diamond.

"19 necklace" was pearl or diamond  
then we went up to the  
upper court & watch. And  
that was - Ray invited herself

19, rode off with Phil & Ned.  
but I stayed there & read  
"Arsène Lupin: Gentleman Burglar".  
In the afternoon, Olivia & I

19 helped Aunt L. get ready  
for her tea. Then I dressed  
& discovered the curse and  
looked pretty for Aunt L's guest.

18 until good wine - which was  
I indulged freely. After that  
he took Jane & me to see Mary  
McLaren in "Unrepentant Woman"  
stop at at his.

AUGUST 21

19 Slept late and was awakened  
by mistakes - & - ! Phil told  
me of his gay party last night.  
May Cochran dropt in and

19 We had a pleasant little  
chat. Like her. I got lots of  
mail including a note from  
Mrs. Timmins! and a packet

19 Birthday present from Charley.  
which spurs box I placed in  
front of Bird & Fred. - and Ray  
is still wondering who Charley

13. In the afternoon I read a little and slept a lot. After dinner Fred took Mary & Paul & me to Loch Haven to the lake.

19 It was a roller of fun and I enjoyed every minute of it. I enjoy hearing Bud say he likes me too. Oh, yes, a lovely ride home.

AUGUST 22

19 "Happy birthday, Bud" said I at 12:15 this morning. Slept well until Aunt L. awakened me to see the boys go off. They had a

19 dizzy time getting off, too! Then I mended some clothes, etc and later went down town with Aunt L. In the

19 afternoon she and I went to Cousin Sammie's for a most delicious dinner. We saw Jack M. flying around in an aeroplane! Then we came home and I slept all afternoon!!! Uncle Fred came home from camp after

19 another big meal. I took May & Jamie to the movies - ending with "Mystery Adventures." We chatted afterwards.

AUGUST 23

19 Up early again! This time Aunt L. & I took Cousin Albert & Marjorie May & Nanette to Huntington to meet their train. It was a

19 wonderful ride - we went 50 miles in 1 1/2 hrs. On the way home we stopped by a stream for luncheon - it was like

19 heaven - not only the food, but especially the view. When we got home I walked up the hill in hopes of seeing some one. I did! I met Bud on the way back & kept for a word with him. Then I read and attempted in vain to copy a picture of Fred. Finished "Auntie's Recipe." Went to the movies - Doug in "Habit of Happiness" with Mrs. Curtis & Rolf. The Luigs dropped in later for a chat.

AUGUST 24

19 Aunt Lo's wedding anniversary.  
Went to church with Uncle  
Fred and afterward Heine.  
I stopt in to see James & Mabel.

19 In the afternoon I read  
the papers and then slept.  
Indeed, I am some little  
napper, lately. Woke up in

19 mid to dress in old clothes  
to walk up to Pt. McLean  
with James & Heine. Ah, it  
was a lovely walk, but quite  
a little pull for Miss Hattie.  
Marvelous view from the top.

We had grape juice & when  
we got back I dressed for

19 supper and later wrote  
to the family and read  
"Greatest." I got a postcard  
from each of the boys! Nice!

AUGUST 25

19 Read until I could turn my-  
self away, then went up to  
Ma's. She had errands to do  
so we went down town. Once,

19 when she got up on the shoe  
shiner's chair, she fell off! She  
was mad & I laughed. In the

19 afternoon Olivia came over & we  
did her errands & then went  
up to the canyon to watch her  
father & Bud. We drew little  
good luck charms for Bud. The

19 Morrisles asked me to come for  
dinner which I did with  
pleasure. Then Bud took me to  
see W. Reid in "You're Fired" - some-  
times - I enjoyed going with him  
very much. We sat alone on the  
porch afterward and talked of  
many things. He is really darling

AUGUST 26

19 I read and later went out with Aunt J. in the car. The boys are bringing their girls back today and I'm very anxious to see them. In the afternoon I went over to Jamie's. We walked up to the ship, where we hung around until Jamie had to go away - on the train. Then I went down town with Lewis & Mabel. I came home soon & wait for the guests and continued to do so for the rest of the afternoon, for they did not come till after 19 eight - & then we had dinner! The girls are looking very pretty & attractive. It seems funny that I'm older, too.

AUGUST 27

19 The girls slept very late - much to the boys' disgust. I went up to their room after a "report" - later I took their breakfast tray up - & spilt one of them! - not oddly tho. In the afternoon we went for a long drive to P. Lewis' Cave, 19 which we went there. I was washing Bud was there for the boys were occupied with the girls. I like Eliza Baldwin very much tho. Cornelia Loomis is kind of snippy. After dinner I packed letters to May Cochran, and dressed for a dance given by Mrs. Merriam in the Adamson old house. The dance was very nice for that kind - my cousins not there - Jack brought me home. Will

AUGUST 28

19 Up early - it rained - got everything in readiness - called up the dear Johnsons and ran over to say good-bye to Cousin Roy. They

19 Uncle Fred and I started off in the Cadillac with Ellwood. It was a marvelous ride, the

19 very much. We ate our lunch - picnic - at Silverpool and got home in good time. A ride like that is a good end for

19 such a visit - gives you time to think it all over. After dinner Kate came for me in her car Sam & Nellie were with her - gee! how

19 I love Susie! We saw Russell & I practiced my winks - & winks on him and then we all went to see W. Reid in "Love Burglar."

AUGUST 29

19 Slept with mother, as Uncle Fred is in my bed - Dad's in Pa. Unpacked and got settled then I took Susie & Liny &

19 Billie & "Jezie" - my dog - for a ride. In the afternoon Kate & I tried to meet Susie at an appointed place, but we

19 missed and we walked twice as far! When we did get to Tony's however, we talked & talked about - plain

19 facts. In the evening Kate had Susie & me out for a ride. We kissed & loved & had a rollicking time. I

19 had an advertisement picture which they were led to believe - a Capt Dale from Bklyn! I'm some little story-teller!

AUGUST 30

19 Met Susie and we walked around town until we found Kate's car - which we promptly got in! In the afternoon

19 Kate took us for a short ride. We stopped at a store & Susie & I bought some rope!

We went up to Kate's - where

19 Russell had a lot of his friends - Kate says he is crazy about me but I don't believe it. Mr. Sutz had a party

19 after everyone left we finished up the cocktail!!!

In the evening I walked up to Kate's & she & Russell walked down with me to meet Tony.

We all stood on the corner for a long time & - joked! Later Tony & I walked & - talked!

AUGUST 31

19 Walter & Beau went off on a trip, leaving me to my own devices. Went to church with Moll, Susie & Tony. afterwards

19 we walked & old Kate had gone - but ready to see Russell - for my benefit! Then I walked out to Tony's & up to

19 Susie's. In the afternoon I took the same three girls for a very risky ride on which we broke the speedometer etc. etc.

19 We hurried home to meet "Charly" (member Bud?) but she didn't come so we went out to a lane & read aloud. The

19 apples came up to my "studio" later & Beau took them down. Mrs. Gloringer came for a kind of supper with ice cream.

August 11.

MEMORANDA

19 just before we left & we  
played for a while with little  
Dennie. At Boalsburg we  
saw Fred, Ben & I - went

19 swimming in the cold water.  
The rest of the family came  
in time for a delicious picnic  
supper. After that we all

19 went to the museum. I see  
Major Boals was there. They  
are wonderful & I don't see how  
we got as many over. They

19 Bill & I talked in the woods -  
until we had to go in to  
dance. Major Boals & Mr.  
Johnson were screaming

19 and nearly killed me when  
they were dancing with me  
with sword & revolver!  
I never laughed so much!

SEPTEMBER 1

19 Washed Billie after general  
work and then went to  
the farm with Beau. We  
went further than the farm  
and had an enjoyable ride.

19 Lucie came to our house for  
dinner, and we talked and  
fooled around afterward. Just

19 as we had decided that I  
should paint her picture Beau  
asked us to go for a ride. So we  
got away and called up at

19 Peach Springs to see the Labor  
Day crowd. We took a ride on  
the Jack Rabbit, etc. After sup-  
per Beau & I took Mer on

19 an errand and, of course, for  
a little ride. When we got  
back I picked out some yams  
on my mandolins. Combed Billie

SEPTEMBER 2

<sup>19</sup> I got ready to wash my hair, but had no soap - so I picked out some nails on my nail until it came - they

<sup>19</sup> worked! In the afternoon I took the apples on numerous errands and then - Susie & I played

<sup>19</sup> tennis - but alas, alas I lost miserably. We went to the Hagens then for some fudge and when Kate came in her car we had some pretty exciting auto races!

Mary Ellen gave me a present from the Beach House Gap! In the evening I went over to the Attles and played rum with Mrs. Attles & the little girls. They are cunning.

SEPTEMBER 3

<sup>19</sup> Went on an errand with Belle. Anna Sprecher called to see us. Later I had to go to the Farm for vegetables so I took Tony, my main force, with me. We stopped at Dr. Appel's office on the way home and found Susie bursting clean!

<sup>19</sup> phials! In the afternoon I went up to Papa's. From there she took the Appel & me for a ride - we got

<sup>19</sup> early and ended up in a garage. While we waited we went over to Tony's and fooled around there. In the evening I wanted to go out with the girls but had to go to the Colonial with the Gramma. It was good.

SEPTEMBER 4

19 At breakfast I got a letter from Bud!! Thrills + much excitement. I cleaned my room with a light heart - therefore. After

19 That I traced Kate's car to out in it for ages waiting for her to come out of the dentist's - but had Bud's letter as it was at long.

19 Then we raced over town finding Charlotte + Susie. Nice to see Charlie again. In the afternoon I wrote punch letters and met the 3 Appels + Marley. Amy + I saw Doug in

"Manhattan Madras" at the same. - the others went elsewhere + kept us waiting afterwards. In the

19 evening George took Susie, Char, Doug + me for a drive. We did much talking about Bud, her tale, etc, etc. Stopped at the Appels, too.

SEPTEMBER 5

19 Left room, etc. and took car out - had to have two blown up. Beau has gone to work in the caramel factory today. Got

19 Susie + Charlie and took them to the farm for 10m. Then I dropped Susie + got Wei and took her on errands. In the afternoon I took Beau to his factory +

then got the girls. It is much nicer to have dinner early - at twelve. So I drove Kate, Charlie

19 Susie + Nellie to Ephrata. We did some driving all right but very thing - except the car went sympathy. After supper

19 I played in, wrote to Jack and read in a fortune telling book. I kept at home on account of a cough. D - car!

SEPTEMBER 6

19 I have worked and got a position  
my pastor ready to accept.  
Charlotte. While waiting for his  
I read some of P's letters  
which I have locked up. I  
got really quite enthusiastic  
when I did so - nearly reached  
the old feeling. Then Charley came,  
but I couldn't make "A" book  
like her. In the afternoon we  
all got together - Charley & Kate  
went to the movies while I  
walked. She got a letter  
- had to stop as she was reading  
one of P's letters! In the evening  
my cough got so bad that I had  
to go to the Dr's. instead of the  
Country Club dance. (Oh, please!)  
I went up to Kate & helped her sew  
names on her clothes. He did nothing.

SEPTEMBER 7

19 Went to church with the  
three apples. It was a communion  
and the choir & ps. probably  
are back. Spoke to him after  
ward. Then I saw dragged  
us out to Sunday. There is a  
picture of an old friend of mine  
in the paper - now a Phila. del.  
It's funny how every one  
grabs up kept up. In the  
afternoon I went up to  
Kate's. I saw & Charley were  
there, and we read and  
complained about the heat.  
I saw made me kind of mad  
with her constant muttering.  
I came to me later & read  
& played my m. and dreamed  
twilight dreams - you know.  
I am awfully restless now.

SEPTEMBER 8

19 cleaned room etc and  
took Kate out to the farm  
in the car. It was a  
marvelous morning and we  
19 were, I think, to our hearts'  
content. Kate is a plucky  
and, I love her. In the  
afternoon I took Beau to his  
19 factory then, Kate, Susan,  
Charles & I went to the movies  
to see "The Way of a Woman". It was  
not very good. Afterward  
19 we had a hangout and  
did a few errands. After supper  
Beau wanted to take me to  
19 "Mitzi" but we didn't get time.  
So Mother & I went up to call  
on Mrs. Hartman but had  
a very agreeable evening.

SEPTEMBER 9

19 cleaned room and then  
resolved to help Mother. So  
I went up to the loft with  
my card & helped to carry  
19 up china & break the rest  
of the morning. We looked  
like niggers & felt like  
madmen. In the afternoon  
19 being utterly worn out,  
my cold is no better - I  
slept and played on.  
With a few others &  
19 lounged around generally.  
At the last moment I  
found a really interesting  
book - "Cardinal's Sin" by  
19 after supper, I went to the  
D's & then played with the  
others and later John  
came over for a little while.

SEPTEMBER 10

19 Worked in my room  
and then rummaged around  
the house clearing things  
out. In the afternoon  
19 wrote to Edith and then  
to Dad Morris. It was a  
nice long letter - hope he  
likes it. Then Charlie  
19 came down and we went  
down town - to mail the letter.  
We went up to the billiard  
room afterward and  
19 cleared up my "letter box"  
and fooled around in that  
play room. In the evening  
I went over to the attic &  
19 play pool with Sam.  
Of course, he beat, but I  
certainly can't play on that  
round table of tea drinking.

SEPTEMBER 11

19 Up early & ready to go to Phila.  
with Mrs. Hartman in her  
Packard. Kitty H. & Susie & Mrs.  
Appel & Mother went, too.  
19 and we had a perfectly  
lovely trip. We three young  
"uns" had great fun blocking  
our mothers with the  
19 "modern girl". We all at the  
Bellevue and then separated  
to shop. After an hour we stopped  
& Alice met Mother & me & Joe.  
19 took them to see D. Fairbanks  
in "His Majesty the American". Then  
we met the Hartmans & started  
home. We had a delicious  
19 supper at Downingtown. We  
were sang and sentimental  
and had oodles of fun. I was  
very sorry when we got home.

SEPTEMBER 12

19 Housework and got  
out the car etc and took  
Charlotte with me to the farm.  
Then we called on Martha  
19 Mrs. In the afternoon I  
returned a check for \$582.57 to  
the bank. It was made out  
to "Eleanor Reynolds" but was  
for me, Ralph, and Susan.  
Charley went with me to the  
garage where they said nothing  
was wrong with my car. I  
19! Then we took a shower  
+ shaved + washed stockings  
and did all kinds of things at  
my house - regular mother  
19 daughters. In the evening  
we three went to the movies  
to see Charles Ray in "Hayfoot  
Strawfoot". It was pretty good.

SEPTEMBER 13

19 Made beds etc and went  
to Market with Kate +  
Mrs. L. Mrs. S. fell  
out of the car once and  
19 hurt herself and - then  
scolded Kate. Later we  
two just sat in the car +  
talked. In the afternoon  
19 I washed my animals and  
then went to Denver with  
Mr. Lutz, Kate, Nell, and Mrs.  
Coble. It was a lovely  
19 drive. We watched the fire  
men parade of which Mr. S.  
was a judge. But Kate's  
relatives who are nice - but  
19 contrary. In the evening  
my mother Richard Klein called.  
He took me for ice cream but  
couldn't experience me. Dad came  
later.

SEPTEMBER 14

19 Kate stopt & ached to go to church with me, so she & Nell & I sat in a front pew. Charlie, Lucie & Lily were back further and afterward we walked out to Miss Katie's. Then we took Charlie home and stopt at Kate's & have some gingerbread & discuss things with her. In the afternoon, Lily & I walked out for Nell & then we three read our own books. Lily left early and Kate, when Nell had to go, Beau took us with mother for a short drive. When we got back I read, finishing "In the Bishop's Carriage." Which I was in love with someone I felt so lonesome & cold.

SEPTEMBER 15

19 I left my room & Beau's room and then got to work clearing out trash. I first put my "Safety Chest" with all my most precious belongings. In the afternoon I took Martha Miller out to Long park where we played golf. Oh no, no! At first I was sum but toward the end I was pretty even with her. Then she treated me to a sumple and we got an beautiful ride - took some of part of it. Then I rushed up to meet Beau. In the evening I got all "beautified" but had no place to go - so I played rum with mother - close game.

SEPTEMBER 16

19 Cleaned my room and then  
went on an errand for mother  
& kept at Kate's house. She  
was not at home and had  
promised to stop for me! Here  
fore I got mad and went to  
Charles' - she was in the  
same condition as I went  
up there together. In the  
afternoon Kate made it up  
with me and we got well  
and then had the dance of a  
time making it up with  
Charles & Alice. All happy at  
last we went for a little  
ride. Then I fooled around at  
Charles'. In the evening Charles  
took father & me for a trick(?)  
and then George took us for  
safer ride. Had little dolls & such  
cuddles with them.

SEPTEMBER 17

19 Made beds, etc. Worked  
Billings and later went  
racing around with Kate  
& the girls in her car. Passed  
some one who looked like  
Jo Catchings and she waved!  
Wonder if it was! In the  
afternoon I took some & left  
for a ride and let them run  
it!! Then I dressed & met R.  
Kline, who introduced me to  
Mrs. Grose, artist. We had  
a talk and she showed me some  
of her lovely work. Talked  
art & religion until I got  
so enthusiastic I couldn't stop  
for the family and got them  
excited too! Wonder if any  
thing will come of it. Spray  
no! Mother & I hummed

SEPTEMBER 18

19 Right after breakfast I went up to school to see the opening. About a dozen "alumni" were there and several trustees spoke. Then I came home to work. Later, when alone, I wrote a letter to Mrs. Lupton and sent her the \$10 - sh. not a word! In the afternoon I took Beau to his factory and then got Martha & we played golf. She beat, of course. We drove around, picked up Nell and had some gingerale. Then I went to Beck and we took Allen home to its getting to be a habit. After supper I went to a teachers' meeting of the Sunday School!! It was fine! Read out school circular.

SEPTEMBER 19

19 Stayed in bed until after eleven. I dreamt wonderful half-awake dreams and they were all about an old, old subject - Phil. Why do I keep it up? In the afternoon I went around with the girls in Kate's car with the girls. They returned back quickly. I began to read and couldn't stop reading for the rest of the day. It is "By Right of Conquest" about a sailor - a story of a ship who are shipwrecked on an island for weeks? Marvellous! Of course he turns out to be an English lord. When I finished it in the evening I played rum with Martha. Went to bed - I feel damn dreamy tonight.

SEPTEMBER 20

19

Cleaned rooms etc and put  
down to darn stockings when  
Kate came and carried me  
off to market. Later met

19

Mother & bought some wool  
for a sweater. In the afternoon  
got all dolled up for a very  
nice party at Tom's. We knitted

19

gossiped and ate delicious  
food. Charlie took me & returned  
me. When I got home Mother  
rubbed my cheeks & found them

19

pink!!! After supper  
met Susie and walked out  
to Miss Stiles with her. Then  
we sewed rumps and pantes

19

on their clothes & laughed &  
giggled. Mr & Mrs. Apple brought  
me back. I hate to think of  
Susie's going away. What will I do?

SEPTEMBER 21

19

Went to church with the  
Appels. Then Susie & I walked  
out to Tom's. After dinner I  
went to Sunday school and had

19

class! I was petrified but  
it worked! Afterward I sat with  
us in the car, but fell & left  
her and went home & found

19

read "The Woman who did!"  
(as odd as it sounds) Then  
walked out with her and  
took my lounge & Susie - we

19

were wearing wraps - after  
what dear Daddy is fussing  
Irish Mother could talk to me like  
that. Kate & Jean took today &

19

went out to the Appels for a  
very good supper. There was  
quite a crowd there & Mother  
George Roth & I fell out of a window!  
almost walked home!

SEPTEMBER 22

19 Up early! Hurried to the station to say good bye to Sam & Lucy. Oh, it was awful to see them go. Then Kate took us around on a few errands & Lucy confessed all her love affair with Cole to me. At last I reached home - made up bed etc. Hunted the rest of the morning. In the afternoon I got out the car and took Charlie for a ride. We stopped & read "The Woman Who Died" and then rode by till some thing broke! We got a garage man to fix it and had to wait there! - I hope had a summer near as much made as jolly. In the evening Mrs. Robinson & mother & Oscar A. Brady in "His Bridal Night" - & got lost in rain.

SEPTEMBER 23

19 cleaned rooms etc and went down town with Kate - on foot! We felt very silly and acted accordingly. But we were happy - it seemed like old days before we were car-  
 19 asphyxiated. In the afternoon I ripped & put in an old sweater which I am going to make over. Edna, Clara & Nell & M. Keller came & took me off to the movie to see Billie Burke in "The Unleading Widow". It was darling. In the evening I wrote some letters including a long one to Phil in which I told him all my family troubles. I'm a little fool I do it, but I can't help it.

SEPTEMBER 24

19 Housework and went  
out in the country to pay my  
garage debt, with Dad. We  
hurry back so that I  
could be with Kate. I wrote  
her a note in case of some-  
thing and said good-bye  
to her at the train with Charly.  
19 - say Kate - fare-well. In the  
afternoon Charly & I went  
to the museum to see Irene  
Castle in "The Firing Line". It  
was taken in Miami! Perry  
Ample sat with us & kept  
us to eat caramels. In the  
evening I went to Bible class  
to learn to lesson for  
Sunday school. He had to  
take notes. It was very  
interesting - about Moses' sticking

SEPTEMBER 25

19 cleaned room and washed  
Billie and then loaded up  
the car with old sack from  
morning and Grandma & Charly  
19 went out to the Koppies.  
There we ate chestnuts & pears  
and took Jane for a ride.  
Suddenly realized it was  
19 dinner time! Speeded home!  
In the afternoon Charly &  
I went down town. We  
brought for Mr. We strolled  
19 along & flirted & gossiped  
then I went up to Mr. Jones  
for a while & started the "Sun  
Soldier" which I read all  
19 evening while I was here  
alone. Dad & I had supper  
alone, with candles. It  
was really quite cozy. We

SEPTEMBER 26

19 got up early and went  
to Miss Eyles to have  
my hair washed & treated.  
Then I read "The Sun Book"

19 until Charly came &  
dragged me down town -  
ouch! more! In the after-  
noon I read & slept until

19 Nell's school was over  
and then I took her out  
for a ride during which  
she let her run the car!

19 She was tickled to death  
and did very well. Cute kid!  
We stopped at the hospital  
to see Jez's pups - darling!

19 After supper I read &  
played in. until Beau  
took me out to the Rappis  
to take Margie home. Cold?

SEPTEMBER 27

19 Cleaned room etc. I  
missed Kate tremendously  
as this is market morning.  
But I cleaned up lots

19 of trash in the pool room  
and really had lots of fun.  
In the afternoon I went  
down town with Charly

19 and then worked a little  
on her picture. She had  
to leave and I pressed  
my dress and magazines

19 and got myself all beau-  
tiful for the dance at  
Exeter to which Charly took  
me out. I suppose I should

19 have enjoyed it, all right.  
But I didn't - at all. The  
boys were young & couldn't  
dance. However Gray liked it!

SEPTEMBER 28

- 19 Slept wonderfully late and went to church with Tony, sitting up front. There were lots of "interesting people" in church. - Mary Lichty - 17. and her husband! Then I had to leave the girls and study my S.S. lesson at Sunday school. I actually taught - the same little girls as I had before. Got along beautifully - all manner and means. Charlie met me afterward & took me for a ride during which we picked up her S. after running about a mile beyond him & going back. Then we wrote to Dixie & Kate - at Charlotte house. After supper I wrote a long letter to Bud and sent him a picture of me at age of five!

SEPTEMBER 29

- 19 Got up comparatively early! At breakfast I found a letter from Phil and didn't open it until later. Then - oh it was a heavenly letter & just made me, oh, so happy! I cleaned out dishes & bureau drawers and threw away piles of trash. In the afternoon I got a postal card book until Charlie came to go down town. We went to the movies, too, to see "Eddie Fergerson" in "The Society Girl". It was very good. Then I walked part way home with her & we talked - about pretty. In the evening I played up & read "Three Weeks" and "The Scarlet & Imperial" as the occasion called for. Miss Gil!

SEPTEMBER 30

19 Cleaned my room and went down town with Charlie. We walked miles because we didn't seem to have any heads

19 - our mind was on those very nice letters I guess. In the afternoon immediately after dinner Charlie & I

19 thought we were being very rich by going secretly to the movies to see Rhoda Bera in "Salome." But it was not a bit "bad" & was really almost boring. He finished his portrait. In the evening I fully enjoyed my-

19 self by cleaning out my old doll-house & going thru all its furniture etc. Bea was with me, too, up in pool room

September 28.

MEMORANDA

19 My first teaching in Sunday School! I began by saying on about Pharaoh's palace, describing sinking tigers, slaves

19 & waving fans - (with my hands of course) and the girls weren't a bit respectful - they giggled!! Later however I

19 quite impressed them with a young sermon on prayer - in fact I impressed myself too! The plan came, too, when

19 I asked them if they said their prayers. We were told to ask them and were given some further questions to ask after they had

19 answered "yes." However, the first one I asked said "no, mum"! Dad said I should have begun at the other end!

OCTOBER 1

19 Hurried to finish work  
before Charly came. Swatched  
some with her, we Sept to see  
Mrs. Satz and then I said  
19 good-bye to her. Now, I'm  
all alone! Sept in at the flourer  
to get a shirt - I'm a dear. Then  
I cleaned up track in pool  
19 room. In the afternoon  
finished my work and  
many did likewise to my  
wives. Went down town for  
an errand with Billie. Paper  
read fairy tales! In the  
evening I went to Bible class.  
It is more interesting each  
time. Afterward Mr. Lorrab  
spoke of the gambling and  
immorality at the fair.  
Read and went to my duties early.

OCTOBER 2

19 Letter from Mary asking me to  
visit her. Did very little  
housework, but started right  
in mending clothes & darning  
19 stockings!! Then I made  
some pillow cases & stuff, two  
darning pillows - some job, too!  
In the afternoon I tried on  
19 dresses for mother, then  
retired to the pool room to  
finish "Three Bees", which  
flat I accomplished barely.  
19 Then I fooled around  
copying music and throwing  
things away. I throw away  
& throw away, but still have  
19 tons of things left. After sup-  
per mother & I played 500  
and Dad joined us for a  
while. I was learning & beat!

OCTOBER 3

19 slept late & dreamt of -  
who! (refer to Sept 29.) Cleaned  
my room and started to make  
some darling little collars.

19 started off to Miss Hyde for  
treatment and sleep! Then  
I finished four collars! In  
the afternoon I went to the  
farm with dad & wallet  
out to the woods to see where  
we'd build. We stopped at a farm  
house to get cider & had a  
good old time! Then I dashed to  
the 47 pulled bus off Pillsbury &  
pressed to meet Uncle Fred at  
train. Met Mr. Fred Smart. Nice.

19 After supper Cal & his mother  
called & Cal said good-bye!  
Hope he succeeds in Mexico.  
Wrote to Miss Mc L. Happy!

OCTOBER 4

19 Cleaned room and endeavored  
to remember a class song - im-  
possible! Have no memory  
at all! I mended some

19 clothes & made up fasci-  
nating stories and then began  
to read Phil's character in his  
writing! In the afternoon

19 took Tony & Nell to Alupa  
Speaker's card party. The  
party was lots of fun and  
played very well considering

19 how few times I've played!  
We had bottles of good stuff  
to eat and didn't leave till  
late. I took a number of jobs

19 home. In the evening Mother  
& I called on Mrs. Hartman.  
Helped Kitty to up a sweater. We  
got some ice-cream & got silly!

OCTOBER 5

19 up early(?) to study Sunday school lesson. Went to church with Tony and Nell. It was communion, but I did not feel over-religious. Then Nell & I walked with Tony & Emily Bidlack until dinner time. Nell had dinner with me - mother & Dad were away. Went to S. J. and taught my class with some success! Then Nell & I read our fortunes & our writing and also played cards!! Nothing else to do so, why not? Called on Mrs. Russell and visited Nell's empty house. Then I came home to talk to the family and read people's characters in writing till I was dizzy.

OCTOBER 6

19 cleaned rooms etc. and helped mother get things ready to move. Later Mr. Bidlack gave me 25 door knockers to paint and I started right in. In the afternoon Nell stopt for me to go up to her house to see the Victory parade. It was great, 3000 soldiers & sailors! We saw all our friends & then some. Then Nell & I rushed out to Buchanan Falls to see it again and we saw it a third time when it came back! We got rather weary of him. In the evening Nell & I went to her grandmother's to watch the dipping on Lime street. Gosh, there was a jam! Red at 12?

OCTOBER 7

19 Hapenworked and put more paint on my bookshelves and washed Billums and returned to painting. In

19 the afternoon I took Gramma and a load of traps out to the Happies and had a perfect drive home with

19 my Billie. The country was beautiful. Then I met Martha Keller and took her to the park for some golf. We

19 got very silly and couldn't play very wisely, but we had fun and I beat her. Had gingerale at her house. In

19 the evening I crated Billie and wrote a long, long letter to Phil. As usual I <sup>poor</sup> said everything I thought.

OCTOBER 8

19 cleaned room and started immediately to paint and painted all morning. At noon I called up Richard Keller

19 told him I couldn't see him tonight - rejoice! In the afternoon I continued to paint and when Tony

19 dropped in to see me. The bookshelves are nearly finished and each represents a day's dream while I was painting them. Later I went up to school for Nell and went down town. We had supper early because the Klingfelters

19 were. Went to Bible class, Miss Mc Duff's was there. Then I read "The Scarlet Pimpernel" to my heart's content.

OCTOBER 9

19 Fix room and finished  
knockers. Sprayed my pastel  
paintings with a fixatif  
+ nearly melted my head  
off doing it. Then Mr.  
Brenner came for the knockers  
+ helped me wrap them up, paid  
me \$2.50 + gave me 25¢  
more to paint. In the  
afternoon Nell came + we  
watched the long fireman's  
parade from our windows.  
19 It was very spectacular.  
Then Nell + I went to the  
movies to see Nagano in  
"Red Lantern". It was marvelous  
but we slept at the end. In  
the evening I finished my  
socks + mended under-  
clothes etc. Everything ready for

OCTOBER 10

19 Went around to the train to  
see Grandma off - poor old soul.  
Then I painted for two hours  
straight. My head ached + my  
nerves tingled but I kept on.  
In the afternoon I packed  
my casts and fixed some of  
my trash and drove Elan  
and more trash to Dad's  
place - we nearly were hit  
by fire engine! Then Martha  
+ Nell + I went to the eternal  
movies to see W. Reid in "Valley  
of Giants". Very good. In the  
evening I read the books Bean  
brought with him from N.Y.  
until Aunt Maud came.  
19 a pleasant talk - Mrs. Appel  
dropped in and later Bean took  
Aunt M. + me for a lovely ride.

OCTOBER 11

19 Made bed and painted steadily for  $2\frac{1}{2}$  hours on my knocker. Then I got some things straightened out in my

19 room. In the afternoon Martha asked me to go to the theatre with her & we saw "The Man Who Came Back".

19 It was a good play, but quite startling! - Opium den etc! When we came out it was raining so Beau came

19 for us. Then I painted about an  $1\frac{1}{2}$  hours longer.

After supper I packed my trunk - <sup>got the</sup> such a

19 lot to put into it! and only two nights more to sleep in this house! oh, dear house, how shall I leave you

OCTOBER 12

19 Went to church with Tony, Nell & Rega! Poor Beau! While the two former came in while I worked on my knocker.

19 We found some water under the carpet written in your youth! In the afternoon I had my class changed at Sunday school and now I teach Frances also!

Afternoon I dressed & went with the family to the attic for a tedious dinner - ducks ice-cream "n' everything" Oh, how I ate! Then we went up to

the billiard room - chairs - and we "children" played hide & seek

19 in the big closet. They were too unkind for words. The elders played pool but begged to play with us, I think this time

OCTOBER 13

19 Up early, beds torn up & moved. I put away my things and then - to get out of the road - I took an awful bus of old china out to the potties - my bump was an agony. But after landing it successfully, the ride home was a success. Then I took seven rides up to the apartment house delivering goods. Mother & I went to the Y.W.C. & 19 our luncheon and afterward Maggie & I went to our future "home", the apt., and put things in order. Oh, how worked! I 19 felt actually dead - but it was fun. The whole family went to the Y.W. for supper & spent our first evening at home.

OCTOBER 14

19 Awoke in the night to listen to Billie's tenderful snore by my bed! Got up at midnight it seemed! because my room 19 is dark. Then I read and straightened things out and went down to the old house on an errand. I went 19 into my room of it, saying goodbye, staying especially long in that dear old post room of pleasant memories. 19 Now I hate to leave that room! Then we had our first meal in the apt. In the afternoon I read & read 19 magazines until Martha stopped & asked me to go for a paddle with her. She got in the time I read & watched the rain.

OCTOBER 15

19 Mother & I swept & dusted  
the whole apt. until it shone.  
Then I mended some clothes  
and darned stockings etc.  
19 and later, read. In the after-  
noon I got a dress from Aunt  
L. - it is lovely - as I wrote  
to her. Then I read until  
19 Nell came & went down  
story with me. We felt  
silly & did silly things, in-  
cluding mailing a package  
19 in a box when they wouldn't  
take it at the P. O. In the  
evening I went to Bible class.  
Mr. Groves spoke to me  
19 asking if I ever thought of  
being a special worker for  
the Church - taking a course  
etc. would like to, only to please him.

OCTOBER 16

19 Took Billie out for a walk  
and then went down town  
to have a scalp treatment.  
Then I did a few errands  
19 and called on Mrs. Lutz.  
In the afternoon I read  
until school was over &  
then met Martha to go  
19 to the movies. We saw  
M. Pickford in "The Hoodlum".  
She left early, but I waited  
till the end, at the risk  
19 of my supper - and before I  
left a terrible rain storm  
came, as I had to wait. It  
was not long, too, and  
19 after supper I went  
over to Nell's. We  
played with the pups &  
read "Monsieur Beaucaire".

OCTOBER 17

19 Had realistic dream of getting a baby!! - and awoke with the curse. Later I had such cramps that I lay on the bed, and

19 finally slept. When I awoke I started "The Man on the Box" - a very clever story. In the afternoon I

19 read until three when I went for a walk on the way I stopped at the store where I lost a \$ and asked if they found it - no.

19 Then Nell & I saw Anita Stewart in "Her Kingdom of Dreams" quite good. Afterward Nell and I (?) cooked dinner over at the

19 Appels and ate it with the boys. It was really good, too. Later we read and chatted until ten. Nell is a darling.

OCTOBER 18

19 Slept late and almost missed breakfast! Read, "The Man in Lower Ten" all morning. In the afternoon

19 I went over to Nell's & helped her to put their books in order. They have a splendid library. Then we

19 got the car & went for ice & were taken thru the island - interesting. Then we took a spin out the Columbia gates &

19 saw the ugliest awful accident - truck & street car - I was killed. It was too horrible. We had a farewell dinner for Percy.

19 Afterward Nell & I went down town for some candy and proceeded to eat it while reading over here.

OCTOBER 19

19 Said good-bye to Beau, and  
walked to church with Tony,  
but she wouldn't sit with me,  
so I sat alone. Sermon on  
19 Ecclesiastes the reaper. Then  
drove the whole family in the  
car and took a ride with  
them while waiting for Beau's  
19 train. In the afternoon I  
taught (?) my Sunday school  
class and then felt I got  
provoked because Dad took  
19 my car. But we "called"  
with Dr. Appel. Then we read  
and had a good supper over  
there. Drove very undecided  
19 as to whether to go up to St.  
John's to hear Mr. Maynard  
from Bfco. on the Nation-wide  
campaign. But I did not.

OCTOBER 20

19 Helped mother to dust, etc.  
and went down town with  
her. We slept a little but  
everything was so expensive  
19 it made us sick. And  
silly I felt sick backache etc.  
In the afternoon I read  
until time to dress for a  
19 tea, to which I did not  
want to go. Drove my velvet  
& earrings & all! Stopped for  
Marta in Chocky, as it was  
19 her sister's tea - Mrs. Miles.  
There were a lot of newly married  
people there & it was really  
very nice. Drove out to Mrs.  
Smith home & picked up Bud.  
In the evening Marta & Dad  
& I went to see the "His-  
torical Chair - negroes - Brighton Hall."

OCTOBER 21

19 Worked and folded aprons and began to make a hat of blue georgette & a feather. Then I read detective

19 stories for a while. In the afternoon I ordered practically to finish the hat to wear to take Mother, Aunt May,

19 Mrs. Apple to the speeches tea. While waiting to take them home, I drove out to soup and took up a

19 round a few blocks. We talked - cheer - T. & C. In the evening I went over to the Apple's and enjoyed "Princess Alice"

19 and some candy, when I was called home to see Richard and John Allen. I was mad about R. But J. brought me <sup>a squirrel</sup> to eat.

OCTOBER 22

19 Wrote in my diary etc. and ript embroidery off an old dress to be dyed. Then I went down town and spent in at

19 Dad's office to ask him for a "do hat!" But we decided it was extravagant! Then I called on Mr. Foudersmith. In

19 the afternoon I cut out some candle shades that I had ordered and went to a Beta Sigma meeting at school

19 with Gony - they had a billing play but we left when there were no refreshments & got our own! She said I should

19 have accepted K. Rine's invitation - nothing doing!! After supper I spent a while at the Bible class and afterwards stopped to plaster Nell.

OCTOBER 23

19 I drew some candleshades and bottled down to Miss Edge for a scalp treatment. Then I did several wounds in the rain and came home to finish the shades which Mother didn't like. In the afternoon Tony went with me to see Mr. Foudersmith about designs and also to Anne Mandwile about sewing dresses. I tried on some securities. Then - till in the rain - we met Nell & Mary Ellen & saw M. Clarke in "Widow Lay Prosy." It was very good. In the evening Dad came home from Phila. - & Phil and later I went over & felt to start a new book!! This time it is "Special Messenger."

OCTOBER 24

19 I took Billie over to the Appels to use their flea powder on him, then Mother & I went down town to see the dresses I saw yesterday. She did not like them! - so will go to Julia!!!? Then I painted candleshades. In the afternoon Tony & I went down town and swimming at the Y. W. She taught me to dive - yes, actually!! I am really going to star at it some day!! Then Billie & I walked out with her. After supper I went down to the Littles and played cards with them, until the little girls retired, when John taught me to play pool. I like John, he's not girl crazy.

OCTOBER 25

19 Made bed etc and settled myself to lessen my pile of owed letters - wrote four. Tore up Bud's with a resolve not to answer it. In the afternoon I read - hidden in Mother's room because of Aunt Ellie's visit. Then I  
19 printed until Mother was ready to go for a walk on which Billie + I accompanied her. Maude, who was  
19 glad for mine - but Billie's? After supper Nell + I went down town for candy - I was petrified for fear I'd meet R. <sup>19</sup> ~~Heide~~! Then we found Mother at Mrs. Appels + settled ourselves to read up stairs. Mother forgot time so we left at eleven!

OCTOBER 26

19 A whole hour longer to sleep - old time changed back again. Went to church with Tony + Nell - Mr. Sawyer preached - sleepy! Walked home with Tony. Studied my lesson for Sunday school and hurried off to it after dinner. My  
19 class is not very demonstrative but we are getting to know each other better. Afterwards Nell + I went over to her  
19 house where she taught me to typewrite. We really died at Tony's attempts at first but later I improved - wrote  
19 two letters. Had good supper over there and read "Maid-at-Arms" afterwards. Stayed so late as to anger my family.

OCTOBER 27

19 Cleaned the rooms and sat  
down for a good morning's  
work on candle shades - work  
interrupted, however, to try

19 on dresses of Mother's making.  
In the afternoon I painted  
until Dad took me in the  
car to get milk and we all  
19 went out to the farm.

Bill had never seen it  
before! Bill has a fight  
with a cat! We had to

19 hurry home on account  
of rain, and later Bill & I  
walked down town for chops.  
Whenever we walk we feel crazy

19 and are happy! In the  
evening I got all dressed up  
for Mrs. Hartman, who spent  
a pleasant evening with us.

OCTOBER 28

19 hurried thru my cleaning &  
then waited hours for Mother  
to go down town with me.

We shopped and bought a

19 wedding present for M. Moore.

I felt dead when we got home.  
In the afternoon Tony & I  
went down town - again! -

19 and got a sundae, etc and  
finally got out the car &  
took a nice long drive - in  
the beginning we followed some

19 state police - in the end I de-  
scribed Phil so thoroughly  
Tony thinks she'll know him  
if she ever sees him in Phila.

19 After supper I wrote a letter  
then went over to Nell's to  
type write another - to Kate.  
Their pups are getting precious!

OCTOBER 29

<sup>19</sup> Up early & dressed in my best to go to Philadelphia with Mrs. Hartman, Mrs. Appel, Mother & John & Arthur! We had a <sup>19</sup> wonderful trip down, and then separated to shop. Mother & I bought two beautiful evening dresses for me and <sup>19</sup> Aunt Louisa, at Weyman's. Then I met John and he took me to see "Angel Face" a delightful new musical comedy - I enjoyed every minute of it. Afterwards we met Aunt Louisa & Fred!! Oh I was glad to see them - & I was glad that wasn't there - for now I hate him! <sup>19</sup> Then we had a wonderful drive home, with supper at Downingtown. John & I had lots of fun singing, etc - & he a married man!

OCTOBER 30

<sup>19</sup> After housework, I set about cutting out & sewing a negligee I'm making for myself. Stood on it all morning, listening to Aunt Mary's & Mother's chatter. In the afternoon Dad & I had a little concert (?) on our instruments - he has <sup>19</sup> had his back bone fixed. Later Aunt Mary & I went to the movies, to see "Cheer's", a very good so-called racing movie. <sup>19</sup> On the way home I stopped at Mrs. Brown's place to ask for the notes I missed at Bible class last night. After supper Mrs. Gloomer & Jo called and gave us a very pleasant evening. Why, oh, why isn't Jo going to marry Beau!

OCTOBER 31

19 Cleaned room and borrowed the janitors' tubs again to wash Billie. Then I went down town with

19 Mother + wore myself out, buying nothing - that's always the way. Made a dress for the halloween party. In the after-

19 noon I went swimming with Lory - we had the whole pool to ourselves - like the private ones were going to have some day! In the evening Mr. + Mrs. Hartman came for dinner and then I dressed in my paper dress + went to a

19 very nice hallowe'en party at Betty Hartman's. There were lots of little girls + Bob + Herbert, and I really enjoyed every minute.

MEMORANDA

19

19

19

19

19

NOVEMBER 1

<sup>19</sup> Rushed down to Miss Eyde's for a treatment, then came home to make my bed, etc!! Called next door on the woman who removes hair. Sewed on my negligee - it's getting pretty. In the afternoon Nelly & Kitty & Artman came for me to go to see W. Paul in "The Lottery Man" a very good movie. I just love to look at him! Then we, of course, got a snack - & came up to Nell's to play 500 + eat nuts! In the evening Beau came home!! Glad to see him - he's getting N.Y. ish. Later I went over to Nell's & helped her & the rest of the family to add up the Dr's accounts!!

NOVEMBER 2

<sup>19</sup> Went to church with Tony & Nell - couldn't keep my mind off Phil - wonder why. It was so common - my last is sure for some months! We walked out with Tony. In the afternoon I had to hurriedly leave a good dinner - & then was late for Sunday school. My class is still rather unresponsive. Mother & Beau in the car met Nell & me at three and we went for a long perfect drive. The weather was wonderful and made me indefinitely happy. Afterward, Nell & I took Billie for a very "successful" walk. Actually ate supper at home - Beau left - but later I went over to see Nell.

NOVEMBER 3

19 Cleaved at a great rate and cut out + sketched a set of candle shades. I got an idea from Vogue and worked with much enthusiasm. Then - imagine my consternation when after trying a new "parachuting" liquid which mother got for me, I found the walls slowly would not "take". I wail! So, as a last resort, I went to Mr. Rudenmitt + got some oil paints. Jo was there + sympathized. After supper, for recreation I went over to his + read "Chip" - a clanking story of the coast. When I was crawling into bed, I thought of an old gold ring + snuck into the silver box to get it.

NOVEMBER 4

19 Got a letter from Phil! - and in it a most unique invitation to come + see him in Phila. I answered with a curt note of refusal. I settled myself to try my oils and was discouraged + find them very difficult. So I finished my negligee instead. 19 In the afternoon, Grandma came back - more candy! I went down town and spent several hours (?) selecting lace, silk + flowers to fix up all the things for me and came home finally to start it. After supper Mrs. Goring + Jo called + I tried on my new dresses for them. Wish Jo would teach me how to behave in them. I finished "Chip, of the Flying U."

NOVEMBER 5

<sup>19</sup> I dusted & swept thoroughly  
and took my tennis racket down  
town to be repaired. Made  
Mother mad, because, I couldn't  
<sup>19</sup> go anywhere for her. But  
I had a lot of work to do,  
mending clothes and clearing  
up generally. Daddy was  
<sup>19</sup> ripping mad, too, at  
something and altogether  
home was happy! (?) In the  
afternoon I walked way out  
<sup>19</sup> Loup's to "meet" her, but  
she went shopping with  
me the rest of the time.  
In the evening, I went to  
<sup>19</sup> Bible class which lasted until  
after nine - & it is my last.  
Then Mrs. Appel took me  
for a ride. Late to bed.

NOVEMBER 6

<sup>19</sup> Soon after breakfast I  
cut out the last of the  
shades. Mother helped me  
by tracing them - we both  
<sup>19</sup> worked hard all morning.  
In the afternoon I painted  
them until I called next  
door at the dermatologist  
<sup>19</sup> and had my warts  
taken off by the electric  
needle!! It was a very interest-  
ing experience and did not  
<sup>19</sup> hurt more than the first  
jabs of the needles. She did  
not take it all off, however.  
Then mother, Will & I took a  
<sup>19</sup> little walk for fresh air.  
After supper I went over to  
Will's to read some stories  
from the "Conscience Trail" about China.

NOVEMBER 7

<sup>19</sup> Hurried thru cleaning to finish the candle shades. I did - yes, really the last ones are almost the prettiest. Went

<sup>19</sup> down town - stopped in at [unclear] is with her skirt but she was not at home. Billie was with me - he's such a little dear & I

<sup>19</sup> must leave him soon. In the afternoon Martha & I worked on my yellow evening dress until I rushed off to school

<sup>19</sup> to meet the girls. Of course, I forgot the shades & had to come back for them. Mrs. Coblenz took Martha & I saw me to see

<sup>19</sup> "The Man Beneath" God. Mrs. Coblenz was daring to take us. After supper, I helped Nell put her father's bills away. Like Nell,

NOVEMBER 8

<sup>19</sup> I upped and sent down town with Nell or rather - she went with me. Got shoes correct & all the necessities of life - including a pencil.

Then we called on two of my primary school girls.

<sup>19</sup> In the afternoon I was planned to leave the car and Nell & I went for a lovely long drive after

<sup>19</sup> did a few errands. Let her ride the car for a while, which tickled her beyond measure. In the evening we

<sup>19</sup> went to the Parthenon for a delicious dinner, after which "wild" Kitty & I went down town for movie magazines.

NOVEMBER 9

19 Went to lunch with  
Nell - we were late! Then  
we walked out with  
Sony. In the afternoon  
19 I taught my little  
Sunday school class and  
was really sorry to have  
to say good-bye to them.  
19 Then Nell & I got out  
the car and Dad took  
us & Mother & Grandma &  
Billie! - for a nice  
ride. The Chocolate Drop  
is a nice little car, all  
right. Later went over  
to Nell's for supper with  
19 the boys & us. I read  
and wrote a letter to the  
typewriter and gossiped  
with Nell. Found Uncle Fred here.

NOVEMBER 10

19 Cleaned the rooms etc  
and went to Miss Eyde  
for my last shampoo. Then  
I went down town and hurried  
home to finish "The House  
of the Thousand Candles." Just  
before dinner Dad stopped to  
take Billie & me out to  
the Forum. Uncle Fred was  
there for dinner and gave me  
some money for the movies,  
to which I took Nell after  
school - it was Tom Meigan  
in "The Miracle Man." It  
was wonderful. Martha  
went with us. In the  
evening I served buttons  
on a tray for Mother and  
later went over to Nell's.  
I shall certainly miss us.

NOVEMBER 11

19 Anniversary signed 4 years ago!  
But with the strikes, etc. It is not  
as pleasant as a year ago! I loved  
some brassieres and darned

19 socks of stockings. Mrs. Goring  
came to dinner, etc. dining.

Afterward I washed Billie -  
it is the last time I'll do so

19 for quite a while - maybe  
forever - oh, please, God, no!

Then I drew some charcoal  
sketches of Billie + a letter.

19 Went down to the store  
with Nell - Mr. Hartman  
walked back with us. In

the evening, nothing + I went

19 to the gym, where I first  
played basketball with the  
kiddies and then pool with  
John. We had delicious apples etc.

NOVEMBER 12

19 Happy wedding day, parents! I  
brushed Billie until her hair  
like copper gold. Then I began  
packing my trunk - some

19 - considering all my toy-  
fooleries in art. Later I took  
the car and went thru the  
mud on a few last errands.

19 In the afternoon I finished  
packing and dressed and  
kissed Billie until Anna  
came to take him away. Dear

19 little Billie, I wonder if I'll  
ever hug him again. Later I  
went over to Nell's for dinner -  
a very good dinner - after

19 which, being left alone we  
read the dr.'s books on Sex  
- and learned a lot!! We  
ended up by going for a Sunday

NOVEMBER 13

19 Up early - cleaned my room very thoroughly, put Mrs. Russell's box & bag etc in order, said good-bye to Mrs. Lutz who passed by. Went over & said good-bye to Mrs. Appel. Started to the station just well there! Said good-bye to that poor little person & went to York. Had dinner there & took train to Washington. There Mother

19 I took a walk and the Paters came to the station to see us and we had dinner - came soldiers next to us - and got on our train for the night. Duver called up the school or anything! Dad said we didn't have time. Wanted to,

NOVEMBER 14

19 Mother & I slept together & Dad was on the couch opposite in our state-room. Awoke to watch scenery every few minutes. During the morning Mother & I played Sniff with the card dominoes. We got out at Columbia, SC. and aired ourselves. Cal used to work there. In the afternoon I wrote letters to Aunt L, Kitty & Edith & Mayme.

19 Read the stories in a magazine - some are just bad, but some make me want to write better ones!! After

19 supper we got out at Jacksonville and walked thru the town, getting some ice-cream. Very attractive place.

NOVEMBER 15

19 This night was more comfortable, altho' rather spoiled by finding no breakfast car, on awakening.

19 We did scrape up some breakfast tho'. Then waited impatiently until we checked Miami at noon.

19 Found very attractive apt. waiting us and after we ate, we unpacked and got ourselves settled. It

19 seems awfully hot & I'm dead tired. Met many of Mother's & Daddy's friends but saw no one, male or

19 female, of my own age. We take our meals at a nice little restaurant & at home our beds fold up in day. New life!!

NOVEMBER 16

\*

19 Awoke with the curse, whereupon I did curse. Stayed in bed & slept until one o'clock at

19 which time I ate a sandwich! Then I read until five. I have been reading trashy stories

19 until my whole brain is in a whirl and I wonder if there are nice innocent people as I

19 used to think there were. Even Phil warned me against these story-book kinds. But I know

19 there are the others if I look for them. x x x got dressed & went out for dinner & sat on our balcony <sup>wrote to Nell</sup> later.

NOVEMBER 17

19 This morning we went to the cafeteria for breakfast. It is one of Maggie's mornings - raining. Then I read &

19 read cheap magazines - uplifting stories. In the afternoon I went down town with Mother, but we both got terribly cross, so we came home & sweetened ourselves with candy! Then I began to

19 write letters - and after supper came the big time for I wrote & wrote until I had a pile of eight -

19 almost compared with the old school Sundays. Nowhere I felt much better after those hours in many different places.

NOVEMBER 18

19 A bright, beautiful day. Mother & I went to breakfast and walked out to the post office. Then we came home &

19 cleaned our rooms before going out again in search of sugar. I no sugar in town!

On the afternoon we went to a horrid Chinese eating place - we wrote again. Later I started in to work on an imaginary girl &

19 parrot. I finished it before dark and it is really quite good. Maybe I'll send it to a magazine!

19 After dinner - at Mrs. Kipke's little place - Mother & I played five hundred. I beat her in a very close game.

NOVEMBER 19

19 The cook came! Lero, a black girl. Breakfast was rather confused as Mother upset the rickety little table. All

19 morning I showed her the maid-  
has to clean this & that and  
talked to her - very much  
to my entertainment. In the

19 afternoon I played octavo  
- I'm getting to be a hand for it -  
until Mother & I went out  
for a nice long walk along

19 the bay. After supper at  
home - Dad & I went for  
some bread and didn't  
come home - that is we

19 left at two o'clock to  
see Bert Lyell in "Lombardi,  
Ltd." It was rickety but good.  
The funny one "Oh, Nurse" was funny

NOVEMBER 20

19 Not having any house-  
work to do, I sat right  
down to paint a picture -  
of a little girl, holding Dillies!

19 It is quite cunning, and  
in thinking of sending this one  
& the girl & the parrot to some  
magazine-covers publisher. In

19 the afternoon I read a  
magazine until Mother  
wanted to take a walk. We  
went far out into the co-

19 stidential part - some of  
the homes are really lovely.  
It was quite a long walk  
& we both got tired. In

19 the evening, however, we  
felt well enough to go to  
see Nazimova in "The Brat."  
It is a perfectly splendid movie.

NOVEMBER 21

19 Mr. + Mrs. Leonard took  
Mother + me for a perfectly  
wonderful long drive over  
to the beach and along  
by the ocean. It was very  
beautiful. Boat in front  
with Mrs. O. In the  
afternoon I painted a  
19 a pink, dark-haired  
girl, looking. I do not  
think a bit good, but  
the family does - so.  
19 Later Mother + I took  
our daily walk - we  
went down to the docks  
to see four submarine  
chasers - all with service  
19 chevrons. Many sailors +  
officers in town. Played  
double canfield and more.

NOVEMBER 22

19 Dad + I went down town  
to get apples and sugar!  
got 2 lbs. by going twice  
to the same store! Then we  
19 took a bus and went out  
to Dad's farm. It has a  
lovely goose on it, but  
otherwise it is pretty poor -  
19 not like the farm up  
north. In the afternoon  
I drew a fourth picture - a  
pretty blond with a fur. Then  
19 Mother + I and later Dad  
+ I chased every where trying  
to get magazine addresses  
to which to send my pictures.  
19 It is rather foolish, but fun.  
In the evening Mr. + Mrs.  
Cleveland called - and their  
dog - all were very nice!!

NOVEMBER 23

19 Mother & I went to church. It is a very agreeable church - sermon on moral subject of "right of the world." Lots of sailors in church. In the afternoon we hired a Jimmy and went out to Cocobunt.

19 I went to see the fuckers - mess. They are friends of M. & D.'s, but not so attractive as some others.

19 They have a darling coupe. Took the two back, on which was the best-looking, sunburned young street fellow. After

19 supper I wrote letters to M. Doug Stam etc and played solitaire. I met Mr. Eaton this morning - very nice.

NOVEMBER 24

19 Tied up all my pictures and sent them & their letters off to the various publishers. I certainly did wish them goodspeed! Poor dear innocent sketches what will become of them? Did some crochets with Mother.

19 In the afternoon I read "Vanity Fair" which I got out of the library. Later I took a walk with Mother &

19 I went in to see Mrs. Gardner. On the way home we met Mrs. Marrow who invited me to go to the movies. But he never came for me! So D. & I took me to see Olive Thomas in "Upstairs & Down" Mrs. M. came in late!! Bought me soda & candy!!

NOVEMBER 25

19 Went out with Dad to  
get a drop for me. We  
walked miles - away to  
the other end of town and  
19 at last found what  
we wanted. In the  
afternoon I read Vanity  
Fair and painted a sketch  
of the Ft. Dallas gate from  
our balcony - it makes  
an attractive picture. Later  
Dad & I again walked  
19 miles, this time in search  
of a motor boat. We found  
some that Dad liked but  
I did not! In the evening  
19 Dad & Mother went  
out & left me alone to  
read and listen to the  
music across the way.

NOVEMBER 26

19 I read and was lazy until  
time to give Lero, the maid,  
a lesson - she cannot  
read nor write. We got  
along beautifully. In the  
19 afternoon I went down town on  
an errand and settled down  
to read. Later Mr. Morrow  
called up & asked us to tea.  
Just before he came for us  
Mrs. Wheeler dropped in, so  
she went along, too. We have  
a 19 darling little lamp boat, de-  
lightfully furnished. After sup-  
per he called up again! And  
a little later he brought Joe  
& 19 Eleanor Riley in to meet me  
and we went for a long drive,  
picking up Bob Raiment  
a friend of theirs. Stopped at boat. <sup>Every one</sup> very nice.

NOVEMBER 27

19

Thanksgiving Day.  
Mother & I went to  
church, at which I  
was notified and taught  
also - too hot, I guess.

19

Oh, Dad went along &  
must not slander him  
thoroughly! And afterwards  
instead of going to the  
beach, we went to the  
coolest spot - our little  
balcony. I read until

19

about three when we  
went to Mrs. Swift's  
for a really very good  
turkey dinner - all the rest

19

like the home dinner  
we used to enjoy.  
Stayed comfortably at  
home the rest of the day.

NOVEMBER 28

19

Being exceedingly lazy  
I stayed home all morning  
and read and later  
taught Mrs. Swift's lesson.

19

She gets along very  
well and I'm joy it too.  
In the afternoon I read  
until Mother was

19

ready to go out for our  
walk - On which, today  
we met Mr. & Mrs. Eaton  
who took us out to

19

the house they are  
building. It is very  
attractive and so are  
its future occupants.

19

In the evening Dad,  
Mother & I played room  
and the D. was way  
ahead at first - I won!

NOVEMBER 29

19 I went down town  
with Mother and got  
some ribbon to make  
a hat. Hurried home to  
19 give her lesson. In  
the afternoon I worked  
and worked on the hat -  
it is lots of little ribbons  
19 sewed together. Mother  
made me stop long  
enough, tho, to go down  
town again with her  
19 and after that the hat  
just wouldn't go right -  
case of interrupted genius.  
After our pick up supper  
19 Mother & I played cards  
and sewed as usual!  
I am still hoping the Reilly  
girl will call me up.

NOVEMBER 30

19 Dressed quickly to go  
over to the Beach with  
Mrs. Eaton - Dad & Mr. E.  
went too. And we spent  
19 swimming. Glorious  
Day! it was marvelous  
the ocean so purple &  
blue. I could have stayed  
19 all day. The Eatons  
came for dinner, which  
Mrs. served very well. I  
love Mrs. Eaton - she is  
19 simply precious. After  
that, left me out on the  
balcony - deliciously cool.  
Dad & I went to church  
19 but I did not feel so  
inclined!!! so I stayed  
home alone & finished  
Vanity Fair. Good book.

MEMORANDA

19

19

19

19

19

DECEMBER 1

19

Left beautifully long  
and got first refusal  
of my sketches - the from the  
Metropolitan. Then I gave

19

two lessons. In  
the afternoon I worked  
on my hat and fini-  
shed it - I do not

19

think it a tremendous  
success but Mother likes  
it. Then I played solitaire  
until Mother was ready

19

to go out - as usual I  
bought some plants and  
watched a biplane  
on the water. After supper

19

I read "Soldiers of Fortune" which  
I got out of the library and later  
saw Tom Moore in "Lord's Lady  
Algy" at the music with D. & M.

DECEMBER 2

19 Taught Iro and received  
some more of my pictures  
and finished my little  
hat. Of course I had to  
19 sew it on an irons,  
but I saw no one there!  
Read the rest of the morning.  
And later I dressed up  
quite sprightly and called  
on E. Keiley. I had a  
terrible time with the bells  
as one wouldn't ring & the  
other ring too loud. And  
then - she was not at home.  
So I came home & wrote  
to Nell until mother was  
19 ready to go for a little  
walk. After supper the  
diamonds - in the same apt.  
came down to call on us.

DECEMBER 3

19 I gave Iro her lesson early  
before going to drive with  
the family and the diamonds.  
It was a lovely drive but I  
19 sat the closed cars. We  
stopped at the Butters where  
I met Elizabeth Phillips, their  
niece. She seems very nice.  
19 In the afternoon I read  
"Soldiers of Fortune" to the  
end. It rains & shines alter-  
nately today. I have gotten  
19 back three pictures now &  
only one more to hear from!  
After supper we went  
to the library to see an  
19 evening Lupin (see Aug. 20) story  
called "The Death of the Tiger".  
It was very thrilling, a  
regular good old detective story.

DECEMBER 4

19 Gave Mrs her lesson  
and then met Mother &  
went home shopping.  
It seems perfectly si-  
19 diculous to do any thing  
of the sort - more like  
buying firewood! How-  
ever we did manage to  
19 purchase a few little  
things for the girls at home.  
I want to buy a rug for  
hall, only I wish I could  
19 see her joy when she gets it.  
I played Solitaire in the intervals  
of my shopping excursions  
and played it after  
19 supper with Mother.  
Dad loves it quite  
good at the game and  
it is good for our versatility.

DECEMBER 5

19 Started to prepare my  
handkerchiefs for hem-  
stitching. Gave Mrs her  
lesson. Found that I can  
19 really hemstitch neatly.  
In the afternoon visited  
Dad's sewing society.  
Mrs. Morroff called me  
19 up & asked me to go for  
a ride. So I did so &  
I went. We had fruit punch  
at Mura Dale - stopped at the  
19 deflator farm - looked in a  
charming place with a swim-  
ming pool in the center - went to  
the Golden Orange (very attract-  
ive) for a sandwich and  
19 finished up with another  
little drink - more or less. I  
went to bed early with a pain.

DECEMBER 6

19 Slept until almost eleven  
going, I'm never happier than  
when I'm in bed - just dozing  
and dreaming dreams. When  
19 I finally was dressed I  
gave Pers a review on the  
book we just finished. She  
is doing very well. In  
19 the afternoon I hemstitched  
and hemstitched - I love  
it and it begins to go quite  
fast. Finished one tankie  
19 for Uncle Fred and started  
another. Miss Macpie, a  
very attractive friend of Mother's  
stopt in to see us (see May 13)  
19 and almost stayed to  
supper! - we have only rolls &  
jelly!! It was a wonderful  
night but Mr & I played cards!!

DECEMBER 7

19 Mother & I got up at "day-  
break" and went to early  
communion. Then I answered  
some "business" letters etc  
19 until Mrs. Eaton took us  
over to the beach in her car.  
Then Mr & Mrs. Cleveland went  
swimming. Oh, the ocean  
19 was great! I met an awful  
lot of people at the beach -  
older people, but very nice,  
then we went to the Cleverlands  
19 for a very good dinner. They  
have a lovely home and  
we stayed there all afternoon.  
They brought us home and  
19 took us for a nice little  
ride in doing it. Mother &  
Fred went to church again,  
but I read a cheap magazine!

DECEMBER 8

19 I was giving Les her  
lesson (beginning a new  
book) when Elizabeth Phosier  
came in to see me & invited  
me to a church picnic!! We  
went down town together &  
she stayed for dinner, which  
by the way, was not good!

19 In the afternoon I took  
her to the movies to see  
fish in "Swimming the Tables".  
It was not very good either.

19 Then she went home & I  
went to bed in peace. In the  
evening at about 8:30 Mr.  
Mrs. <sup>Caroline</sup> Leck & Mrs. <sup>Wanda</sup> Pullins  
took me first to the movies, but  
we didn't stay - we went for a  
wonderful ride along the ocean  
in the moonlight until about 12.

DECEMBER 9

19 got a very "hellish" letter,  
in which Nell told me not a  
few startling things - found  
in her father's office. Gave Les a  
lesson and started a pair  
of socks for Dad - Les  
tripping I finish them for Mamma!

19 In the afternoon I sewed &  
went shopping with Mother.  
Helen Allen called just as we  
returned. I do not love her.

19 Then I got ready for the  
graded Protestant Sunday  
School picnic to which E. Phosier  
invited me - why? - I'll never  
know. We went to the beach  
and it might have been  
worse had not a funny little  
Mr. Mc Donald taken us in charge.  
He was surprisingly well read!

DECEMBER 10

19 Gave Lero a long lesson and went to the fair for a bumper - now my hair simply floats away. And I

19 priced paint. In the afternoon I bought some paint and found it not what I wanted as

19 Mother & I went down again to get it exchanged. Then I tried to paint the baskets, but still it

19 would not go right as I - slept. In the evening I got more baskets ready for hemstitching and then

19 Mother & I played whist & rum and she won all around. It was my unlucky day and I was glad to go to bed.

DECEMBER 11

19 Gave Lero her lesson before going shopping with Mother. Went Mr. Morrow down town. Bought a ring

19. Well, ~~to~~ I can see her eyes when she opens it. Mrs. Brown came in with Dad for a drink. In the

19 afternoon I painted some more baskets with little more success than before. I think I am missing them.

19 Went down town later to look for present for Mother - in vain. Met Mr. Mc Donald & spoke to him.

19 Dad saw E. Phoenix, selling Red Cross stamps. After supper Dad & Mother & I played rum - d. beat.

DECEMBER 12

19 I went down town with  
Dad - was only going a  
little way with him but  
ended by going everywhere  
it seemed. Bought a little  
can of paint, myself. Oh, yes,  
while I was buying some  
new cards, the woman next  
to me fainted from the heat!  
Fainting with heat while you  
shopping!!! New to me!

In the afternoon I painted  
more baskets and was  
really quite successful this  
time. Miss Vassie called.

This morning Mr. De Weese  
dropt in & I met him for the  
first time. He is very jolly.  
After supper I wrote a long  
letter to Nell & played with

DECEMBER 13

19 Gave Lero her lesson and  
afterward as soon as Mother  
left I washed out in sand  
of a basket for her, but in  
vain - and I met her, too.  
So I came home & knitted.  
In the afternoon I went  
down town again and this  
time returned with an  
armful of baskets. I think  
I saw E. Reilly with a  
couple of soldiers but I'm not  
sure. Anyway, I wish I could  
pay some attention to me.  
Later Mother & I called on  
Mrs. De Weese who is in-  
tively different from what  
I imagined! It is really  
quite a shock!! I knitted  
all evening, finishing a basket

DECEMBER 14

19 Mother & I got up early  
to go to church but it rained  
terribly so we crawled  
back into bed. And later

19 when it was church time  
again it was too hot to  
start. So I addressed New  
cards and wrote to Kate.

19 In the afternoon I painted  
while Ted slept and  
painted the last of the  
pockets during his waking

19 hours. I painted a beauty  
for Mother but am having  
the dickens of a time keeping  
her from borrowing it. He

19 went to Seybolds for our  
supper of ice-cream & cake.  
Then Mother & I went to church  
but I couldn't understand the minister.

DECEMBER 15

19 Mrs thought it would be  
nice if we ordered the meal  
without Mother - and we  
did, but I was rather

19 tremulous! I gave her  
a lesson & beamed &  
saved. In the afternoon I  
started a picture for Fred

19 but the de Weeses came in  
and Mrs. de W. wanted it  
first in a way I considered  
awful! so I kept it!

19 Later I got dressed to go  
to dinner with Mr. Morrow  
at his houseboat. Miss Cyles  
(very nice) & Miss Kenne (older)

19 and Mr. Rann (very nice) &  
Mrs. Wright (Mr. M's partner)  
were there & read it very  
agreeable. We rustled & danced.

\*

DECEMBER 16

19 I'm in a decidedly bad  
humor. And I sat at home  
all morning sewing hankies.  
I gave Tess her lesson and  
19 a scolding, too, for she does  
not want to work hard.  
Last year when I felt the  
same, I never dreamed I'd be  
the one to scold! In the  
afternoon I went shopping  
with Mother & then visited  
Mother! - but I don't know  
19 what to buy for her. Came  
home in a hurry with cramps.  
After supper I managed to  
drag Dad to the movies.  
19 & see Claire Hammett in  
"The County Cousin". It was  
splendid & she appeared in  
person! she is quite adorable.

DECEMBER 17

19 Slept long & had break-  
fast in bed!! They dressed  
all spiffily, gave Tess  
her lesson and waited  
19 and waited for E. Phoenix.  
At last she & her aunt  
came for me & drove me out  
to their house for luncheon.  
19 It was very nice to go to  
a homey place. Mrs.  
Butler was kind enough to  
embroider three of my hankies.  
19 she took us for a nice  
auto ride, too. I finished the  
last hankie when I got home.  
After supper we tied up  
19 & tied up Papa's packages.  
I did not realize I was doing  
so many! There are little  
things, but I hope they'll be

DECEMBER 18

19 Mother & I tramped off to the Post office with our arms crammed with bundles they we bought ties for Fred

19 Phil - funny selections! I came home soon to give Lers his lesson. A friend of Dad's Mr. Flagg's came

19 to dinner. In the afternoon I tied up the rest of the packages - including the basket for "Skinny" - which I did for

19 Mother! Then Dad took them to the P. O. - but first we ordered two live alligators for John!!

The de Weeses dropped in -

19 while Dad was again painting - and after supper they stayed for us to go to the movies to see "song" in "His Majesty, the American."

DECEMBER 19

19 Helped Mother to select a tie for Beau and came right home to teach Lers - passed Mr. & Keiley in the street.

As soon as Lers finished, I started a picture for Phil of a "pretty young thing". It really turned out very

19 well, too! Sent it off with Fred's. In the afternoon we learned that Dad had sold his farm!! "Rejoice!!"

Then Mrs. Eaton took Mother + me + Mrs de Weese for a very nice drive. I read the "gentleman from Indiana"

19 until we all went down in the lobby, where Aunt Sodes of people and where Jean's his bride (his janitor) were given 84!

DECEMBER 20

19 got a fine mail with letters from M. Dyig, Steb + Ollie. I gave Leo her lesson and knitted. In the afternoon I read + knitted and was mending clothes when Mr. de Wesse dropped in so I entertained (?) him. Later, the man in an apartment on our floor died. It is too sad. And still later I dressed in one of my new party dresses and went to the Turkey Hotel with Mrs. Mooren for dinner. Mr. Wright, Mrs. Mitchell, Joe Reilly, Miss Eyles and some others were in our party, which was very pleasant. They had cocktails but not I. And afterwards we danced - and as did I - but I do not think I <sup>can be</sup> <sup>much</sup> <sup>interested</sup>.

DECEMBER 21

19 got up comparatively early and looked around with the papers etc. until time for Dad + me to board a bus and go over to the beach. Miss Olin was on the bus too - a fellow sufferer. We had a wonderful swim - water cold, but great. The Clevelanders brought us home. The de Wesses came to dinner - Leo cooked it fairly well - and we had a pleasant afternoon with them. Mr. de W. is awfully funny + jovial, but rather thick, so, too. 19 We, Mr. + D. + I, went to church later and stopped for ice cream on the way home. But Gen's parents + his wife.

DECEMBER 22

19 Got a sad little note from  
Edith, saying her father had  
died. I was very very sorry  
to hear it and wrote to  
her immediately. Gave Leo  
his lesson and went out  
"pricing" a present for Mother.  
In the afternoon I read &  
19 hunted. Mr. de W. draft  
in and later the Simbals;  
they are all very nice but  
oh, so deaf! Then Mr. Morrow  
came for me, quite unexpected-  
ly, with Mr. Jack Jewell to go  
to tea. The latter is home from  
college for Xmas & is very nice.  
19 Mr. M. certainly is a scream.  
I could not eat any supper  
but started in & read "The  
Gentleman from Indiana" all eve.

DECEMBER 23

19 gave Leo his lesson and  
finished my book. Jack  
Jewell called me up, inviting  
me to a dance next week. Went  
19 down town with Mother.  
In the afternoon I went  
shopping with Mother  
& Mrs. de Vries and after-  
19 ward with Dad & I  
am grand in demand with  
each parent separately. Met  
Mr. Barton in a store  
19 & he asked me to go to  
the movies that night.  
So after supper he & his  
friend Mr. Kelly took me  
19 & Miss Rykman - very  
attractive - to see G. Farrar  
in "The World is Woman".  
So came afterward, of course.

DECEMBER 24

19 Our car has come but I have not seen much of it as far! Went shopping on foot putting finishing touches. 19 Mother's present. Had to buy & add some studs at Jewels with my friend Jack to wait upon me. In the afternoon I read earnestly at a pay book from the library - "League of the Scarlet Pimpernel" - it is splendid. I am discouraged about Leo's loss - she does not come. Late. I dressed to go to the Eaton's for a very good dinner. We were the only guests & spent a delightful evening. We hurried back to the apt - late for the tree etc. here - got presents - and then went to the midnight service.

DECEMBER 25

Merry, merry Christmas! We had a little tree with sodas of presents around it. Spent them with the usual tense excitement. Later we got the de Wesses in our car & slept at the Eaton's & then crossed over to the Beach where we had a "luncheon" of a turkey dinner. Mrs. Eaton & I went in evening - it was cold, but the water great! I couldn't swim that time present from the ocean. Later we went to the de Wesses to a big, good dinner. A gay crowd, twelve in all. Spent with the Brackett - very, warm & do not like especially. Oh, yes, we called at Mrs. Morrow's boat, too.

DECEMBER 26

19 I thought I'd never get up,  
but the arrival of some  
ma boxes wakened me all  
right! The mails are so  
bad down here that ma  
presents are still arriving.  
I admired mine for some  
time & then read. Went

19 out to the post office to  
get a registered package  
from John. In the afternoon  
I read & read & ate candy  
& nuts - when I finished my  
book I took it back to  
the library & started "Oh, May  
be Careful" After supper

19 Dad & Mother & I went to  
see W. Reid in "Hawthorne  
of the U.S.A." It was very  
good - he is so good looking.

DECEMBER 27

19 I wrote many Christmas  
"thank-you" letters and  
finished "Oh, May be Careful."  
In the afternoon I wrote  
more letters and then  
went to go calling with  
Mother. We went in the  
car - I, driving. Poor Mother  
got scared (as did I, once!)  
The only ones we found at  
home were the Butters.

After supper I was busy  
playing solitaire when Joe  
Reilly called up and said  
they were coming to take me to  
the beach. Eleanor & Lucie Crow-  
line & lots of others went with  
us. Every one was there & I  
danced & danced & met so many  
whom I forget! <sup>with Joe</sup> <sup>his</sup> <sup>brother</sup> <sup>brother</sup>

DECEMBER 28

19 Got up late and fooled around until Dad & I went out for the de Weeses and took them over to the beach.

19 went in swimming and had a wonderful time. Then I came home with Mr. Cleveland - Mrs. C. with Dad, for those two came

19 here for a very good dinner. We all sat on the balcony in the afternoon gossiping. Mr. & Mrs. de W. I dropt is

19 later "to be taken home." I read until church time and afterward my book is "Adam Bede" and not fearfully thrilling as I

19 after find myself thinking what a silly "out-for-a-good-time" place this is. I long for some one with something to him.

DECEMBER 29

19 gave Leo my lessons and wrote a few more thank-you notes. They are all written now - "thanks - you."

19 In the afternoon I read & trimmed a hat and tried on some old dresses & be remodelled, and then

19 dressed in my hat, gloves, coat, & all to go to tea at the Highmans! And drops the first tier - a very informal affair

19 without, with only Helen Allen (sister) and Mr. Barton (sister) and me (sister!) for guests.

We met Miss Highman's friends, Betty Jones & Jo Hartford, very attractive school girls! Cook & Helen. Home in my bus. Dad & I stayed all evening.

DECEMBER 30

19 gave her lesson and  
got a sudden fit for mending  
and soon had my things in  
shape once more. In the  
19 afternoon I drove Walter  
around in the car, ending up  
at Mrs. Eaton's where I  
borrowed some books. She  
19 is a darling. Then I dressed &  
went to Mrs. Wheeler's tea at  
the Orange Tea room. It was very  
nice - E. Reilly & Miss Lloyd were  
19 there and I took Miss Lloyd  
home in my car. After supper,  
St. Brannan & Val Reilly came  
for me and with Eleanor &  
19 Evelyn Van Anden & Hawthorne  
& Eaton, we went over to  
Hardy's beach for the dancing.  
Music not good, but fun. Pecton later.

DECEMBER 31

19 Slept quite late, with  
breakfast in bed. Went out  
alone for Mrs. de Weese in  
the car & took her on several  
19 errands. We went over to the beach  
where Mr. de W. & I went in for a  
cold swim. Then Mrs. de W. had  
a huge big luncheon for me.  
19 Went to everyone's New Year's  
party then - including St. Brannan.  
By & by I took the de W's home  
and I Major Fisher, too - had to  
19 go thru traffic - no gods!  
Then I rested a bit until  
time to dress to go with Jack  
Lewell & the new Mr. Ellinger  
19 opening. We had a very pleasant  
dinner there - with Mr. Morrison,  
Mr. Wright, Miss Whitney & some  
Midwesterns. We danced afterward.  
see memo.

## MEMORANDA

- 19 The dancing at the McAllister  
 was fun and I was beginning  
 to think Jack swell awfully  
 nice - He is good-looking, a  
 19 good dancer and terribly funny.  
 But, soon after twelve we  
 went over to Walter Morrow's  
 boat - a big bunch of us - Joe  
 19 Kelly, Miss Lloyd and all.  
 They - not I - had stuff to  
 drink and Jack got drunk!  
 I was thoroughly disgusted but  
 19 the others didn't seem to mind at  
 all + gave him more! And by the  
 way when we ran into a ford  
 and splashed everything except  
 19 ourselves. I thought my hair  
 had come - but we drove right  
 on!! P.S. - this morning I went  
 swimming with Jack & he's not so bad

Jan 1, 1920!

MEMORANDA

19

Good bye, dear diary. It seems to me I write that very often and I hate to leave a diary and start a new one. You, of 1919, have served me well and know a great many secrets - guard them well dearest.

19

You have witnessed how I kept my New Year resolutions - Bah! - I have gone for 1920. And you have seen both me in my disappointments in the school hours. You got me safely thru my graduation and thru my coming out into

19

society - tho I can't say I like the life. But above all, you felt with me the rise & fall of my "cousinly love". Good bye, good bye
